

WHOLE LINE TIED UP.

Great Northern Railway Strike in Full Swing.

Rumors of Trouble for All Roads West of the Missouri.

Brotherhoods Said to Have Repudiated the Movement.

SEATTLE, Wash., April 16.—Despite the statements of the officials that the strike of the Great Northern does not extend further east than Minot, N. D., the leaders here say that the claim of James Hogan, that the whole system is tied up, is correct.

Rumors are afloat among the strikers, and are also heard among the Great Northern officials, that the Northern Pacific is to be tied up on Tuesday and that before next week every road west of the Missouri River, with the possible exception of the Union Pacific, will meet the same fate.

Word was received from Hagan, at Butte, that Supt. Currier, of the Montana Central had started in a buggy from Helena to Great Falls, a distance of 100 miles. He also instructed Secretary Adams, of the local lodge, to furnish men to protect the Company's property here, if necessary, and Adams made the offer to Supt. Copeland, of the coast lines, but no disorder is feared.

The mail-car of the South Westminister and Vancouver was held up this morning to leave at 8:11, but the officials refused to let it go without the passenger cars, and it was left on the track. The strikers then took out the Canadian Pacific cars, which ran on this road, and transferred them to the Seattle, Lake Shore and Eastern tracks, over which they went to Sumas, connecting there with the Canadian Pacific.

The strikers have a kindly feeling for the Canadian Pacific, because it formerly submitted a dispute to the arbitration of its own engineers, and when the Great Northern car cleaners' wages were reduced to 10 per cent, and they struck last March, the Canadian Pacific hired two of them at 25 per cent, and ran its cars running on the coast lines. No trains of any kind have left Seattle today over the Great Northern.

SPOKANE, Wash., April 16.—There is no change in the situation along the Great Northern, which is running from Minot, N. Dak., to Seattle. Assistant Gen. Supt. Farrell had telegrams last night from head officers of the Engineers' and Firemen's Brotherhoods and the order of Railway Trainmen assuring them that the strike would receive no moral or financial support from them. No attempt will be made to move trains out of Spokane until the trouble is settled.

RAILWAY STRIKE TO SPREAD.

Coast Lines and Four Labor Organizations Involved.

CHICAGO, Ill., April 16.—A local paper declares this morning that it is now settled that within the next week or ten days strikes will be declared on several Northwestern roads running out of Chicago. Arrangements are about completed for the inauguration of a struggle with the Great Northern, which is expected to result in the settlement for some time to come of the differences existing.

The contest will be the more interesting in that it will involve all the existing Brotherhoods, and it is expected to be a three-cornered fight, in which the older organizations will seek to annihilate the American Railway Union. Conferences were held in Chicago yesterday in regard to the situation of the Great Northern and the National Labor News, and Vice-President Howard, of the union, left for St. Paul, from which point he is expected to return tomorrow morning, to lead the Great Northern strike general.

Beginning to-day the work of organizing Northern Pacific employees in the name of the American Railway Union will be pushed on by the local committee. The war between members of the union and the Grand Chiefs of the Engineers', Firemen's and Trainmen's orders is looked for.

ROW FEARED AT BLUE CREEK

Troops May Be Needed to Hold Striking Miners in Check.

BIRMINGHAM, Ala., April 16.—There is a possibility of considerable trouble in this district with striking miners to-day. It is understood that the Tennessee Coal, Iron and Railroad Company will stop their mines at Blue Creek, near the town of Blue Creek, Ala., at 10 o'clock to-morrow night, and that any disturbance might be quelled.

Forty thousand rounds of cartridges have been ordered by the local military companies and are expected to be called out if there is any possibility of serious trouble. About 2,000 convicts, leased from the State, are working.

It is expected that the miners will make their strike effective, there is a possibility that the stockholders at this place may be pulled down.

MESSANGER BOYS STRIKE.

They Object to Paying for New Uniforms in Dull Season.

Messenger boys of the Postal Telegraph Cable Company, employed at 21 William street, the "Brokers' District" office, went out on strike this morning. The boys struck because they were asked to purchase new uniforms. Their pay in the busy season amounts to from \$5 to \$10 per week. It is the dull season now, and none of the boys is making over \$5 per week, and they object to paying for new uniforms. The uniforms cost \$2.50, and the Company deducts it a week from the boys' pay.

Laundry Girls Strike.

Some of the girls who work for the New York and Commercial Steam Laundry Company, Twenty-fifth street, near Eleventh avenue, are on a strike. Last Saturday morning eight girls were told that their wages would be reduced from \$10 a week because they were not doing as well as some other girls in the same department, who were also getting \$10. The girls struck, and were followed out by forty strikers, several of the latter, it is said, had their hair cut and wore their hair in a bun, and wore their hair in a bun, and wore their hair in a bun.

