

WALL STREET'S DULL TIMES.

Speculation Confined Mostly to Room Traders.

Another Million in Loan Certificates Cancelled.

The dullness at the Stock exchange this morning was even more oppressive than on yesterday.

At the opening Louisville & Nashville dropped a point to 64.34, in sympathy with a break in the stock in London overnight.

It is thought the London market was "rigged" from this side.

The general list improved 1-8 to 5-8, despite the drop in Louisville, later, however, the market was in decline.

St. Paul fell off from 61.18 to 61.12. Burlington from 84 to 83.84.

Chicago Gas from 58.12 to 57.84, and General Electric from 47.18 to 47.12.

The steamship Ems, which arrived from Europe, brought \$4,000 in gold coin.

At Belmont, J. Horace Harding, Clayton Ives, Donald Mackay and Winthrop Smith have issued a circular to the stockholders of the Northern Pacific Railroad Company asking for proxies for the coming election.

Wedge himself to secure directors who will work for the company alone and who will cancel iniquitous leases.

Fifty-six roads belonging to the Central Traffic Association have given official notice to the Southwestern Association that they will not cooperate with Southern roads after Oct. 15.

Stocks were firmer this afternoon. The traders were unable to force out any considerable amount of long stock, so they deemed it prudent to cover up. This caused a marked dullness and the speculation was entirely dull and the "tickers" were silent for minutes at a time.

Louisville & Nashville continues scarce, and commands 1-8 a 1-4 premium for use. Northern Pacific preferred is at 1-1/2, and other stocks flat to 2 per cent. for carrying.

The Sub-Treasury had a debit balance at the Clearing-House this morning of \$1,175,307, which was liquidated as follows: \$1,170,000 in coin and \$5,307 in United States notes.

The Clearing-House Loan Committee this morning cancelled \$100,000 certificates. The amount outstanding is now \$22,850,000.

Money lent at 3 1/4 per cent. on call, and was easy at these figures.

The following amount was received on Boston: "The General Electric Company at Lynn has been attached for \$20,000, on account of a contract by Maccarta Company of Boston."

Vice-President Herrick says the attachment has been released from the filing of a bond by the company.

A SHOCK FROM THE TROLLEY.

The Deadly Current Causes a Run-away in Hicks Street.

While Thomas Tyler, of 91 Carlton avenue, and Dennis McArthur, of 28 North Portland avenue, were driving along Hicks street, Brooklyn, this morning, the horse received a shock from a trolley wire and ran away.

Both men were thrown out and seriously injured. They were taken to the City Hospital.

A fatal accident occurred on the trolley line caused by the horse stepping on a parted trolley wire, which had fallen across the trolley wire. The horse had stepped on the wire until the horse had stepped on the wire.

SENATOR MILLS FOR REPEAL.

The Texas Statesman's Speech Today Will Attract Attention.

Not Yet Certain When the New Tariff Bill Will Be Drawn.

WASHINGTON, Sept. 19.—Mr. R. Q. Mills, of Texas, who is expected to address the Senate to-day, is certain to command attention for several reasons.

In the first place his position is peculiar, in that, coming from a State where the President has been burned in effigy because of his views upon the subject of slavery, he will take his place on the Administration platform and argue for unconditional repeal.

In the second place, Mr. Mills is an extremely earnest and energetic speaker, and does not read his speeches, and therefore is able to avoid monotony by proper emphasis.

There is some expectation that Mr. Voorhees will this afternoon take another step looking to a curtailment of the apparently endless discussion, perhaps in the direction of lengthening the hours of the daily sessions of the Senate.

No change in this respect is likely to take place to-day, however, as the joint resolution, which has been introduced and called for 8 o'clock to-night, will require the attendance of the Republican Senators.

The majority members of the Ways and Means Committee have not yet decided upon a time for beginning the work of formulating the bill to replace the present McKinley law. Friday next will be the first regular meeting day of the Committee after the hearings have ceased.

ST. JOHN THE BAPTIST RETREAT.

Many Daughters of Aristocratic Families in Seclusion.

Nearly one hundred of the associate sisters of the Order of St. John the Baptist went into a retreat which will last for three days at the House of St. John the Baptist, 23 East Seventeenth street, this afternoon.

The retreat of special interest this year, as it is conducted by the Rev. Father Huntington, of the Order of the Holy Cross, who is a great favorite with the various sisterhoods of the Protestant Episcopal Church throughout the United States.

The retreat is conducted in the chapel of the order, and the sisters will have their cells in the school, which is attached to the institution.

