

WAS IT BURGLAR OR JOKER? TWO MORE INDICTMENTS.

Floorwalker Montgomery Robbed at the Pistol's Point.

Strange Story of a Masked Intruder and Loss of a Watch.

Police Captain Campbell and several detectives of the Adams street station, Brooklyn, are investigating a story told by Thomas L. Montgomery, of 47 Dufrail street. He says he was awakened from his sleep by a masked burglar, who confronted him with a pistol and robbed him of his watch.

Montgomery is employed as a floorwalker in Loewer's big dry-goods store in Fulton street. He occupies a room on the first floor of the Dufrail apartment-house.

He says he retired late Thursday night, and only awoke when he was startled by the noise of somebody moving about in his room. As he raised his head he saw a man in the darkness, he felt the cold muzzle of a revolver pressing against his head.

"Don't say a word," said the burglar, "or I'll blow the life out of you."

Montgomery was thoroughly frightened, and the burglar, still crouching under the pillow and secured his watch. After searching about the room to make sure that there was nothing of value that he could remove the thief disappeared.

It was some time before Mr. Montgomery recovered sufficiently to dress himself. Then he hurried around to the Adams street station, where he told Captain Campbell of the affair. He said he could give no further details of the affair.

The police visited the house, and after examining the doors and windows carefully could find no trace of the burglar having been tampered with. How the burglar entered the room is not explained.

It is said that Mr. Montgomery suspects one of his friends of having played a practical joke upon him, but he declined to talk of the affair to an "Evening World" reporter this morning.

The girls' mother became hysterical when she learned that her daughter had eloped, and she threatened to kill Custer on sight.

When the train arrived Mr. La Paugh pointed a revolver at them. Byanders disarmed him. In the excitement the bride and groom fled to the city.

The old gentleman is now ready to forgive them, but they cannot be found.

TWO MORE INDICTMENTS.

So Far the Brooklyn Police Justices Have Escaped.

The Extraordinary Grand Jury Committed and Discharged.

The Kings County Extraordinary Grand Jury, investigating election frauds in Brooklyn, after a session lasting until midnight, came into the Court of Over and Terminer this morning and present two indictments to Justice Bartlett.

The small batch of papers which the foreman of the jury handed to the Clerk of the Court caused considerable surprise, as it was expected that indictments would be found against some prominent Police Justices and other city officials.

Police Justice Thebe and ex-Assistant Corporation Counsel Gilbert arrived at the Court-house early and were hovering about the Grand Jury room all morning.

When the jurors filed into court they were among the invited operators.

Justice Thebe said he felt some anxiety about a few friends, and had dropped in to see if the Grand Jury had taken up their cases.

At noon it was learned that one of the indicted persons, a colored man, a resident of the Tenth Ward, where Justice Thebe is leader. Fraudulent voting is the charge.

The other man is said to belong to the Ninth Ward. During the Assembly and Senate contests at the City Hall Lawver Elliott, for the contestants, produced evidence showing that the man had paid a doctor to show them a false certificate of colored men's disqualification for the vote.

Warrants for the arrest of the two men, Lawyer Werneburg says, will not be issued until late this afternoon of Monday.

After receiving the two indictments, Justice Bartlett discharged the Grand Jury, thinking them about to be committed to their duties and complimenting them on the amount of work they had done.

The jury will take up election cases in Brooklyn and the county towns.

GAYNOR SCORES THE "L" RING.

Only Six Cents Damages Awarded in 100 Easement Cases.

Report of the Commission, He Says, Will Not Be Confirmed.

The ring that has been manipulating affairs connected with the Brooklyn Elevated Railroad got notice this morning to mend its fences. It came through the attitude of Justice William J. Gaynor in the Supreme Court. He announced positively that things connected with this corporation would receive his personal attention when the occasion required.

The matter came up on the application for the confirmation of the Commission's report in easement proceedings brought by the property-owners along Myrtle avenue, between Waverly and Clinton avenues, against the Elevated Railroad.

The commission only awarded six cents damages in 100 cases, each case ranging in value from \$2,000 to \$50,000.

The application for confirmation was made by the property-owners, represented by Messrs. Lauterbach and Johnson, of New York.

Stephen M. Hovey appeared in opposition. The commission was appointed by Justice Pratt.

Justice Gaynor said he was looking for a bondman all the time, and that he would not be confirmed if he could not get one.

Justice Taintor said that there was no understanding between the property-owners and the railroad.

"PONY" OUT ON BAIL AGAIN.

Justice Taintor Flattered by Being Called "Your Worship."

Moore to Be Tried in Special Sessions Next Week.

"Pony" Moore has at last satisfied Justice Taintor that he isn't going to run away to London because of the row he had with a Broadway cable car conductor. His half-brother, John L. Stroub, proprietor of the "Oyster-house" at 224 Third avenue, this morning signed a bond for \$30 that "Pony" would appear before the Court of Special Sessions.

Justice Taintor took the surety without question, but still "Pony" was discouraged, and with a fine cockney accent, he impressively stated:

"Surely, Your Worship, they won't punish me any more for not having done anything."

There was a great deal of stammering in this question outside of the calling of Justice Taintor "Your Worship."

GALLIA BUFFETED BY GALES.

The Overdue Steamship Had One of the Roughest Trips on Record.

Delayed by Broken Machinery and Took a Roundabout Course.

The Cunard line steamship, Gallia, arrived at her dock at the foot of Clark street, at 8:35 o'clock this morning, being six days overdue. The passengers, particularly those in the steerage, were rejoiced to set foot on terra-firma once again, after experiencing one of the roughest trips in the history of trans-Atlantic travel.

Capt. Hewston to an "Evening World" reporter gave his account of the voyage on board the vessel this morning.

On Jan. 29, when off Mine Head, about thirty miles from Queenstown, the engine stopped at 7:30 A. M. A simple of the engine was broken, and the ship was delayed in a heavy sea for nineteen hours while undergoing repairs in her machinery.

On Jan. 30, a hurricane struck the ship with terrific force, from the southwest, and she was tossed about for three days, during which the vessel labored heavily.

A number of the passengers were carried overboard, and the ship was so tossed about that the crew were unable to get on their feet.

The passengers were told in their cabin that the ship was in danger, and that they should be prepared to leave at any moment.

The ship was finally rescued by a British steamer, the Buffalo, which arrived on Jan. 31.

The Buffalo was a large steamer, and was carrying a large number of passengers.

No One to Bail Mrs. Hamilton, Who Took Care of Baby Dollie.

In Jail for Loving and Protecting the Child of a Nurse Girl.

Technically, She Has Violated the Law and May Be Punished.

In default of \$300 bail, set by Justice Voorhis yesterday in the Yorkville Police Court, Mrs. Violet H. Hamilton is still a prisoner.

Mrs. Hamilton was arrested yesterday by an agent of the Gerry Society on a charge of "keeping a child without a license."

Section 283 of the Penal Code is specifically aimed at baby farming. For any person to care for a child not his or her own, a license must either be had from the father or mother, or the child legally adopted in court.

Mrs. Hamilton is the widow of Surgeon General Hamilton, who served in the Franco-Prussian war. Dr. Hamilton was once a very wealthy resident of this city, and died several years ago. Since then Mrs. Hamilton has become poor, and supported herself by giving music lessons and singing at concerts.

She arranged with Matron McAvoy, of the Women's Hospital, in Lexington avenue, to have the child placed in her care.

At 10 o'clock on the morning of her arrest, Mrs. Hamilton was taken to the Yorkville Police Court, where she was held in default of bail.