Fire Makes 100 Men Idle.

YONKERS, N. Y., April 16.—Fire, originating in some way unknown, destroyed the millinery of O. Wiederhold, at Dunwoody, this morning. A residence adjoining the factory was destroyed. The loss is \$15,000. About 100 men will be thrown out of employment.

Thieves Want \$75,000 Damages.

Justice Clement and a jury, in City Court, Brooklyn, to-day heard testimony in a suit brought by John S. Thullen against the Brooklyn City Railroad Company to recover \$75,000 damages for the loss of the services of his daughter Anna, seven years old. On Feb. 8, 1893, she was snatched away by a trolley car on Third avenue near Haines street, and her legs were crushed so badly that amputation was necessary to save her life. Thullen, as the child's guardian, has brought another suit against the Company for \$50,000 damages.

Thullen's First Petition, in being recorded, all former records are available. It is necessary, as they seem more to be made of the best ingredients. Try a box.

SHOT A BOY SPECTATOR.

Rutch Was a Contestant in a Shooting Match in Brooklyn.

There was a shooting match yesterday in a vacant lot on Knickerbocker avenue, near Jefferson street, Brooklyn, which resulted in one of the contestants appearing in the Gates Avenue Police Court this morning, charged with assault in the second degree.

August Rutch, of Forest avenue, East Williamsburg, was the accused. With a number of friends he was firing at a target with a shotgun. John Diehn, eighteen years old, of 27 Star street, got in the line of fire and received a charge of leadshot in his legs. That broke up the match.

The father of the boy wanted Rutch to pay \$1 a day until his son recovered. Rutch scorned the offer, and was therefore arrested on complaint of Diehn.

This morning Justice Connelly paroled Rutch to appear on the day set for the trial. Incidentally, Constantine Miller, who keeps a saloon adjoining the scene of the accident, was arrested for selling liquor on Sunday. Justice Connelly placed him under \$500 bonds.

Richard, who is about eighteen years old, ran away to San Francisco four years ago, where he contracted the morphine habit. He was brought back here, but all efforts to cure him of the vice failed. He is said to have stolen and pawned everything he could get hold of to get money to buy the drug. When arrested on similar charges he was sent to an inebriate asylum instead of jail.

James Huser, twelve years old, who ran away from his home at 242 First avenue, two weeks ago, was found last night by Policeman Klein, of the Fifth street station, sleeping in a wagon at Thirtieth street and Avenue A. The police of the Bedford avenue station, Williamsburg, are looking to-day for Edward Condon, eleven years old, who disappeared from his home at 115 North 11th street, on Friday last. It is thought the boy has run away from home, as last summer he started out to hunt Indians. He is supposed to have stolen and pawned everything he could get hold of to get money to buy the drug. When arrested on similar charges he was sent to an inebriate asylum instead of jail.

William Farrell, forty-seven years old, a cutter, was found dead this morning in his room, at 114 West 12th place.

EMERY REDUCES HIS STAFF.

Services of Thirteen Vaccinators in Brooklyn Disposed With. Health Commissioner Emery, of Brooklyn, to-day began reducing his staff of special vaccinators by dismissing Drs. Edwards, Harrison, Heath, Leonard, Marshall, McNamara, Radloff, Richardson, Schreyer, Sullivan, Winter, Kevin and Dixon.

The thirteen physicians whose services were dispensed with were employed to vaccinate the children in the public schools. Now that that work is finished there is no further need of their services. Commissioner Emery still retains over one hundred vaccinators on his staff, and they will be kept busy for some days to come.

While I do not say that we have broken the epidemic," said the Commissioner to-day, "we have, to use a Western expression, gotten on the back of it."

Today the order went into effect, which excludes all pupils from the school who do not possess a certificate from the Health Department showing that they have been vaccinated. Wednesday and Friday doctors will be in attendance at thirteen schools, where the Health Department's vaccinators will be vaccinated.

Only two cases of small-pox were reported to-day. Therefore, Buck, aged three, of 25 Leonard street, was removed to the hospital.

Alfred Fawcett, aged two, of 56 Schaefer street, was quarantined at home. Since yesterday morning one patient died in the pest-house, and six others recovered and were discharged.

LOVE LED TO INSANITY.

Father Separates Buffalo Couple, and Girl's Reason is Dethroned.

BUFFALO, N. Y., April 15.—Charles Shanley, a retired merchant, caused it to be announced that the engagement of his daughter, Emma, to William Knox, a well-to-do young man, had been broken. Knox is a Presbyterian and Mr. Shanley is a Catholic, and the two could not agree as to the church in which they would be married.

Mr. Shanley told Knox not to visit his daughter again. The young people kept their betrothal secret. A week ago Knox proposed an elopement, to which Miss Shanley with some reluctance, consented. At the time appointed she did not appear. She sent a note to Knox saying her father had prevented her from meeting him. Thinking to persuade her to elope with him, he paid no heed to the note or to the other letters sent to him.

