

WEMMEYER IN HAND.

Senate Committee Examines the Sugar Trust President.

He Admits Urging the Change to Ad Valorem Duties.

Gorman, Brice and Smith Hated Him—Hill Indifferent.

(By Associated Press.)

WASHINGTON, June 12.—H. O. Havemeyer, President of the American Sugar Refinery, whose name has probably been mentioned more frequently than that of any other man in the gossip over the preparation of the sugar schedule of the pending tariff bill, responded to the summons of Senator Gray's Investigating Committee and appeared before the Committee to-day to give his testimony.

The doors were closed against the press as usual. Mr. Havemeyer talked quite freely about his visit to Washington while the tariff bill was pending before the Finance Committee, and he said that he had talked with several Senators in behalf of the proper protection of the refining interest, among them Senators Hill, Gorman, Brice and Smith. He said, he said, he had promised to help him, but Senator Hill had given him no satisfaction at all.

He said the present tariff bill was an unsatisfactory one to the refiners because the difference of one-eighth of a cent was not sufficient to afford all the protection which their interest should have received. He said that he had advocated the ad valorem system and was glad to see that it had been adopted to the extent that it was.

Mr. Havemeyer denied all knowledge of speculation in sugar stocks by United States Senators and that no influence had been brought to bear upon the Senate to secure protection for sugar on an account of contributions made yesterday to the campaign fund, as no such contribution had been made.

When asked to explain the part of the interest that Senators took in the sugar schedule, Mr. Havemeyer said that when the difference between the ad valorem and specific schedules had been explained and it had become apparent that the ad valorem schedule was more honest and that it would be more equitable to the refiners, Senators Gorman, Brice and Smith had interested themselves to bring about a change.

As to Senator Hill, he said that he was indifferent, and Mr. Havemeyer said the senior New York Senator seemed more inclined to do what was right than to do what was expedient, like the income tax and Peckham nomination.

A. R. U. MAN SCORES CARNEGIE

Says He and Frick and Pullman Are "Pharisaical Frauds."

(By Associated Press.)

CHICAGO, June 12.—Four hundred and fifty delegates were in their seats when the first quadriennial Convention of the American Railway Union was called to order to-day.

Vice-President Howard opened the proceedings with a brief address, reviewing the success of the union in its former history. He said: "A Convention of this kind has never been held in America before under one banner, and the object and we are bound to succeed. We are to-day gaining members at the rate of 2,000 per day."

Mr. Howard was followed by President Debs, whose speech was enthusiastically received by the delegates. He attacked the Carnegies, Fricks and Geo. M. Pullman, charging them with hypocrisy and pharisaical fraud. He said that the object was to rob and degrade workmen and women.

The convention will consider the Pullman strike.

NEWTON, L. I., June 12.—Pugilist Joe Daly, with one eye closed and a face bruised by a fall from a Justice Monteverde to-day at Newtown on a charge of prize-fighting. Daly was engaged in a fight last night with Joe Kemps for a purse of \$30 at Ridgewood Park. The fight was awarded to Daly on a foul.

Billy Ernst, one of Kemps' backers, objected to the decision. The principals and backers adjourned to the barroom of Kraucher's Hotel, where the row was renewed, and the fight was awarded to Billy Ernst when Constable Wernich entered and arrested Daly.

Daly, when taken into court, was met by Ernst, who wanted to make a charge of assault against him. Ernst disappeared suddenly when he learned that the constable had made a charge of prize-fighting against Daly, and that the others connected with the affair were to be arrested. Justice Monteverde committed Daly to jail in default of bail.

WAS FRAWLEY DROWNED?

He Was Last Seen on the East Twenty-third Street Dock.

John, commonly known as "George," Frawley, who for a short time past has been acting as clerk to Dr. A. Wallace, examining physician at Bellevue Hospital, is believed to be drowned. He has been missing since Sunday evening.

It is said that he and some other men were sleeping about the dock at the foot of East Twenty-third Street Sunday evening. Frawley got up from where he was lying and walked to the edge of the dock, where he fell into the water. His companions paid no attention to him, and he has not been seen since. It is thought he fell into the river and was drowned, as there is no reason for assuming that he was committed suicide.

Frawley was married to Lizzie K. Ireland, and was respectively connected with the firm of Frawley & Ireland.

PEPPER FOR A WOOL TARIFF.

Offers an Amendment Restoring McKinley Classification.

Chandler's Resolution on the Patrons System Adopted.

(By Associated Press.)

