HILL TO THE ATTACK.

Presents a Resolution Aimed at the Wilson Bill.

Instructing the Committee to Leave Out the Income Tax.

Republicans Would Support the Tariff by the Silver Bill.

(By Associated Press.)

WASHINGTON, March 6.—There was evidence during the progress of the routine business in the Senate this morning of a purpose on the Republican side of the chamber to displace the tariff question with a silver discussion over the Bland Seigniorage bill.

There were but few Democratic Senators in the Chamber when the Vice-President's gavel fell. Mr. Hill awakened interest by offering the following resolution, and asking its reference to the Committee on Finance:

Whereas, The Secretary of the Treasury has announced a deficit of \$75,000,000 for the current fiscal year.

Resolved, That the Senate Finance Committee frame amendments to the said bill, omitting the said internal and direct taxes newly proposed, and instead thereof make provision for sufficient revenue by tariffing other foreign imports and otherwise reviving the tariff without creating a deficiency.

The silver storm cloud which had been lowering all the morning, broke over the Senate when Mr. Harris, of Tennessee, moved the second reading of the Bland Seigniorage bill.

In doing so, he stated to the Senate, and especially to the Senator from Nevada (Mr. Stewart) that the latter was not a more earnest advocate of silver coinage than he, that he (Harris) believed that there was no question which should take precedence over this, and without any breach of confidence, he could state that the Finance Committee was on the verge of not.

TWO CAPTAINS TRIED. BY A M'KANE MOB.

Price and Martens Charged with Neglect of Duty.

The Former Tells of His Efforts to Get Evidence.

Martens Denies that Certain Houses Are Disorderly Resorts.

There was an air of suppressed excitement around Police Headquarters this morning for the trial of two captains of police who were set down for 11 o'clock.

Mr. Berry asserted that he had asked for no favors for the industries of his State, and when the lumber men of Arkansas had requested him to urge upon the Finance Committee the imposition of a higher duty on lumber he had refused to do so.

On the contrary, he had stated on every occasion that he would vote for a reduction in every article in that bill. He had gone to every member of the Finance Committee, he said, and had urged and begged the Committee to reject the Wilson bill as it came from the House.

At 2 o'clock, after some discussion as to the parliamentary status of the Bland Seigniorage bill, it was finally decided that the motion of Senator Harris to have the bill read a second time, should go over until to-morrow.

Mr. Berry then renewed his notice that he would move to take the bill up to-morrow, and Senator Teller continued remarks he had begun on the bill.

TARIFF BILL NOT READY.

Uncertainty as to Whether It Will Be in Shape To-Morrow.

(By Associated Press.)

WASHINGTON, March 6.—The Democratic members of the Senate Committee on Finance continued their work on the tariff bill this morning, but none of them would consent to state any facts as to the proceedings.

The sugar schedule continues to hold its place as a source of annoyance and cause of delay. There is a constant exchange of positions between the sugar men and the Committee, but the difficulty of reaching an agreement does not appear to have lessened with time.

Early this morning a member of the Committee stated that he felt confident that the bill would be in shape for presentation to the full Committee not later than to-morrow. The same member said he could not say whether the bill would be reported to-morrow or not.

WILL THIS BATTERY STOP HER?

Independents' Meeting Raided at Gravesend.

Door Broken In and Taxpayers Forced Out.

Police Called For to Attend the Convention To-Night.

News reached Brooklyn Police Headquarters to-day of another outbreak at Gravesend. A howling mob, headed by election officials indicted with John V. McKane, broke up a meeting of taxpayers held in the Beach Engine-House last night.

A hand to hand fight, which might have been attended with serious results, was only averted by the hasty retreat of the taxpayers, who had met in the interest of honest government.

The mob took charge of the hall and conducted things just as they pleased. Since the conviction of McKane the citizens of Gravesend, Coney Island, South Hensonshurst and Sheepshead Bay have been organizing to overthrow the "ring," now controlled by Justices J. V. B. Newton and Kenneth F. Sutherland.

At the Spring elections a successor to McKane will be chosen. Last night representatives from all the leagues met in the Beach Engine-House, in Croysey avenue, Gravesend, to elect thirty-five delegates to the Convention to be held at the Town Hall to-night, when an independent ticket will be placed in the field.

The meeting was attended by some of the most prominent citizens in the township, including Dr. Albert Chambers, D. A. Jolley, Charles Grant, Edwin Dorian and James Sanguinetti, all of whom are large property-owners.

Just as the meeting was called to order the doors of the hall were broken open and a howling mob rushed into the room. The mob was headed by Tax Collector Charles E. Morris, who is now under indictment for assault, and who is to be tried after Saturday.

Just as Morris was his name-sake, Morton Morris, the First Election District inspector indicted with McKane; John W. Murphy, formerly McKane's private secretary, indicted; Edmund W. Morris, Town Treasurer, and Louis Poirer, Sergeant of Police. Crowding through the doors closely behind these

FAVERWEATHER WILL AGAIN. Final Arguments Begun in the Famous Suit for Millions.

Lawyer Root for Some of the Colleges, States His Side.

The legal fight over the millions of the late Daniel B. Fayerweather, in which his heirs, executors and about twenty of the most prominent colleges of the country are engaged, was resumed before Judge Trux, in Part II. of the Supreme Court, to-day.

The charters of a number of the colleges which were given bequests by one will were presented to Justice Trux to show their legal standing.

