

POINTERS ON THE RACES.

Dobbins Seems to Be in a Soft Spot in the Fleetwood.

Small Fields in Three of the Six Events.

"EVENING WORLD" SELECTIONS.

- First Race—Disturbance, Factotum, La Misere.
Second Race—Kallihros, Philomena, Monitory.
Third Race—George Beck, Selena D., Orna.
Fourth Race—Dobbins, Aurelian, Rubicon.
Fifth Race—Appalus, Monte Carlo, Connoisseur.
Sixth Race—Speculation, Hammie, Tom Skidmore.

The Fleetwood stakes is the feature of racing at Morris Park today. Dobbins carries top weight of 127 pounds, which is not a severe penalty, considering the lot he has pitted against him.

There are twenty-four entries in the opening dash, and if all get a fair start, there will be a merry time picking a winner. Weight for age is carried and there is very little choice among the lot.

Maiden fillies meet in the second race and they ought to furnish a pretty contest. George Beck, Orna, Selena D. and Lisze are named to go in the mile and a furlong race, and Monte Carlo, Appalus, Connoisseur and Paldin will go well in the fifth race. Hammie, Madrid, Speculation, Bolero and Tom Skidmore will finish close together in the last race.

The track will be in good shape. The entries and selections are as follows:

Table with race results and odds. Columns include race number, horse name, weight, and odds. Races 1 through 6 are listed.

15 P. J. Dwyer's Bessie... 118
16 ————— "Belinda"..... 119
17 ————— "J. M. Abbott's Monday"..... 119
18 ————— "Oak Stable's California"..... 119
19 ————— "Oak Stable's Philomena"..... 119

On public form one can select no one but George Beck, Selena D. and Orna, and it should be a hot finish between the pair. The mare has much the best of the weights, according to the scale, Orna should be third.

Fourth Race—Five-year-olds, for three furlongs, handicap, \$100 each, with \$1,000 added; one mile and a sixteenth.

24 M. P. Dwyer's Bessie..... 122
25 J. E. Madden's Bessie..... 122
26 J. E. Madden's Monday..... 122
27 J. A. H. & D. H. Morris's Bessie..... 122
28 J. A. H. & D. H. Morris's Monday..... 122
29 J. A. H. & D. H. Morris's Bessie..... 122
30 J. A. H. & D. H. Morris's Monday..... 122

Appalus may capture this event, with Monte Carlo second and Connoisseur third.

Sixth Race—Sweepstakes for two-year-olds, handicap, \$100 each, with \$1,000 added; one mile.

24 M. P. Dwyer's Bessie..... 107
25 J. E. Madden's Bessie..... 107
26 J. E. Madden's Monday..... 107
27 J. A. H. & D. H. Morris's Bessie..... 107
28 J. A. H. & D. H. Morris's Monday..... 107
29 J. A. H. & D. H. Morris's Bessie..... 107
30 J. A. H. & D. H. Morris's Monday..... 107

The closing event may be won by Speculation, with Hammie second and Tom Skidmore third.

Morning Papers' Selections. AT MORRIS PARK. First Race—La Misere, Factotum, Second Race—Philomena, Kallihros.

Tired of Complaining

BROOKLYN, N. Y., May 11, 1894.—I have used three bottles of Hood's Sarsaparilla, and am on the fourth one. I have suffered from nervous headache and dyspepsia for a year or more, and became tired of complaining and trying every kind of medicine. At last I was determined to give Hood's Sarsaparilla a thorough trial, and I am fully convinced of its merits. I cheerfully recommend it to all sufferers in any way afflicted with headache or dyspepsia, and I know it thoroughly tried it will effect a cure.

Mr. Frank Morrison, 418 Hooper Street.

Hood's Sarsaparilla Cures

BROOKLYN, N. Y., May 12, 1894.—Hood's Sarsaparilla has purified my blood, strengthened my appetite and has helped me in many other ways. Our whole family is using it at present. It is the best family medicine I have ever used. Miss BERTHA FENNER, 1833 Fulton Street.

Hood's Pills cure Constipation by restoring the peristaltic action of the alimentary canal.

