EXTRA.

THE SENATE STILL VOTING.

Knocking Down the Amendments Set Up for the Repeal Bill.

MAIN VOTE DUE ON MONDAY.

Closest Call To-Day on a Motion to Revive the Bland-Allison Act.

BEATEN ONLY BY 37 TO 33.

Butler Withdraws His State Bank Tax Repeal Amendment.

WASHINGTON, Oct. 23.—When voting was resumed in the Senate to-day, it was upon a substitute proposed by Mr. Stewart for the Perkins amendment.

The substitute authorized free coinage in any denomination, instead of in specific coins. It was defeated by a vote of 39 to 29.

Mr. Perkins's free coinage amendment was then voted on, with the monetary commission provision expunged. It was beaten 37 to 33.

Mr. Berry (Dem., Ark.) offered an amendment intended to revive the Bland-Allison act, and proceeded to address the Senate upon it.

Mr. Berry's amendment was rejected, 42 yeas to 27 nays.

Mr. Allen, of Nebraska, offered an amendment to coin the bullion in the Treasury. Lost—yeas, 31; nays, 41.

An amendment offered by Mr. Blackburn, for the coinage of the American product, was rejected, 42 to 28.

Mr. Stewart offered an amendment providing for a conference of all American States to fix a uniform silver coin, and that when all the countries agreed upon such a coin and opened their mints to the free coinage of silver, the United States should do the same. Rejected, yeas 32, nays 41.

Senator Squire offered his amendment providing for the repeal of the purchasing clause, the coinage of \$2,000,000 per month, the Treasury to retain the seigniorage; the issue of \$2,000,000 three years 2 per cent. bonds, authorizing National banks to issue full amount of circulation for bonds deposited.

He asked a separate vote on the first two sections which did not provide for bonds. The first two sections were rejected, yeas 29, nays 42.

Squire withdrew the bond provision.

Butler (S. C.) withdrew his State Bank Tax Repeal amendment.

FINAL VOTE MONDAY.

Senators Expect It to Come at 2 O'Clock That Day.

WASHINGTON, Oct. 23.—The final vote on the question of repeal will probably be taken Monday afternoon at 2 o'clock. There is understood to be a tacit agreement to that effect.

Senator Voorhees has made a careful canvass of the situation, and this morning came to the conclusion that there would be no chance of disposing of the subject to-day.

There are about twenty-five amendments of which notice have been given, and it is within the range of possibility that all these and even more may be offered as the day progresses. If this is done there will be a succession of roll calls, and the speaker will be necessarily brief.

It is the intention of the managers of the bill to push matters as speedily as possible and get the amendments out of the way today as they can.

MR. SHERMAN SPEAKS.

Wise Counsel to the Silver Senators.—The Question of Bonds.

WASHINGTON, Oct. 23.—The Senate galleries were crowded this morning in anticipation of scenes in the final stages of the silver struggle. Fifty-two Senators answered to roll call.

Before taking on the Silver Repeal Purchase bill, the Urgent Deficiency bill was reported, with amendments. The amendments were agreed to, and the bill was passed.

The joint resolution for the transfer of the model battleship Illinois to the State of Illinois for the use of its naval militia was also reported and passed.

The Silver bill was then taken up, and Mr. Wolcott (Rep., Cal.) addressed the Senate.

At the conclusion of Mr. Wolcott's speech, which breathed defiance to the great Mr. Sherman, a recess was taken. The people of Colorado, he said, had had no more to say in this than a question that did not seriously affect the interests of the whole country. Republicans would gladly yield to all they asked.

NEW YORK MAY GO TO BRAZIL.

Big Cruiser Must Be Ready For Sea in Twenty-four Hours.

Her Destination Is Thought to Be Rio.

Rear-Admiral Bancroft Thayer, commander of the Brooklyn Navy Yard, received a despatch from Washington this afternoon directing him to have the big United States cruiser New York ready for sea in twenty-four hours.

Although the message did not state the destination of the New York, it is thought that she will go to Rio de Janeiro.

As soon as Admiral Thayer received the message he sent word to Capt. John W. Phillips to have New York in readiness for sea by tomorrow morning.

Messages were sent to the heads of the departments, some calling for the mobilization of the New York and others having requests filled as rapidly as possible.

It is expected that the vessel ordered from Washington for Capt. Phillips will arrive by special messenger tonight.

Some of the officers on board the New York said this afternoon that they did not think it would be possible for them to get under way before Monday.

DESTERRO A FREE PORT.

Provisional Government's Proclamation—Rebel Magazine Destroyed.

RIO JANEIRO, Oct. 23.—The Provisional Government has declared Desterro to be a free port.

BUENOS AYRES, Oct. 23.—The Brazilian rebels' popular magazine, at Montecano, has been destroyed by explosion.

ADMIRAL STANTON DEFENDED.

What Some Naval Men Say of His Saluting Admiral Meilo.

WASHINGTON, Oct. 23.—Inquiry at the Navy Department brings out the following theory among some officers who believe that Admiral Stanton's unfortunate salute to Admiral Meilo was justified by circumstances.

A commander of a naval vessel must either acknowledge the flag hoisted by another armed vessel of a different nation or else seize or attempt to seize her as a pirate.

