

Stephenson Will Be the Next and Last to Face the Music.

THEN RE-ENTER MR. LEXOW.

His Committee Will Soon Sit to Continue the Investigation.

NO DECISIONS THIS WEEK.

Grand Jury May Yet Be Asked to Find Some Indictments.

The Police Commissioners have agreed not to render their decision in the trial of Capt. Adam A. Cross and his old ward man, George W. Smith, until the trial of Capt. William S. Devery and his old ward man, Edward Glennon, and Patrolman James Burns have been finished.

The trials of these officers have been adjourned until Tuesday next. As there is no defense in the cases of Capt. Devery and Edward Glennon, the conclusion of their trials will be reached early on Tuesday, but Lawyers Friend and House are doing battle in defense of Burns, and, as the case is still with the prosecution, it is probable that the Burns trial will not be concluded before Wednesday.

Meanwhile, Capt. John T. Stephenson's trial will be postponed, perforce. Mr. Wellman, counsel to the Board of Police, has stated that Stephenson would be tried alone, and as he, as well as the Commissioners are averse to going on with the trial while the trial of the other officers is in session in the investigation of the Police Department, it is not at all likely that any other Captain will be called upon to meet charges after Stephenson.

Mr. Wellman's assistants have been investigating charges against at least four other captains, however, and yesterday he announced that no other criminal cases would ever be tried in the brown-stone building. He said that he would discharge the August Grand Jury, and it is believed that some of the cases will be called to the attention of the Grand Jury during the coming week.

Among the captains whose official acts have been under the scrutiny of Messrs. Osborne and Carothers in Mr. Wellman's office are Capt. Thomas F. Killmer of the 11th Precinct, Capt. William S. Devery of the 10th Precinct, Capt. William S. Devery of the 10th Precinct, and Capt. William S. Devery of the 10th Precinct.

Mr. Osborne declined to state to-day whether or not these officers, and whether charges would be preferred against either of them before the Grand Jury. Mr. Wellman is in Southampton, and will not return to town till Tuesday.

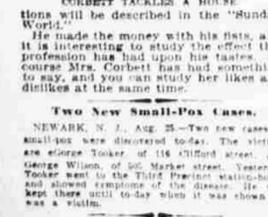

Police Commissioner Murray is the only member of the Board to appear at headquarters this morning, and he said he was going out to town before noon. "After ten days in the complicated trials of five accused officers I am completely worn out," he said. "I need rest, for I have 160 cases of accused patrolmen on my calendar for trial next Monday," said the attorney.

There was a rumor on the street that Gen. Kerwin would side with Commissioner Slocum and vote for acquittal in the case of Capt. Cross. Commissioner Murray said he had heard no expression of opinion from either of the other Commissioners.

Should the Board split, it would "hang over" the charges against the Capt. Cross. The Captain would retain his position, and thus be in the same position that a divided Board left Inspector Williams on one or two trials.

CORBETT'S TOWN HOUSE.

The Flaglet Fitting Up a Residence in Luxurious Fashion. Did you know that Corbett had a palatial residence in this city? The wonderful in de style and artistic decorations...

CORBETT TAKLES A HOUSE. He made the money with his fists, and it is interesting to study the effect this profession has had upon his tastes. Of course Mrs. Corbett has but something to say, and you can study her likes and dislikes at the same time.

REGULAR MATRIMONIAL MIX.

Diamondstein Introduced to Wife No. 2 by Wife No. 1. Afterwards He Returned to His First Choice and Was Arrested.

Isaac Diamondstein, a peddler, thirty-nine years old, of 36 Cherry street, was arraigned before Justice Feltner, in the Essex Market Police Court to-day, to answer a charge of bigamy and grand larceny.

Rosa Diamondstein, of Brownville, was the complainant against him. She says she is his second wife. She alleges that Diamondstein and his first wife conspired together to defraud her, and that she was introduced to her second wife, Rosa, two months ago, and represented him as a business man who wanted to marry.