GOSSIP OF THE TURF.

There have been many queer races run in the East in recent years, but that which was the opening "attraction" at Morris Park yesterday deserves a prominent position in the freak gallery. By its conditions only two-year-olds that had never won a race and jockeys that had never won a race were eligible to start. There were fifteen starters, and of the curious collection of jockeys eight on one never rode in a race until yesterday. By some oversight it was not stated in the programme with what intention the persons who drew up the conditions of this contest is in partnership. The factiousness of two-year-olds is proverbial, and when a powerful racing association makes the maximum weight to be carried by any of the animals ten pounds, and specifies that only seven jockeys shall ride and allow a ten of the youngsters to start it really seems as if it is time to put it in the museum.

One of the officials of the Jockey Club in writing a glowing report of the race, allowed this statement to creep into his narrative: "The riders were in the main dimly lit, and many of the little tugs could scarcely be seen to the naked eye, and it was only by the aid of a powerful light that the spectators could see the race at all."

The management of the New York Jockey Club is to be heartily congratulated upon reintroducing this class of race, which cannot fail to be interesting riding to the public. The "New York Jockey Club" and other associations should follow as good a lead. While yesterday's race was successful in every respect, it would greatly improve the game if the conditions of the race were changed so that the jockeys, in order that the race might not be handled as a mere money-making affair, should be required to carry a certain weight.

A more conservative turf writer summed up the case in the following way: "The management of the New York Jockey Club is to be heartily congratulated upon reintroducing this class of race, which cannot fail to be interesting riding to the public. The 'New York Jockey Club' and other associations should follow as good a lead. While yesterday's race was successful in every respect, it would greatly improve the game if the conditions of the race were changed so that the jockeys, in order that the race might not be handled as a mere money-making affair, should be required to carry a certain weight."

Presented to MASTER CLARK. In appreciation of the fact that he never rode a winner before he was demonstrated without the use of a net.

It is about time the Society for the Prevention of Cruelty to a Long-Suffering Public got after the New York Jockey Club.

The stewards who officiated at the Morris Park track yesterday were in a humorous frame of mind. One of the gentlemen thought he saw a funny coincidence in the fact that the initials and name of the boy who rode the winner in the opening event and the popular superintendent of Sheepshead Bay were the same. Thompson, one of the judges, was deputed to inform the retailers that the boy who rode Herminia was Frank T. Clark, jr., son of Sheepshead's superintendent. The message was delivered this way:

The stewards desire me to inform the gentlemen of the press that the boy who rode the winner in the maiden race is Frank T. Clark, jr., son of Frank T. Clark, superintendent at Sheepshead Bay.

The message was accepted as fact. The humorous stewards had their joke, but inasmuch as the boy who rode Herminia is a negro and Mr. Clark is a white man, it will be interesting to know how Mr. Clark views the alleged joke.

READY TO FIGHT FIRE.

West End Volunteer Department. Deny that They Ever Refused. LONG BRANCH, N. J., June 1.—The members of West End Engine Company No. 3, who recently vacated their quarters on account of their differences with the board of commissioners, still maintain the position taken by them in the first instance. They deny the report, however, that they refused to go to fires because of their quarrel with the board. They say they were called out by the board and given to the other board fire company was not returned. When the carriage was taken they obtained another from Mr. Hilbroth, a two-wheeled cart with 40 feet of hose, and stood ready to fight any fire that might break out. In any event they considered the other carriage unnecessary. It is a voluntary department. They also deny a story that the West End Company rented the horses for \$50 per day to work on gambler Phil Daly's Elizabeth track.

SAFE-BREAKERS AT MOODUS.

Bank Entered, and Fire Started by an Explosion. (By Associated Press.) MOODUS, Conn., June 1.—The Moodus Savings Bank was entered by burglars yesterday morning, and one of the smaller safes forced by powder, but only \$75 was secured. The explosion set fire to the floor, burning through it into another room, where it destroyed many books and records of the New York Net and Twine Company. Attention of outsiders was attracted, and the fire extinguished. There is no clue to the robbers.

Better use too much than too little Pearline

Beware of imitations. Pearline is the best.