During its continuance the sisters will observe absolute silence and hold no communication with the outside world. They all belong to aristocratic New York families and have invited a large number of associates of sister orders, such as the Sisterhood of St. Mary, at Peekskill, to join them in their period of seclusion.

Father Huntington will address the associates four or five times daily, and the well-attended retreat, which will meditate when they retire to their cells. They will also say daily the offices of Matins, None, Vespers and Compline, besides minor offices of the church.

Another Superior, Gertrude Verona, who is a native of this city, will be present, and will look after the associates during the period of their retirement from the world. The retreat will be held at the door of the House of St. John the Baptist, the building upon her return from an errand of mercy.

LACOLUCCI MADE NO SIGN.

The Catalytic Boy Visited by an Old Friend.

Pasquale Lacolucci, the young Italian, now at the Italian home, a second time, today, those peculiar cataplectic attacks has roused the attention of the doctors, had a visitor this morning. It was Pietro Sittimo, now of 25 South Fifth avenue, who came from Italy a year ago.

Pietro told Dr. Bettini de Mole, visiting physician of the Home, facts which have an important bearing on the case. These are that the boy's father died in Italy of alcoholism, and that an aunt of the boy died in an insane asylum.

After the father's death the boy lived with his mother, who was a very good woman. These facts, says Dr. de Mole, largely explain the attack of cataplexy, or periodic mania, believed to have come from ill-treatment of Pasquale's sister-in-law.

After Sittimo had told his story he was taken to the boy's bedside to see if there would be recognition, but the father's words, as his old friend had no effect.

Yesterday afternoon a number of well-known physicians, among them Dr. Chas. L. Dana, Dr. George W. Jacoby and Dr. J. M. Schick, called upon the boy and agreed that he is much better. They will examine him again at 3 o'clock today.

ASCHER WEINSTEIN'S WILL.

Case of the Man Lost from the Umbria Revived.

The mysterious case of Ascher Weinstein, the real estate broker, who jumped overboard from the Umbria and was drowned, on July 15 last, when the ship was nearing quarantine, was revived today in the Surrogate's Court, where his will came up for probate.

Weinstein left a widow and six children who live at 100 West 11th street. He was in comfortable circumstances, and his estate is valued at about \$100,000.

The testimony of the witnesses and others was taken this morning before Probate Judge McLaughlin, and the Surrogate will undoubtedly sign the decree. Weinstein's body was never recovered. Some think that he deliberately committed suicide, but his family and friends believe that he fell overboard accidentally. He had taken insurance on his life in the Equitable Company.

WHY DUFFY IS AN UNDERTAKER.

The Ex-Alderman Saw Money Near the Morgue, That's All.

The stout young man who stood in front of the undertaking shop of J. H. Duffy, near the foot of East Twenty-sixth street, laughed heartily when asked to-day how the story was that his shop was the morgue trade.

"We are the nearest undertakers," he said, "and that is all there is about it."

"Do we pay a percentage on work brought in?" of course we do, 25 to 40 all the shops, and we do have everybody in business. You would yourself. Ex-Alderman Duffy is a good hand, but he is not rich in a word, and he is not a politician. We don't get trade because he is an Alderman, but because he is a good man. The Morgue. This is a branch of the Brooklyn shop, and we put it here because we thought it would pay. That's all there is about it."

IT HITS THE MASSES.

Some Strong Remarks by a Well Known Man.

Evidently He Knows Well What He Is Talking About.

And We Only Trust That His Advice Will Be Followed.

The majority of people who are ailing do not call themselves exactly sick. They are run-down in vitality of blood or their nerves have become weak through chronic indigestion, liver or kidneys are out of order. They complain of being weak, nervous, tired, out of sorts, they do not sleep or eat well and wake mornings with dull head and lagging feeling.

Such reasons are not in reality sick, but they are in a fair way to become so if they neglect themselves. These feelings and symptoms show that the system is out of order and common sense should indicate that something must be done to prevent these conditions running into absolute disease.

A young man of our acquaintance, Mr. Louis Paul, of New York, Mass., speaks strongly upon this subject, and speaks also out of his own experience.

"I had been troubled greatly," he said, "with pains through the chest and back, constant constipation and difficulty in breathing. After taking Dr. Jaeger's Nervous Blood and nerve remedy for a short time I commenced to steadily improve and now I am entirely cured. My nerves are completely under control, and the pains about my heart and difficulty of breathing have entirely left me. I consider myself entirely cured by Dr. Jaeger's Nervous Blood. I recommend it highly to persons suffering from similar complaints."

We cheerfully endorse what Mr. Paul says. If you are troubled in any way, use Jaeger's Nervous Blood and nerve remedy. It is purely vegetable and harmless and it will put you in good health, give you sound sleep and make you strong and vigorous again.

