New Haven Team Scores Almost at Will at Manhattan Field To-Day.

MANHATTAN FIELD, N. Y., Nov. 7.

For an election day football game the crowd at Manhattan Field this afternoon was astonishingly small.

The game began at 2:45. Yale had the ball in the first half and they were through New York's line for gains of 3 to 5 yards.

When New York got the ball on the line up, they went out and threw a couple of punts.

Yale was playing a fast game. Their attack was very good, and they were through New York's line for gains of 3 to 5 yards.

When the collegians ran the ball down the field, they were through New York's line for gains of 3 to 5 yards.

Orange A. C. Eleven Played Well, but Could Not Score.

ORANGE OVAL, ORANGE, N. J., Nov. 7.—Princeton presented a team largely made up of substitutes to play the Orange A. C. eleven here this morning.

Jack McMaster, trainer of the Princeton team, said some of his men were still feeling the effects of the football game.

The game was evidently regarded as a gala occasion by the inhabitants of Orange. At least 3,000 of them turned out and in all their history to see the contest.

The game began with the ball in Princeton's hands. They were through Orange's line for gains of 3 to 5 yards.

Princeton then began sending Ward around for one or two yards at a time.

COUNTING THE BALLOTS.

A Quiet but Bitterly Fought Election Has Been Closed.

HEAVY SCRATCHING DONE.

Reports that Maynard Has Been Cut in All Directions.

BARTLETT MEN ARE CONFIDENT.

Tammany Had a Hard Contest in Eight of the Assembly Districts.

The count of the vote that is to determine whether or not Isaac H. Maynard is to sit as a Judge of the Court of Appeals is now in progress.

The names of Maynard and his opponent, E. T. Barrett, are six on their respective tickets, and their votes will be, therefore, the sixth to be counted.

From statements made by and to the leaders of the opposition to Maynard at the various headquarters after the polls closed, it was to be inferred that the work which jugged the Dutchess County returns had met his Waterloo.

At Tammany headquarters, on the other hand, the talk was all to the effect that Barrett "wasn't in it."

There are those, however, and they number thousands, who went about their business after casting their ballots for Bartlett, in a calm assurance that a well-merited rebuke had been administered to bossism and the bosses.

That the Democratic State and County tickets, with perhaps the exception of Maynard, and two or three Assemblymen, is elected there seems but little reason to doubt.

With the closing of the polls passed off one of the quietest and at the same time one of the most bitterly contested elections held in this city in years.

The biggest vote, according to a canvass of the Assembly districts, was cast during the morning, but the four hours remaining from noon until the close of the polls found the inspectors and waters busy.

The Australian system of voting was generally to be seen in the early part of the morning, but the fact soon appeared generally in all the districts that a deflection and scratching was taking place.

Gov. Flower has been appealed to by the Republicans of Kings County to protect their interests in Gravesend and preserve the law.

This course was not taken until Sheriff Courtney had emphatically refused to send a posse into McKane's stronghold.

Every other means to enforce order and serve the injunction granted yesterday by Chief Justice Barnard, of the Supreme Court, having failed, the following telegram was sent to Albany at 12:30 P. M.

Dear Sir: You doubtless know of violent interference by McKane, Chief of Police, and others aiding and abetting in the town of Gravesend, Kings County, with fair election rights of the electors, and also contemptuous and violent interference by those men since Saturday last with citizens acting under decision of Supreme Court.

Previous to the sending of this telegram Edward M. Shepard, Jesse Johnson, Frederick Hinrichs and Col. C. B. Morton met in consultation to devise a means of having the injunction issued by Justice Barnard executed.

A paper was drawn up and signed by the Republican Campaign Committee asking Sheriff Courtney to send a posse to Gravesend to execute the order of the Court.

He refused, and swore to the gentleman who waited on him with the application for protection.

When Gov. Flower's name was spoken the Sheriff said he didn't care a blank blank for the Governor. He defied any one to dictate his duties.

A Republican, who has travelled with McKinley, says the Governor's plurality will be 39,000.

A fire was discovered in the four-story factory building at 31 West Fifteenth street this afternoon. Two alarms were sent in. The building is occupied by J. Healey's mattress factory.

Deputy Sheriffs Held Up and Deprived of Their Weapons.

A Company of Soldiers Waits for the Order to Charge Upon the Mob.

CAMDEN, N. J., Nov. 7.—The election in this city up to noon to-day has resulted in riots in several of the precincts. The Democratic policemen and ward-workers have taken possession of many of the booths and the Republicans have appealed to Sheriff West to place the military at the polls.

The city is in the hands of a desperate gang of thugs and repeaters. Many deputy sheriffs have been shot and beaten, and a good deal of blood on the streets and had their weapons taken from them.

William Harvey, deputy sheriff, was taken to Cooper hospital, having been badly beaten at Second and Mount Vernon streets.

The guards are waiting for the first bid to summon them to action.

A Democrat, who is a close observer, says that McKinley's plurality will be 21,000.

ELIZABETH'S GETAWAY DAY.

Stonell, Marshall, Will Elliott and Armitage Capture Other Races.

RACE TRACK, ELIZABETH, Nov. 7.—A large crowd witnessed the closing races at Elizabeth to-day. There were seven events decided and all save the first proved to be very interesting races.

The weather was pleasant enough where the sun shone, but in the shade of the grand stand it was decidedly raw and cold.

The betting was very heavy on all the races, and the bookies could hardly handle the money fast enough.

Stonell, Marshall, Will Elliott and Armitage captured the other races.