BASEBALL CHAT.

President Von der Ahe did not reckon without his host yesterday, and to-day he is on the best of terms with himself. Victory surely does stiffen up a manager's nerve, and the exuberant Christopher is as solid as a Chinese wall in the conviction that the Giants will furnish a sort of lively practice work for his Missourians to thrive upon. A listless game was that of yesterday, and an amazing change in style from the brace of games put up on Memorial Day. The New Yorks must not get "cold feet" so soon after a little lively work. If they let the Teutonic contingent from St. Louis push their noses to the grindstone again, the fellow with the injection will have to be summoned from Guttenberg.

Fred Van Zandt may be a capital player and prove himself a decided acquisition to the New Yorks, but he must establish his claim to the right field or any outfield position first by proving he can throw from that distance. Van Zandt was once a good left-handed pitcher, and a few seasons ago he did his best on a trial for New York. Van Zandt is lively as a cricket, and can throw from the infield all right. But there is no place open for him there unless well-liked capt. John Montgomery rather thinks he has been a "trifle yellow" himself of late and intends to lay himself on the bench for a while.

Princeton College yesterday elected Clarence Hamlin Dassel, of Milford, N. Y., President of the baseball team of '95, and Edward Graham Elliott, of Murfreesboro, Tenn., Manager.

Here's how the Phillies get it from the baseball writers in that city when they lose: "The Phillies need to take a brace. Their work on Wednesday was not only the poorest they have done this season,

SPORTSMEN'S GOODS.

The game at Eastern Park yesterday was a pitchers' battle. "Adonis" Terry and "Hooping Bill" Kennedy were both in fine fettle, with odds on the latter. An errorless game by Brooklyn would have "Chicago" in Chicago, as but two of the Windy City hits were clean.

Uncle Andy was amazed to find out one of Kennedy's hot spots for any value. He has wiped a huge fog bank out of his eyes, and to-day will be the Grand Old Man of the Diamond again.

"On to New York" is the cry of Foutz's men. They mean onto New York with both feet. For a game won in East New York and another lost at Harlem today puts Brooklyn one round higher in the League standing.

Hutchinson was on Chicago's bench during yesterday's game, his gray bloomers partly enveloped in a coat that everybody guessed was English-made, because it didn't fit by a mile. "Hutch" will probably send them over for the Colts to-day.

It was either Con Dalley's mouth or his hands on that grandstand foul. Both were wide open. The glove got there first.

SPORTING MISCELLANY.

There was to have been a finish fight early yesterday morning in a road-house on Long Island, between Johnny Young and Eddie Sweeney, both well-known Brooklyn boxers. When time was called only fourteen persons had paid admission to see the fight, and with the purse offered there was only \$50 in sight. The lads refused to go on, and the bout was postponed.

Charles Norton of Newark is making arrangements for a boxing tournament to take place in Newark, on June 18. Norton is trying to match four of Newark's best against four good fighters of this city. Jimmy Lyons promises to enter the contest if Norton has a 125-pound man to put against him.

Twelve members of the Clipper Athletic Club, of Harlem, held a road race last night, starting from their club-house, One Hundred and seventh street and Lexington avenue, and running around Central Park and back to the club-house. The winner was Thompson, who received a gold medal.

The Clipper Athletic Club will hold a smoker in its club-house to-morrow night.

The Committee on Games of the Cathedral Athletic Club has arranged for its members' games, which take place at Fordham July 4.

The Xavier athletes are commencing to train for the games of the Archdiocesan Union, which take place at Manhattan Field the latter part of this month.

The Romeyn Athletic Club, which was

N. S. BRANN, Manufacturing Jeweller.

but absolutely the worst that has been seen at Philadelphia Park this season by any team. They cannot, of course, play championship ball in every game, but their lazy, devil-may-care style of playing on Memorial Day will never succeed in bringing a pennant to this city.

The game at Eastern Park yesterday was a pitchers' battle. "Adonis" Terry and "Hooping Bill" Kennedy were both in fine fettle, with odds on the latter. An errorless game by Brooklyn would have "Chicago" in Chicago, as but two of the Windy City hits were clean.