The belief that he had deserted her preyed on the girl's mind, and she was taken ill. She refused food and grew rapidly weaker. Then her mind gave away, and she was taken to the Buffalo State Hospital, a very lunatic. She was released in the mean time, but apparently too late, for when he called to see her before she was taken to the asylum, she did not recognize him.

She grew into violent fits when her father enters her presence, and he is heartbroken over the result. Her condition is so bad the doctors have little hope of her recovery.

Arrested on Lexington Avenue and Fined \$15.

Ward Detective Tierney, of the East Thirty-fifth street squad, appeared at Yorkville Court to-day as complainant against James Turner, a well-dressed man, aged twenty-nine, of 461 East Fifty-second street, whom he charged with annoying women.

Tierney said that Turner walked up and down Lexington avenue, from Thirty-second to Fifty-fifth streets, and within fifteen minutes he approached and accosted half a dozen women. Turner said that he had been drinking, and he did not know what he was doing. He was released on payment of \$5 fine.

MICHAEL BELIES HIS NAME.

Lamb Held for Beating His Wife While Intoxicated.

Michael Lamb, of 112 Spencer street, was held in the Law Avenue Court, Williamsburg, to-day on a charge of fighting.

From all accounts "Lamb" is a misnomer for Michael. He returned home much under the influence of liquor last night, and beat his wife, Lizzie, with various articles of furniture and his fists. She ran out of the house and her husband followed her, but Police Officer Fannon, who was standing there, promptly arrested him.

WON'T DISCHARGE MRS. LEIGH

Justice Walsh Says the Shoplifting Charge Must Be Proved. When the case of Mrs. Anna Leigh, the wife of a member of the New York Produce Exchange, charged with shoplifting in a big dry-goods store in Fulton street, Brooklyn, was called to-day, the judge requested that the case be dismissed.

"I will not allow it," said Justice Walsh, "because the defendant is adjudged since Mrs. Leigh was arrested Justice Walsh has received several letters urging him not to discharge the woman without punishment."

Put Pepper Down Her Throat.

Judge Osborne of the City Court, Brooklyn, this morning heard testimony in Mrs. Eliza Stenz's suit for separation against her husband, Arthur Stenz. The couple were married April 29, 1892. Mrs. Stenz says that May 6, 1892, her husband took her to the Fair and that on October last he took her by the throat, jammed pepper down her throat and told her to make it so hot for her that she would be glad to leave him. Mrs. Stenz denies these allegations and makes countercharges.

A CARD FROM MISS POLLARD.

Plaintiff in the Breckinridge Case Writes to "The World."

She is Still in Providence Hospital and May Be Seriously Ill.

(Special to The World.) WASHINGTON, D. C., April 15.

To the Editor of The World: As my unfortunate case is now ended with a verdict in my favor, and "The World" with kindly insistence wants a word from me, I do not see why I may not say through its columns how deeply and heartily I thank it, and the press of the United States in general, for all that has been said in my behalf, and how clearly I see and admit the justification for much that has been said against me.

And if "The World" will be so good as to be my messenger I should like through it to say how deeply grateful I am for the kind letters which have come to me and to my counsel from all parts of the United States during the terrible ordeal through which I have just passed.

If the future holds anything for me it cannot be in the direction of publicity and sensation, if my untrained literary ambition is to receive any reward or justification it must come with honor and patience, and I have no idea of going on the stage or lecture platform, or otherwise accentuating the publicity which my unfortunate career has had in this trial.

I have been appalled by various publishers to edit a report of the trial, but I have not brought myself to think that this would be wise step, and if I should take it it will be only because I believe myself able in a good sense to point the moral of my misguided life and to awaken good sentiments in the public rather than to keep alive bad sensations.

BRECKINRIDGE IN THE HOUSE

He Will at Once Resume His Various Congressional Duties.

WASHINGTON, April 16.—Representative Breckinridge, of Kentucky, appeared on the floor of the House of Representatives to-day for the first time since the famous Pollard-Breckinridge trial began in court.

Mr. Breckinridge went on the floor just as the chaplain was concluding his prayer and stood with bowed head at the closing words. Then he walked across the front area, grasping a hand here and there, and proceeded up the aisle to his seat.

Members were busy with their work, and many failed to notice him. Three or four well-known men in the immediate neighborhood of the speaker's table over and shook his hand. He wore a smile, but was evidently miserable and ill at ease under the glare of the face was usually flushed. There was little about him of that old-time composure and poise characteristic of his earlier Congressional days.

Before he had been in his seat two minutes he shifted nervously and then arose and left the chamber. The House followed her, but Police Officer Fannon, who was standing there, promptly arrested him.