If Admiral Meilo had no authority from any recognized government and the insurgents have no government, to display the flag that was flying at the time of the incident, according to the theory, he was an unauthorized armed rover of the seas, and should be seized and treated as a pirate.

If he had the right to hoist the Brazilian flag, and it is further contended in Admiral Stanton's behalf that in view of the fact that the United States holds a commission as an officer of the Brazilian navy, the American commander could not be held responsible for failing to pay him the customary courtesies.

One of the precedents cited is the capture of Admiral Welles by the United States Navy, at Cadix, Spain, in 1822. A Spanish vessel was seized, manned by a crew of Spaniards, flying the Spanish flag, and turning her over to the Spanish Government on the ground that she was a pirate.

The same thing was done at Cartagena, when the United States captured the vessel of another president. If it can be called piracy, the action of Capt. Wilkes, in the case of the Boston, is justified in landing troops and recognizing the Hawaiian revolutionists without authority from the President.

Admiral Stanton's explanation will be found on the fifth page.

WANT WOMEN'S NAMES ERASED.

Result of the Decision Denying Them the Right to Vote.

NODWICH, N. Y., Oct. 23.—Under the decision of Judge Williams yesterday at Syracuse, denying the right of women to vote for School Commissioners, an attempt was made to-day to have the names of women stricken from the poll lists.

The Board of Inspectors refused to do this, and County Judge Gladding has been asked to issue a mandamus, requiring the Inspectors to show cause why it should not be done.

In this county 500 women have registered.

FRUIT VENDERS RAIDED.

Two Arrested, but the Third Left His Stock and Escaped.

The police of the Oak street station made an organized raid upon the suburban fruit vendors of the precinct this afternoon.

On Park Row three Hungarians were doing a busy trade, when as many policemen started taking the vendors until ten minutes had elapsed.

They were arrested, but the third abandoned his push-cart and fled and escaped.

Robiner was employed at 61 West Twenty-fourth street, the place Gould says he managed, and on Oct. 21 he first discovered him, and then assaulted him when he asked for three days' pay. Robiner was arrested, but Gould assaulted him. His story was corroborated by a writer named Thomas.

TIGERS FAR AHEAD.

Princeton's Eleven Too Strong for Wesleyan's Team.

Championship Game Played at Manhattan Field.

MANHATTAN FIELD, Oct. 23. The big football athletes of Princeton and Wesleyan met this afternoon in the opening game of the season for the intercollegiate football championship. The attendance was small.

All hands conceded the defeat of Wesleyan and the only question was how big a score the red-and-white Titans from old Nassau would put up, and how long it would take to get it.

The game being played under the Intercollegiate Association rules the halves were forty-five minutes each.

Play was called at 3 o'clock, and this is how the eleven fared each other:

Princeton: Left Tackle, Westlake; Right Tackle, Quackenbush; Left Guard, Quackenbush; Right Guard, Quackenbush; Center, Quackenbush; Quarterback, Quackenbush; Fullback, Quackenbush; Halfback, Quackenbush; Threebacks, Quackenbush; End, Quackenbush.

Wesleyan: Left Tackle, Quackenbush; Right Tackle, Quackenbush; Left Guard, Quackenbush; Right Guard, Quackenbush; Center, Quackenbush; Quarterback, Quackenbush; Fullback, Quackenbush; Halfback, Quackenbush; Threebacks, Quackenbush; End, Quackenbush.

Referee, Pony Trafford, of Harvard; Umpire, Billy Rhodes, of Yale.

Capt. Gordon and Capt. Frenchland tossed a coin for choice, and Doggie won, selecting the ball at the western end of the grounds.

Princeton forced ball from the very start and made a gain of ten yards in an instant through the center. The ball was then kicked to Wesleyan, who made a touch-down, and King kicked the goal in about two minutes.

Wesleyan got the ball on the third down on the twenty-yard line, and King, who made a fine dash of twenty yards, caught the ball on the fourth down, and King kicked the goal in about two minutes.

The ball was carried to Wesleyan's goal line rapidly, and King kicked the goal in about two minutes.

On the kick out, Wesleyan forced a touch-down and King kicked the goal. Score—Princeton, 12; Wesleyan, 0.

THE LION IS CAGED.

Reformers Capture the Fifth Race at Elizabeth by Four Lengths.

FATALITY GETS THE FIRST.

Indigo Takes the Second, Kirk-over the Third, Annie Bishop the Fourth.

RACE TRACK, ELIZABETH, Oct. 23.

—An attractive card and cool, pleasant weather, drew a large crowd to the Elizabeth track this afternoon.

The track was in excellent shape, considering the freshening it received last night, and it did fair to be fast and dry before the last race was run.

The sport began with a five and a half furlong dash for two-year-olds. Fatality was a big favorite, she and Harrington, but the latter was considered the freshest in the race, and she recaptured backing.

Fatality had no difficulty in beating her field. She led all the way and won in a canter from Harrington. Curacao was third.

Integrity was a hot favorite in the second race. He could not exceed himself in the first part of the race, and at one time was a half dozen lengths behind his field.

He moved up fast in the stretch, but could not catch Indigo, who held the pace all the way. One was third, close by.

Kirkover was a 4 to 5 chance in the third race, but he was a long shot, and he was not a favorite. He was a half dozen lengths behind his field.

The race was then lengths in front of the others, and Kirkover had no difficulty in winning easily. Capt. T. beat him for the money.