Physicians prescribe and recommend it in all cases. It is the discovery of a famous physician, Dr. Greene, of 35 West 14th st., New York, who is undoubtedly the most scientific specialist in curing nervous and chronic diseases. He can be consulted in all cases without charge, personally or by letter.

During its continuance the sisters will observe absolute silence and hold no communication with the outside world. They all belong to aristocratic New York families and have invited a large number of associates of sister orders, such as the Sisterhood of St. Mary, at Peekskill, to join them in their period of seclusion.

Le Boutillier Bros 14th St.

Judge Gildersleeve, of the Superior Court, has just rendered an important decision in regard to

"JAEGER" UNDERWEAR

In favor of Le Boutillier Bros.

Sustaining them in their claims that they have now, and have had at all times, a right to make and sell Genuine "Jaeger" underwear, made upon the system prescribed by Prof. "Dr. Gustav Jaeger," and to describe it by these terms, without interference from the Dr. Jaeger's Sanitary Woolen System Company, their manufacturers or any other person.

Judge Gildersleeve says: "It is the privilege of the defendant (Le Boutillier Brothers), unmolested by plaintiff (Dr. Jaeger's S. W. S. Co.) or by any person, to manufacture and vend underwear of the same qualities and characteristics as that produced by plaintiff."

"Neither the plaintiff nor its assignors acquired any trademark rights from Dr. Jaeger. He never had any to grant."

"The signification acquired by the name 'Jaeger' is such that the name is as true in its application to the all-wool goods made upon the 'Jaeger' system sold by defendant (Le Boutillier Brothers) as to the goods sold by the plaintiff."

"From an inspection of the large numbers of exhibits of underwear put in evidence by the plaintiff and the defendant, and after carefully considering the evidence of experts as to quality, I am of the opinion that there is no substantial difference in the quality of material or in the skill of the manufacture of the respective exhibits of said underwear, when the comparison is confined to the garments that are all wool."

Judge Gildersleeve is of opinion that underwear containing part cotton should not be classed as "Jaeger" underwear.

In this trial witnesses testified that the Dr. Jaeger's S. W. S. Co. had stamped and sold as genuine "Jaeger" underwear, garments which contained dyes, and which were not made of stockinet, and therefore were not according to the system as taught by "Prof. Dr. G. Jaeger."

We sell no cotton-mixed goods as "Jaeger" underwear.

All our "Jaeger" underwear is made of stockinet, all wool, and none of our goods are made by the dealers who make the goods for the Dr. Jaeger's S. W. S. Co.

This decision completely foils the efforts of the Dr. Jaeger's S. W. S. Co. to establish an unwarrantable monopoly.

We offer complete lines of Fall and Winter weights, in our celebrated genuine

"Jaeger" Underwear

At our well-known Anti-Monopoly Prices, which have caused so much consternation to our competitors.

The full text of the decision may be seen in the Law Journal of Sept. 13.

SHOT MINNIE PAINTER TWICE.

John W. Grosse First Asked Her if She Prayed.

Minnie Painter, colored, housekeeper for Sarah Henderson, who lives at 44 West Sixty-sixth street, was this morning shot twice by John W. Grosse, twenty-eight years old, also colored.

The wounded woman was taken to Roosevelt Hospital. Her assailant was arrested by Policeman Bauer, of the West Sixty-seventh street station. He is the officer who recently killed an Italian to save a brother policeman.

Before being removed, Mrs. Painter said that Grosse came upstairs shortly after 9 o'clock, and asked her if she prayed night and morning.

Her reply, she says, was that she had no need to pray. Then, she said, Grosse produced a revolver from his pocket and fired six shots. Two of them took effect, one in the woman's lower lip and the other in her neck.

The police discovered that during the fight Grosse had been shot in the wrist. It is believed the bullet was from his own revolver.

The hospital authorities said this probably recover.

LAMONT COMES AND GOES.

Secretary of War Gives an Exhibition of Lightning Disappearance.

Secretary of War Daniel Lamont has given the politicians an imitation of the lightning disappearing act. He arrived at the Victoria Hotel last night, and five minutes after registering was out of sight. No answer was sent back by him to cards sent up to his room.

Another declared that there was politics in the visit, and still another reported that the Secretary had merely come here to take his family back to Washington. He could not be found to say which of these statements was correct.

FAIR POLICIES CANCELLED.

Surprise for Foreign Exhibitors—Japanese Weighing To-Morrow.

WORLD'S FAIR GROUND, CHICAGO, Sept. 19.—Without any warning policies aggregating hundreds of thousands of dollars on foreign exhibits at the Fair have been cancelled by Chicago insurance agencies.