She became engaged to him and a week later became his wife. He lived with her for two weeks and then disappeared, she alleges, with her jewelry and cash. She says she discovered that she had been duped. She played detective and searched for her first wife, and after diligent search found him living with his first wife at 26 Cherry street.

Rosa went to Capt. Ryan, of the Madison street station, and stated her case to him. Policeman Ryan arrested Isaac Diamondstein at his residence, and took him to the station-house and would have come to blows but for police interference.

Mary, wife No. 1, stated that when her husband married Rosa, wife No. 2, she was told that he had divorced her, but finding that he liked her better than wife No. 2, he obtained a similar divorce, and then returned to live with the first wife again.

Justice Feltner adjourned the further hearing of the case until to-morrow.

VIGILANT REPAIRED.

May Compete in the Torquey Races Tuesday. SOUTHAMPTON, Aug. 25.—The repairs to Vigilant will be completed this afternoon. She will be floated on Monday, and her centreboard will be hung, ready for racing.

The date of the American yacht race against the British in an equatorial contest has not yet been settled. It depends upon Mr. Howard Gould, who is in London. Mr. Gould and his family are in France.

Up to 2 o'clock this afternoon, Capt. Hoff had no instructions as to racing, although it was expected that Vigilant would be ready to start at the Royal Yacht Club at Torquey on Tuesday next.

"In order to make the repairs necessary," said Capt. Hoff, "we were obliged to cut out and replace six or seven hundred pounds of lead. All the repairs suggested by the Herreshoffs, I carried them out in full details, and I believe that some of the cases of the captains and other police officers will be called to the attention of the Grand Jury during the coming week."

Among the captains whose official acts have been under the scrutiny of Messrs. Osborne and Carothers in Mr. Wellman's office are Capt. Thomas F. Killmer of the 11th Precinct, Capt. William S. Devery of the 10th Precinct, and Capt. William S. Devery of the 10th Precinct.

STRANDED STEAMER BURNED.

All Excursionists Safely Landed in Salem, Mass. SALM, Mass., Aug. 25.—The excursion steamer "City of Portland" of the Boston, Beverly and Salem line, went ashore on Little Aquia Vitis Rock in Salem harbor last night. There were 20 passengers on board at the time and they were all safely landed without incident.

The steamer caught fire about 1 o'clock this morning and was burned to the water's edge. All those aboard got off safely.

ALL THREE WERE DROWNED.

Canoe Containing Two Men and a Boy Capsized. WALTHAM, Mass., Aug. 25.—Benjamin Kershaw and Robert Thomas, middle-aged men, and Johnnie Kershaw, aged ten, were drowned in the Charles river this afternoon by the overturning of a canoe.

The three were paddling up the river, and when near the Moody street bridge the men attempted to throw a large dog overboard.

In the effort the canoe was capsized and the three men were pulled out, but died soon after. The bodies of the men were recovered an hour later. Kershaw was a widow and had three children. Thomas leaves a widow.

BEKAEDED AS SPIES.

Many Japanese Said to Have Been Killed in Formosa. Chinese Active in Hunting Down Agents of Their Enemies.

Their Cavalry Reported to Have Done Excellent Work. (By Associated Press.)

SHANGHAI, Aug. 25.—The activity of the CHINESE in hunting down Japanese spies increases every day, and if the Chinese are to be believed, the coast must be overrun with agents of the Japanese Government.

Seven Japanese, in Chinese costume, were arrested here today, and it is given out that they will be executed in China, but nobody would be surprised if they were treated more severely. The Japanese elsewhere are subjected to the most harsh treatment.

At the island of Formosa the Chinese authorities have been decapitating Japanese subjects, supposed to be spies, in large numbers. According to advices received here from Formosa, fifty Japanese have had their heads cut off recently, after having been arrested as spies.

The most intense heat prevails here, and there is much suffering in consequence. In order to raise money to push the military operations, the Chinese Government has increased the transit dues on yarn.

