

AMONG THE PLAYER FOLK.

Patti to Erodue & New Yorker's Opera in Boston.

Mr. and Mrs. McKee Rankin to Rejoice Fortunes in "Alabama."

Although the weather is a much ridiculed topic, it is a serious one to the managers of the roof gardens. The "sizzard," which means distress to the rest of mankind, is to them a source of happiness and profit.

Now that it has definitely been decided that Hammerstein's Manhattan Opera-house is to be converted into a music hall, the demand for this class of performers is not surprising.

There will be one less star in the firmament next season for Richard Golden, who has been given the starring part of "Old Jed Prouty" for three or four years.

Charles Alfred Byrne has written an opera which has been accepted by the diva Adeline Patti. This is vouchered for by a gentleman in no wise connected with the opera.

Another surprise is the announcement that Mr. and Mrs. McKee Rankin, joining fortunes anew, have purchased the British rights to "Alabama," which they will take to the mainland season after next.

John Kernell has changed his mind and now it is authoritatively announced to an eager public that he will again go out with "The Huestler."

"A Trin to Mrs.," the little spectacular play with which the Lilliputians will open Niblo's Garden at the end of August, is to have a very entirely new set of scenery, more than a dozen and dazzling and brilliant costumes and a large and elaborate cast of characters, which will surely produce a veritable sensation.

Manager W. H. Chisholm has engaged for his production of "The Huestler" in the new "Town" will be Mandeville, Tim Cronin, C. Jay Williams, Robert J. Ward, Jack Horton, C. E. Kelly, and a host of other stars.

It was a lonely morning in May and Mrs. John Langdon and her husband's brother were taking a stroll. The brother, Mr. Harold Langdon, was a newly acquired possession in Lonsdale. He had recently arrived from some foreign country, where he had been staying fifteen years. Famous and well known, he was fabulously wealthy.

TWO FIREMEN OVERCOME.

Nearly Suffocated by Gas While at Work in a Cellar.

Fire broke out at 1:30 o'clock this morning in the cellar under Leopold Friedberger's drug store at 1154 Second Avenue. The house is a four-story building. Three families live in the drug store.

Policeman Taylor, of the East Sixty-seventh street station, was patrolling his post when he saw smoke coming from the cellar. Druggist Friedberger stepped in the back part of the store.

It was estimated that the carbon dioxide gas had filled the cellar to a depth of about six feet. The gas was so dense that it was almost impossible to breathe.

The drug store after being searched by the firemen, was found to be empty. The only person who was seen was a man who was working in the cellar.

While working in the cellar, firemen found a broken pipe. They were unable to find the cause of the leak. The gas was so dense that it was almost impossible to breathe.

The fire caused about \$1,000 damage to the drug store's stock and \$500 to the building. The fire was extinguished by the firemen.

The room was darkened, and the fact saved Timms' life. A man called "Butch" one of the intruders, fell dead, shot by his own companion, George Dorkin.

Timms was taken to a hospital. The other three desperados are being held by the police. The attack was a desperate one.