After that there was a controversy between the lawyers as to how much time should be given for argument. Judge Trux settled the question, however, by announcing that he would allow the three different sides to divide up that time to suit themselves.

Mr. Root argued at length, saying that the private memoranda that were given to Executor Ritch in connection with the will and which showed that the executors were not to get the residuary estate absolutely, but that it constituted a trust.

The argument is still going on.

STRIKERS USE DYNAMITE.

But Only to Terrify Non-Union Car Men at Youngstown.

(By Associated Press.)

YOUNGSTOWN, O., March 6.—At noon today the Youngstown Electric Street Railway Company, which has been held up by a strike since Sunday morning, ran out the first car manned by a non-union crew. The streets were crowded by thousands of mill men, who erected the appearance of the car with loud cries of "black sheep" and hurled epithets at the men on the car.

No passengers were on board. When the car reached the public square a wild riot was made for it by the crowd, and in an instant every window pane was smashed to atoms.

A heavy explosion occurred soon after, and it was feared that the mob had resorted to dynamite to blow up the cars. The explosion proved to have been caused by a large dynamite cartridge which injured no one, and was merely exploded to intimidate the non-union men who have taken the place of the strikers.

A second car was run out of the yards shortly after noon. The strikers were demolished by stones thrown by the strikers or their sympathizers. A motor with had his face cut by flying glass. At 2 o'clock the Company decided to abandon the attempt to run cars for the present, and the President of the union started out were returned to the yards. Everything is now quiet and no further trouble is apprehended to-day.

LONDON, March 6.—A dispatch received here from Panama says that a revolution has broken out in Costa Rica, but so far the rebels have not been successful.

PRESIDENT HOME AGAIN.

Looking Well and Vigorous After His Hunting Trip.

(By Associated Press.)

WASHINGTON, March 6.—The President, Secretary Gresham and Capt. Holt, by D. Evans arrived at the White House at 1:30 P. M. on their return home from their hunting trip in North Carolina.

The President looked remarkably well and vigorous, and his hunting trip was reported to have been very successful. He had a large collection of wild geese, quail and ducks on the "holly" deck.

Private Secretary Thurston met the President and the President was given directly to the White House.

Signed by the Governor.

(By Associated Press.)

ALBANY, March 6.—Gov. Flower to-day signed a number of bills, including the following: Chapter 25—Amending act incorporating the New York Institution for the Instruction of the Deaf and Dumb.

Chapter 26—Relating to the duties of the College of Physicians and Surgeons of the City of New York and the Trustees of Columbia College.

SHOT DEAD AT THE POLLS.

Two Men Killed in the Municipal Election Riots at Troy To-Day.

THE CITY INTENSELY MOVED.

Fears that a General Outbreak Would Follow the Sudden Tragedy.

SIX CANDIDATES FOR MAYOR.

Pistols Drawn Once Before the Affray That Ended in Bloodshed.

(By Associated Press.)

TROY, March 6.—Riot and murder have grown out of the exciting election contest in this city to-day. They came not as a surprise, for serious trouble had been anticipated.

Several minor disturbances had already occurred, when, at 12:30 a row broke out in the First District of the Thirteenth Ward. The Malloy men, it was stated by the Republicans, were running in repeaters.

Among the Republican watchers were Robert Ross and his brother William. They grabbed at a couple of men who were being shoved forward to vote. In a minute there was a struggling mass of humanity, and during the fracas three or four shots were fired. When the reserve police finally secured order Robert Ross was found lying on the ground dead from a pistol wound, and his brother William was lying near by fatally hurt. Several others were in bad shape, many men being pounded until their faces were unrecognizable.

On the opposite side of the street was Matt Shea, Democrat, also lying dead in the gutter.

The Malloy men claimed that the shots were fired by the police, who admit using clubs and revolvers, but the bystanders say that pistols were drawn before the police took a hand.

Up to 2 o'clock no arrests had been made. Nobody thought of voting. The newspaper offices were besieged by anxious crowds, and the excitement was so intense that it threatened to break out into a general riot.

Men paraded up and down the streets, and prominent citizens were calling upon the Mayor to swear in deputies to preserve the peace. Mayor Whelan summoned Chief of Police Willard and took every precaution to calm the tumult.

It seemed as though lightning had taken the news about the city, and the factories and stores emptied out hundreds and hundreds of people, all joining in the mobs that filled the sidewalks and streets.

Late in the afternoon it became understood that Shea began the shooting, and was himself shot by one of the Ross brothers.

The election has been one of the most hotly contested which ever took place in the city.

The names of six candidates in the field for Mayor, the most prominent being the present Mayor of Troy, Dennis Whelan, Democrat, opposed to Senator Murphy, and who was endorsed by a wing of the Republicans, and Thomas Malloy, who was the candidate of the regular Democracy, headed by United States Senator Murphy.

In 1882 Whelan was elected by the regular Democracy by a plurality of 5,524.

About 10:20 o'clock there was a row of small proportions in the polling district of the First District of the Thirteenth Ward, and the police had to interfere. The difficulty occurred over the attempt of the Whelan people to put their inspectors in the booth. The matter was amicably arranged.

A few moments after the police received a hurly call to the Second District, where there was a pretty row for a few minutes, revolvers being drawn, the railing of the booth torn down and the ballot-boxes narrowly escaping destruction. The police used their clubs and a few broken heads resulted. The trouble arose over the Malloy watchers refusing to allow the Whelan men to go inside the polling place.