The letter from Chemulpo, Corea, received at Che-Foo yesterday, announcing the defeat of a Japanese force and the killing of 1,200 Japanese soldiers, is much commented upon here.

If the report of the battle is correct the Japanese force in two parts, did excellent service, and the subsequent operations of the Chinese artillery from an eminence caused great havoc in the ranks of the soldiers.

STRIKE MAY SOON END.

Grapo Believes That Labor Day Will See the Last of It. (By Associated Press.)

NEW BEDFORD, Mass., Aug. 25.—The great strike here will be ended in the course of a week, if the statement of W. W. Crapo amounts to aught.

Mr. Crapo said that he looked for a speedy adjustment of the trouble, and when pressed for a definite reply, said he thought that after Labor Day the end of the fight would be in view.

He stated further that he believed the manufacturers were in fault, for the morning for which they had paid the reduction of their rates should have given the operatives at least two weeks' notice, and also stated definitely that the men would not return to work until the strike was over.

He also practically admitted that the present system of payment adopted by the manufacturers was equally as fully received.

In regard to his future plans and those of Vigilant, Capt. Hoff said: "According to the present arrangements, Vigilant will lay up here for the Winter, and in the Spring she will be fitted out for racing in the Mediterranean."

Capt. Hoff was then asked if he was to remain here in command of Vigilant. He said, emphatically: "No. I would not stay if they gave me the boat. I want to get home."

BOTH KICKED WOMEN.

Two Similar Cases of Brutality Reported to the Police To-day. Catherine Hagerty, thirty-five years old, living at 517 East Fifteenth street, quarrelled with Denis Hagerty this morning and was severely kicked about the body by him. She was attended by her family doctor. Hagerty was arrested and held in the station.

Philip Waterman, bartender in the saloon at 107 East 10th street, was held in the station for a woman who had kicked her in the abdomen. Waterman denied the charge. He says that the woman entered the saloon and as she became very noisy he merely ejected her from the saloon.

SUGAR PEOPLE LAUGH AT IT.

Do Not Believe that Carlisle Visited the Trust's Offices. A long circumstantial story, published in a morning newspaper, was to the effect that Secretary of the Treasury, John G. Carlisle, made two visits to the offices of the American Sugar Refining Company, at 117 Wall street, while he was in the city in the month of March and July last.

APISDORF AGAIN IN TROUBLE.

His Place Raided and Two Women Arrested. Capt. Cortright Hot After the Man with a "Pull."

Mortis Apisdorf, the cafe-keeper, of 17 Allen street, who has been repeatedly arrested for quarrelling with his wife, was again a prisoner in the Essex Market Police Court to-day. He boasts of his "pull." This time he was held for trial in default of \$500 bail on a charge of running the cafe as a disorderly house.

Policemen Neinschaeffer and Weiner, of the East Sixty-seventh Street Station, obtained the evidence against the cafe, while the former was disguised as a barber and his brother policeman as a butcher's clerk. They visited the place on August 21st and 22d. While there they were served with whiskey and beer, and were invited into a rear room by two of the girls. On their return to the station they obtained a warrant for Apisdorf.

Capt. Cortright went to raid the place on Thursday night last. Apisdorf was not present and the two girls found in the place were arrested. Justice Feltner discharged one of the girls yesterday and fined the other \$10. Last night Apisdorf was caught in the cafe and an interesting case will be heard at the Police Court to-day.

In court to-day Apisdorf denied being the proprietor of the place, and said that the warrant and that he found it a difficult task to drive him out of the place.

"I often told him," said the Captain, "that I didn't see how he could make a living in the place when he only was out for a few minutes at a time, and notwithstanding that, he defied me to come in on my own and keep him out. I am going to keep him out, and I'll see whether I cannot drive him out of the place. I was compelled to get evidence to raid the place."

NO CONVICT COMPETITION.

McDonough Would Have Prisoners to Only State Work. (By Associated Press.)

ALBANY, N. Y., Aug. 25.—At the morning session of the Constitutional convention to-day, Mr. McDonough continued his remarks in favor of his amendment abolishing prison labor competition, but keeping the prisoners at work.

