FIRE IN A HOLE IN THE WALL. Attempt at Arson in an East-Side Harlem Flat.

All the Tenants Were Gotten Out Safely—The Fires.

A fire, plainly of incendiary origin, occurred at 2 o'clock this morning at 345 East Sixty-second street. The house is a three-story flat, occupied as follows: First floor, Charles Bismarck, second floor, Jacob Baran, third floor, John Pfeiffer. The fire was in the rear basement, which is used by the tenants as a washroom.

Some one had knocked a hole in a partition wall, poured in a quantity of alcohol and fired it. When the flames were discovered they were burning fiercely between the walls, the wooden joists and beams being all ablaze. But for the prompt discovery of the blaze by a policeman it might have proved a very serious affair.

Patrolman Brodsky, of the East Sixty-seventh street station, saw the smoke coming from the basement. He aroused the tenants and then made an investigation. The other found the fire burning in the hole in the wall and put it out with a few pails of water.

The search for evidence the policeman found in the rear basement an empty bottle which smelled strongly of alcohol. In front of the basement door in the street were found an old pipe, several matches and a package of tobacco. Whether they were dropped by the incendiary is not known.

It is stated that some one who went into the basement to sleep started the fire. A strange thing about it is that the door leading to the basement from the street was locked.

Fire did \$200 damage in William Berger's liquor store, at 1810 Third avenue. There were about eight fires at 8th Columbus avenue, at 2232 Seventh avenue, at 10th St. and at 11th St. The loss is \$10,000.

Another Rhode Island pauper has turned up in the Harlem. He is a four-man who came down in the steamer boat on Saturday night, and gave his name as John Walsh. The police of that city were notified when he was applied for release, just as Hefner had done the night before, having turned him over to the Commissioners of Charities and Correction.

Walsh was arraigned before Justice Vorhies in the Harlem court this morning, and was charged with vagrancy. The officer who arraigned him said that Walsh had asked of West. One of the officers of the police station-house last night for a lodging, and that from his statements the police were satisfied that he was a pauper.

CAPT. JENNIE HAS ELOPED. She Left Her Husband Only a Chair and a Table.

Once Before She Furnished Elizabeth a Big Sensation.

ELIZABETH N. J. Dec. 12.—Mrs. Anthony Berger, of 210 Division street, city, formerly Capt. Jennie Wilson, of Salvation Army fame, is believed to have eloped with Frank Shafter, a boarder in her husband's house. Shafter is a good-looking fellow, and worked for the Central Railroad Company depressing Division street under the railroad tracks.

When Berger came home last night he found his wife and the boarder missing. Mrs. Berger had packed up everything in the house, and hiring an expressman, had him take the goods away. She left nothing to her deserted husband but a chair and table.

Berger is a machanic in the employ of the Singer Company. It is said his wife and her alleged paramour are now in Philadelphia. Capt. Jennie Wilson created quite a sensation here about eight years ago. She was at the head of a detachment of the Salvation Army, and she was quite a big party and very popular here.

She had a husband living in Hellgate Falls, N. Y. Finally Henry H. Moore, a prominent photographer, proposed marriage to her, and she accepted. The couple had only lived together a short time, when Mrs. Berger was arrested and held for bigamy. She had a husband living in Hellgate Falls, N. Y.

"DIAMOND-BACK" POLITICS. Ticket to Be Voted For at To-Day's Republican Primary.

Ex-Candidate Lightbourn's Slate Broken by Mr. Bellamy.

The Silk stocking Republicans of the "Diamond Back" Twenty-first district, are probably not aware how nearly they are rivaled in the race for gilt-edged supremacy by the Republican reformers of the new Twenty-third district. Luckily for the "Diamond Backs," Mr. W. H. Bellamy, the Secretary of the County Executive committee, was on hand to defeat the bold scheme to appropriate their laurels, and, mayhap, more fortunate for them that the reorganization movement died in extreme infancy.

White A. Lightbourn, late candidate for Assembly in the Twenty-third, was the prime mover in the scheme for reorganization. He thought there was something radically wrong with the machine when he was defeated in what was considered a strong Republican district. He spoke out at once, meeting Senator Berger in a machanic in the employ of the Singer Company.

IT WAS PROVEN. That the Doctor with a weakness for "challenges" and "interviews" (1) printed a challenge and then evaded its acceptance by proposing an indefinite delay. (2) Printed "interviews" that were bogus in that they were paid advertisements and not written for or induced by the papers, as he tried to make it appear. (3) Admitted himself to be a physician at once, i. e., New York, Philadelphia, Baltimore and Chicago. (4) Had men and boys who were not doctors, treating patients in his office, and pretending to be physicians. (5) Printed bogus testimonials, as, for instance, that of a man whose picture and interview he had printed claiming to have cured him. The man said he would practice a short time after and got judgment.

It is an old-fashion notion that medicine has to taste bad to do any good. Scott's Emulsion is cod-liver oil with its fish-fat taste lost—nothing is lost but the taste. This is more than a matter of comfort. Agreeable taste is always a help to digestion. A sickening taste is always a hindrance. There is only harm in taking cod-liver oil unless you digest it. Avoid the taste.