The first intimation that the policyholders had that the risks were not satisfactory was when they got notices that the policies had been cancelled. With these notices came checks representing the sums that had been paid for the unexpired period.

Two Japanese exhibitors have decided to leave the Exposition and thus furnish a romantic courtship.

The two Japanese exhibitors, who were to be read to-morrow afternoon.

Criminals Plead Guilty. Henry E. Bryant and John Wood, charged with attempt at burglary; Henry Brown and Alfred Ray, arraigned for grand larceny; and John King, under indictment for assault and robbery, all pleaded guilty before Judge Moore, in the Court of Sessions, Brooklyn, this morning. They were remanded for sentence on Friday next.

Governor Forfeited His Bond. When Repine, Enrico Giovanni was called for trial in the Court of Sessions, Brooklyn, this morning, on the charge of criminal assault, he did not appear. Maria Lomanico, a pretty Italian girl, makes the charge. Judge Moore ordered that Giovanni's bond of \$5,000 be forfeited and issued a bench warrant for his arrest.

ROBBED HIS BROTHER-IN-LAW.

Miller Was Put Out of the House for Not Working.

William Miller, twenty-eight, a gardener by occupation, with no stated place of abode, was a prisoner in the Yorkville Court this morning.

Miller used to make a good living at his business, but some time ago his sister married Otto Weis, of 23 East Fifty-sixth street, and Miller quit work and took to sponging upon his brother-in-law.

He became monotonous to Weis after a time, and he put Miller out. About ten days ago Miller called at the house while the folks were away and took it, he alleged, besides a quantity of clothing from \$20 to \$25 in cash.

The case was put in the hands of Detective O'Donoghue, of the East Fifty-first street squad. He arrested Miller last night in the basement of Schmitt's wine-room, Avenue A and Eighth street. He was handcuffed and taken to Justice Burke held him to answer.

PAWNED THE WRINGERS.

Agent O'Brien Got Them by Forged Orders.

Francis E. O'Brien, forty-five, of 26 Columbus avenue, was held to answer to a charge of larceny by Justice Burke in the Yorkville Police Court this morning.

About a month ago he secured employment as agent for the American Wringing Company, at 40 West Fifty-ninth street, in connection with the Wringing Company, which he was in a starving condition, with many dependent upon him. O'Brien seemed to be a good agent and brought in many orders.

Soon, however, Harrington learned that the man was bringing in forged orders, getting the goods and disposing of them at the pawnshop.

Detective Divinsky, of the West Forty-seventh street station, arrested O'Brien. He admitted his guilt, but argued that he was irresponsible through drink. He pawned about \$40 worth of goods, it is alleged.

SAYS HE JUMPED WITH A WATCH.

McLaughlin Has His Ex-Circus Performing Friend Arrested.

William H. Hatchler, a jumper over elephants and who travelled with Barnum & Bailey's circus for a time, was held for trial in the Tombs Court today.

Hatchler was out of employment on Aug. 8, and called on his friend Daniel McLaughlin, who is a clerk in Ladd's jewelry store, 45 New street.

McLaughlin showed him a handsome watch belonging to a Salsbon-Keeper Lynch, of 48 New street. It had been left there for repairs.

McLaughlin turned to wait on a customer, and later discovered that the watch and jumper were missing. Hatchler was arrested yesterday. He denies his guilt.

Stabbed for Refusing to Treat. James Harvey, of 48 East Eleventh street, was held in the Essex Market Police Court this morning for stabbing Peter McInley, of 34 West Thirty-seventh street, in the arm with a pocket-knife, Sunday night, because he would not buy the drinks.

Lost in the Bowery Maze. Policeman Kennedy, of the Mulberry street station, took to Ellis Island today Helena Stenman, a seventeen-year-old Swedish immigrant. She was found wandering in the Bowery last night apparently lost and unable to tell anything about herself.

NEW JERSEY.

John G. Drew Dead. ELIZABETH, N. J., Sept. 19.—John G. Drew, lately associate editor of the Irish World and a writer on political economy and ethics, died at his home here last night of heart failure. He was married in 1870 to a native of Plymouth, Mass., and a great-grandson of Gen. Grover, whose statue stands in Commonwealth avenue, Boston. His wife, who survives him, is a daughter of Capt. George Munday, of Fall River, Mass.

No Traces of the Bridegroom. BLOOMFIELD, N. J., Sept. 19.—George J. Schmidt, of Orchard street, is eagerly looking for Emil A. Niemann, a young Newarker. Niemann and Mr. Schmidt's daughter were to have been married last Wednesday