WASHINGTON, June 12.—At the opening of the session of the Senate to-day Mr. Chandler (Rep., N. H.) made some brief observations in support of the resolution to be introduced just before adjournment last night, calling on the Secretary of the Treasury for all information in his possession regarding the extent to which the "patrons" system prevails, with reference to Italian and other immigrants. The resolution was adopted.

At 10:30 the tariff bill was laid before the Senate. The consideration of schedule "K," wool and manufactures of wool, which was reached when the Senate adjourned last night, was taken up. Mr. Pepper (Rep., Kan.) offered an amendment proposing wool, hair of the camel, goat, &c., to the dutiable list, restoring the McKinley bill classification, but scaling down the rates practically one-half.

The amendment made wool and hair of the first class dutiable at six instead of 11 cents per pound (the present rate); of the second class seven, instead of 12 cents (the present rate); of the third class, valued at 10 cents per pound or less, 20 per cent, ad valorem, instead of 22 per cent (the present rate); of the third class, valued at over 10 cents per pound, 25 per cent, instead of 50 per cent (the present rate).

The amendment also made nolls, stoddy, pot waste, mungo, &c., dutiable under the bill at 15 per cent, ad valorem, and under the present law at 30 cents per pound, or a duty of 20 cents per pound.

After Mr. Pepper had offered his amendment, under an agreement made yesterday the Senate went back to paragraph 26, imposing a duty of 40 per cent on the people, with tax on the event of newly discovered evidence.

Mr. Hoar finished at 12 o'clock. His amendment was defeated, and the Jones rate on spectacles (40 per cent) agreed to. As to Senator Hill, he said that he was indifferent, and Mr. Havemeyer said the senior New York Senator seemed more inclined to do what was right than to do what was expedient, like the income tax and Peckham nomination.

TRADE IN STOCKS IS DULL.

A Rise in Sugar Strengthens the General List.

Strike Settlement and Tariff Progress Help the Bulls.

(By Associated Press.)

The bulls were in control of the stock market this morning, and those who went short yesterday on the reduction in the New York, New Haven & Hartford dividend from a 10 to an 8 per cent, basis were forced to cover at a loss.

The progress making by the Senate on tariff legislation and the compromise effected by the Finance Committee operators with their men both had a strengthening effect and induced liberal buying for the long account.

At the start, Sugar ran off 3-4 to 101-1/2, but it steadily recovered, and by 10:30 the market was 1-1/2 to 101-1/2. The general list was 1-1/2 to 7-8 per cent. Burlington & Quincy rose 1-4 to 7-1/2. St. Paul, 60-78, General Electric, 3-4 to 7-8, Chicago Gas 7-8 to 7-8, Louisville & Nashville, 1-2 to 1-1/2, Missouri Pacific, 1-2 to 1-1/2, Lead 2-3 to 3-1/4, Tennessee Coal 7-8 to 19-1/2, American Union 1-2 to 1-1/2, Wheeling & Lake Erie preferred 7-8 to 15-1/2, American Sugar preferred 1-2 to 10-1/2, Rock Island 1-2 to 1-1/2, Erie 1-2 to 1-1/2, and Northern Pacific preferred 1-2 to 1-1/2.

Money lent at 1 per cent, on call and 2 to 3 on time. The Sub-Treasury was 2 to 3 for the clearing-house, this morning for a 100-day bill. The amount it was creditor was small, being \$2,000,000.

Foreign exchange is dull at 47-1/2 to 47-3/4 for bankers' 60-day bills, and 48-1/2 to 48-3/4 for 90-day bills. The market is very light, and bankers generally do not expect as heavy exports of gold this morning as they have been expecting.

The special inducements offered to shippers by the foreigner, declined to 62-1/2 and Mexican dollars to 51-1/2. Bar silver in London fell 1-1/2, to 25-1/2, per ounce. The only remittance of activity in stocks was in Sugar, which was carried up to 101-1/2 on heavy buying, many lots of a thousand shares, and over buying changed hands. This movement kept the general market firm, and the market well maintained.

A few houses, however, had practically all the order showing. The rest of the day was almost entirely professional.

The narrowness of speculation may be seen in the fact that the market for all listed stocks up to noon were only 42-000 shares, while Sugar figured for the day showing 1,000,000 shares. There was a little more successful in their efforts and a reaction ensued.

For the first week of June the Missouri Pacific road earned \$21,000, a decrease of \$114,000; and Louisville & Nashville \$22,111, a decrease of \$3,222. The Manhattan Elevated Railroad reported a decrease of \$1,000,000, a decrease of \$1,100,000, and International & Northern \$45,619, a decrease of \$20,222.
