

Freight trains from Easton were on the way to Jersey City, and would arrive before noon. The two engines which drew these trains and the one which brought in a milk train during the night, would, Mr. Lamb said, give him three locomotives with which to haul out the three freight trains which he had made up.

The first train would, he thought, move westward shortly after 10 o'clock. The others would go out some time during the day.

The freight yards had resumed their wonted air of activity this morning. Six drill engines were at work, making up trains on the cars brought over from New York on the cars.

A half dozen of these floats arrived at the Lehigh docks this forenoon. Freight Agent Rudio said that all the engines were now manned by reliable men, and if there was no interference from the strikers, the Company's freight traffic would be working smoothly by Monday. The police remain about the same.

Engineer Appleton, who brought in a Lehigh Valley passenger train at 10 o'clock, said that at Easton all the striking engineers were at work, making up trains. The Company, he said, was firing men right and left when he left there this morning.

It was learned to-day that the "David Laury" Lehigh engine No. 5, had to take to the water this morning. She was what is technically known as a "burned out." No. 5 has been hauling passenger trains from Jersey City to Easton since Tuesday.

It was said that another locomotive had to be abandoned at Rensselaer last night, it having also been "burned out" by an inexperienced fireman.

All the Lehigh passenger trains arrived and departed on time to-day, although the number of passengers carried was, it is said, hardly half of the coal burned.

A freight train for Western points left the Communipaw yards at 10:30 o'clock, but at noon it had only got as far as the Sunnyside at the Jersey avenue crossing. Armed State police rode on top of the cars.

The secret of the Lehigh Company's determination to abandon the use of the Central's tracks for its freight traffic and use its own single track to Jersey City was learned by an "Evening World" reporter this afternoon.

There is little doubt that had Lehigh freight been moved over the Central's tracks to-day the latter road would have had a riot up before noon.

Information came from one of the Central's conductors, who said that every man that had a central road was prepared last night to quit work. I had my grip packed up, and I know of many who did the same.

One of the Lehigh conductors who came in on an afternoon train said the strikers were exerting themselves to paralyze the telegraphic communication between Jersey City and Easton.

An operator, who has been long in the employ of the Company at Easton, and who is a valuable man, was offered \$60 a month by the strikers and three years steady work guaranteed. He refused to accept the offer.

It is said that a committee of the strikers waited on the non-union engineers and firemen and made a proposition to them that if they quit work they would be guaranteed \$30 per month until the strike ended. The new hands refused to pay any attention to this proposition.

NEW MEN AT WORK.

Officials at Perth Amboy say matters are progressing well.

PERTH AMBOY, N. J., Nov. 24.—At 10:30 o'clock this morning a group of a dozen men stood outside Supt. Donnelly's office awaiting an opportunity to see him to apply for positions in the service of the Lehigh road.

"That will prove to you," said Supt. Donnelly to an "Evening World" man, "that we are having the offer of men to do our work. Last night thirty-two engineers, firemen and brakemen came into Perth Amboy and they are at work to-day."

"We have at work in the Perth Amboy yards to-day fifty men and later this afternoon I think we'll have at least sixty on duty."

Supt. Donnelly was asked about the proposed visit of the Board of Arbitration to Perth Amboy to-day.

"I know nothing of such a visit, but while I have no objection to their coming, I should be pleased to see the members as individuals."

The strikers met usual this morning at 10 o'clock in Lyceum Hall. Harry Foley presided, and nothing of exceptional interest was done there. There were about 200 men present.

ITALIAN CABINET CRISIS.

Ministers Vote to Resign—Movement to Impeach Them.

Germany's New Military Campaign—General Cable News.

(By Associated Press.)

ROME, Nov. 24.—At a Cabinet council held at 5:30 o'clock this morning the Ministry decided to resign.

Prior to the opening of the Italian Chamber the Extreme Lefts will adopt a motion to impeach the Cabinet.

The men named as having been closely associated with doubtful bank affairs were Pietro Lanza, Minister of Commerce, and the following Deputies: Count Michele Amadei, formerly Under-Secretary of State; Pietro Delvochio, a close friend of Premier Giolitti; Filippo Cavallini, Duke Gennaro di San Donato; Augustus Elio, one of the old Gariboldians; Alessandro Narducci, Bartolomeo Mazzino, Luigi Simonetti, Luigi Nicolini, an old follower of Garibaldi; Francesco Montagna, Baron Giovanni Nicotera, Minister of the Interior under Crispien; and Bruno Zinno, ex-Minister of Agriculture and of Justice, and a distinguished lawyer.

