MUST LAY TRACKS.

Aldermen More Than Give Lenox Avenue for a Railroad.

Metropolitan Traction Company Ordered to Abide by Its Charter.

Some Doubts that Its Franchise is Still in Force.

The Metropolitan Traction Company, whose persuasive methods are so effective with the Board of Aldermen, secured another valuable privilege from the Board to-day. In fact, the Company got more than it asked for from the generous city fathers.

The Company claims the right to build a road on Lenox avenue as an extension of the Sixth avenue line. The law of 1881 gives the Company the right to construct a road on that part of Sixth avenue which has since become part of Central Park, and is now known as Lenox avenue.

The obliging Aldermen did more than grant permission to lay tracks. They passed a resolution requiring the Company to lay tracks in accordance with the provisions of its charter.

There is grave doubt as to whether the time limit of the franchise has not expired. Forty-three years have intervened since the granting of the charter. Board was naming the month of May as the time when the franchise would expire. It is not clear whether the Board has encountered no difficulty up to date in securing from the Aldermen any thing it wants in the way of privileges.

WHAT'S WRONG WITH FLYNN?

Missed a Chance to Spring His Harry Howard Street Resolution.

That portion of the city bounded by Thirty-second and Thirty-fourth streets, Broadway on the east and Sixth avenue on the west, will hereafter be known as Greeley Square, in honor of Horace Greeley. The Board of Aldermen at its meeting to-day adopted a report designating Greeley Square as described.

Alderman Flynn moved uneasily in the ordinance giving permission to owners of soda-water-stands to erect stands on sidewalks within the stoop of the buildings. The Commission said the Board had power already to grant such permission, providing the owners of property consented to the erection of stands in front of their houses.

Catarrh of the Stomach

Hood's Sarsaparilla Saved His Life. "I can honestly say that I believe Hood's Sarsaparilla saved my life. I was in a serious condition with catarrh of the stomach, bowels and bladder. I suffered intensely from dyspepsia, and had lost all my strength. For two years I was in this terrible condition, and one time had three physicians attending me. I not only got no better but seemed to get

From Bad to Worse. all the time. I really wished I was dead. I had no rest day or night. I did not know what to do. I had taken so much medicine of the wrong kind that it had poisoned me and my finger nails began to turn black and come off. When I was in this condition I sent for a bottle of Hood's Sarsaparilla. The first bottle had no surprising effect, but I had faith in the medicine, and continued to use it until I had taken fourteen bottles. It

did more for me than all the medical attendance and prescriptions I ever had. I have gradually regained perfect health, am entirely free from the catarrh of the bowels and do not suffer with the intense pain in my back as formerly. I am able to work hard, and tell every one what good Hood's Sarsaparilla has done me."—W. H. Young, Potter's Mills, Pa.