He explained that the labor organizations had not asked that the prisoners be kept idle. They could make good work, and it would be better for them to work. All that they wanted was that the products of the prison should not be sold to the general public, but to the home labor outside.

He showed by figures that the best of the convict-made goods were sold to the outside market, and that the men in the prison were not being made out of prison labor.

He said his measure allowed the farming of out of prison labor for State or municipal work. He called attention to the New York Penitentiary, where the prisoners were kept busy providing goods for the various departments of charity.

Ellisburg, the Superintendent, had said that if he was the State Superintendent of Prisons, he would employ the prisoners in the State employed making goods for the prisons and other State institutions and do it with profit to the State.

Mr. McDonough appealed to the members of the convention to pass his amendment in a humane cause if they passed this amendment.

Fire Started Mysteriously Shortly After Midnight. ELIZABETH, N. J., Aug. 25.—Shortly after 1 o'clock this morning a fire was discovered in the Connolly Lion Sponge Works, at the foot of Fulton street, this city. An alarm was turned in, but the fire was not extinguished until it had burned for some time. The works were engaged in the manufacture of sponges for refining gas and were 80 by 100 feet. The large abutments, which was two stories high and of frame. How the fire started is a mystery.

FROM THE CITY RESERVOIRS.

Brooklyn Will Be Supplied with Water from Reserves. Chief Engineer Bergen, of Brooklyn, reported to City Works Commissioner White this morning that there was less than four feet of water now in the Ridgewood reservoir. It is not safe to draw the water after it has reached a depth of only three feet.

Within a few days water will be drawn from reservoir supplies in the city. Usually the Ridgewood reservoir contains from fifteen to seventeen feet of water.

GHOSTS TO THE BR.

When the Day is Done Read the News of the Day. Arraigned in the Lee Avenue Court and Held for Trial.

Spectres That Frightened People Were Vagrants in Flour Sacks. Had Been Living Lives of Bliss in Archie Bliss's Vacant House.

The unusual presence of ghosts, the actuality of which is being asserted in affidavits on the one hand, and is receiving the attention of leading scientists and doubters on the other, and the consequent discussion of the subject, has given a lively interest to the Summer season, usually so quiet. Ghosts are being hunted on every side. Some are laid, and some, it is alleged, are still stalking their chosen paths, and like Banquo's, will not down. Haunted houses are getting so common that the announcement of the discovery of another hardly creates a ripple now.

But the story of the haunted house once occupied by ex-Congressman Archie Bliss in Brooklyn, has attracted the attention of a member of that most materialistic of guilds, the Brooklyn police force. Moreover, a materialistic police justice, sitting in the Lee Avenue Court, has decided that the ghosts—there were two of them—were the souls of vagrants, and he held for trial as common vagrants. They are Emanuel Baumann and Joseph Peck, who were arrested last night. They are charged with haunting the house, and with appearing in the house in their ghostly apparel and had been living in ethereal bliss in Bliss's old house for a whole month.

COURT DIDN'T HOLD FINN.

Arrested After a Woman Had Missed a Diamond. Martin Finn, aged twenty-two, in the employ of the Wood Mosaic Company, at 315 Fifth avenue, and living at 551 West Fifty-third street, was discharged when arraigned in Yorkville Court to-day as a suspicious character by Policeman Beyers, of the West Sixty-eighth street station.

Eighteen months ago a Mrs. Gage, of Thirty-first street, between Madison and Fourth avenues, discovered that a diamond stud belonging to her husband had been missing. She and her fellow-workman had left her house. Finn was discharged by the court to-day as a suspicious character by Policeman Beyers, of the West Sixty-eighth street station.

On Wednesday last some work was to be done at the residence of Mrs. Gage, at 315 West Fifty-third street. Without the knowledge of the manager, the foreman engaged Finn to work on the roof. He was working there when Mrs. Gage's maid, Hannah, missed a \$50 diamond pin. He denied any knowledge of the missing diamond.