The Commission recorded its disapproval of Premier Crispien and Giolitti, Ricciotti, Minister of Agriculture, and Prof. Luigi Luzzatti, formerly Minister of Finance. These men, said the report, were the chief authors of the "scandalous" condition of the Banca Romana, yet withheld from the Chamber the details of all information as to its disordered affairs.

GERMANY'S NEW CAMP.

To Be Located on the Belgian Frontier—Chauvinists Excited.

(By Associated Press.)

LONDON, Nov. 24.—The Paris correspondent of The Chronicle says that the Chauvinists are likely to start an agitation in relation to the reported intention of Germany to establish an entrenched camp at Malmédy, at the Belgian frontier.

M. Brilmont, the Belgian War Minister, has informed the Belgian Minister at Paris that the choice of the locality for the new German camp has not yet been decided.

He adds that all the peasants and small holders in the district were being expropriated, and that artillery was being sent to the district of the newest and most formidable kind.

POLES BANISHED TO SIBERIA.

Priests Among Those Imprisoned in the Czar's Dominion.

(By Associated Press.)

ST. PETERSBURG, Nov. 24.—The rumors of the arrest and banishment of Poles from the western provinces of Russia have been confirmed. Eleven priests have been suspended from their duties and placed in prison, while scores of persons are detained in the citadel at Warsaw.

Fifteen persons, including women and young girls, are already on their way to Siberia, although their friends have no knowledge of the nature of their offense.

The Pope in Sympathy with the Russo-French Entente.

(By Associated Press.)

WARSAW, Nov. 24.—The Dnevnik, the official organ of Russia, in Poland, states that although a section of the French press has exaggerated the Pope's share in bringing about the Russo-French entente, yet the entente commands his fullest sympathy, since it may ultimately lead to the restoration of the temporal power of the Papacy.

Premier Dupuy Declines to Accept M. Peytral's Resignation.

(By Associated Press.)

PARIS, Nov. 24.—M. Peytral, Minister of Finance, placed his resignation in Premier Dupuy's hands yesterday, but the Premier declined to consider it until after the details of the Government's programme was closed.

Austrian Artillery Forces to Be Increased.

(By Associated Press.)

VIENNA, Nov. 24.—The Government has resolved to make a large increase in the Austrian artillery forces from the first of the year. Forty-two new regiments will be added.

Louis Kossuth Is Seriously Ill at Turin.

(By Associated Press.)

HIS SKULL FRACTURED. Bartender Bach Assaulted in Front of His Home.

NEWARK, N. J., Nov. 24.—Frank F. Bach, a bartender for Charles Mink at 97 Market street, was found lying on the street in front of his home, Howard and Springfield avenues, at 6 o'clock this morning.

Which—Man or Shirt? Has the man grown, or has the flannel shrunk? Usually, the shirt's to blame. No, not that, either—but the way it's washed.

Flannels ought to be washed with Pearline. If you're buying new ones, start right. Have them washed only with Pearline (direction on every package) and they won't shrink. As for the old ones, Pearline can't make them any larger, but begin with it at once; it will keep them from growing smaller. It will keep them from the wear of the washboard, too.

Danger As one wash is sufficient to ruin flannels, great care should be exercised as they are going to be worn for ten days, and if it is not as represented they will ruin the money.

TO CURE CATARRH IN THE HEAD. To Cure Catarrh in the head is to remove from the blood the impurities which cause and feed it. This can be done by taking Hood's Sarsaparilla. The blood is purified, and the system is cleansed.

NOT POWER ENOUGH. Electric Light Companies Can't Light Central Park Driveways.

The Park Commissioners have been informed that the Electric Light Company's plants have not power enough at present to supply Central Park, and the lighting of the driveways will therefore be delayed.

The Park Commissioners examined twenty-five applicants for appointment on the Park Police force this morning. Fifteen of them were selected for appointment. The names of the successful candidates will be submitted for approval to the various Tammany leaders before they are made public. Secretary Burns refused to give out the names to-day.

President Tappen of the Park Board, will give a hearing Monday to representatives of the Company which has the Government contract for dredging the upper Harlem. The Company has asked for freedom to open the draw bridges at all hours of the day, the hours for opening the draws being limited to the rush hours would seriously interfere with traffic.
