GRACE WORRIES THE TIGER.

Tammany Leaders Concede that He Holds the "Balance of Power" Here.

IS HE AFTER A SENATORSHIP?

Hint that He is Ambitious to Succeed to David B. Hill's Place in Washington.

GILROY'S COMMITTEE IN SESSION

German-American Reformers Go Before It and Suggest Charles G. F. Wahle for Sheriff.

THACHER HEADS THE LIST.

There is not very much going on at Democratic campaign headquarters in the Park Avenue Hotel today. Since Senator Hill's return to Albany, the place is not quite so attractive to the leaders. Besides, there are so many states to fix up in conformity with Senator Hill's plans for Harmony, that the leaders haven't much time to loaf around headquarters.

The Tammany leaders are busy trying to agree with the State Democracy people on a division of Congressmen and Assemblymen in an effort to strengthen the State ticket and to get a majority in the State Legislature, so that Senator Hill can carry out his promise to name Bourke Cockran as his successor to the United States Senate.

There is a suspicion among the Tammany leaders that Senator Hill is placing too much confidence in Mr. Grace, and that the latter proposes to give Tammany what is known as a "double-cross." These suspicious persons prefer to believe that among other things Mr. Grace is playing for "the balance of power" in the Legislature, so that he can secure the United States Senatorship for himself under a threat that he will otherwise throw his legislative votes for the choice of the Republicans.

Mr. Grace is giving the Tammanyites a lot to worry over just now. They admit that he can make certain the election of the Republican ticket if he places a city ticket of his own in the field made up of candidates that Tammany cannot indorse, and they are so certain that he intends to use his power to the utmost that they are no longer talking of meeting him half way, but of sacrificing everything for the harmony necessary to elect the State ticket.

Mayor Gilroy has denied long along that there is a "deal" on with the Grace Democrats, and from present indications it looks more like a "surrender" on Tammany's side than a "deal."

The Advisory Committee of Eight appointed by Tammany's Committee of Strategy, to conduct the campaign, which adjourned over from Friday last, met this morning at 10 o'clock in Tammany Hall. The Committee consists of Mayor Thos. F. Gilroy, Henry D. Purroy, James J. Martin, Corporation Counsel W. H. Clark, J. F. Carroll, James W. Boyle, Daniel McMahon and Patrick J. Conroy.

County Clerk Purroy was the first to put in an appearance, and while waiting for the others to arrive he said it would be almost impossible to outline for some days what Tammany's course would be.

"The next few days," he said, "will be taken up with the country chieftains to talk up the changes in the situation. I am one of those who hope for the ultimate success of the State ticket. As to all this talk of union with the New York State Democracy, I can say nothing. I never like to discuss a situation until I meet it. Usually I like to talk, but I do not believe the present is a good time to say anything. We must wait."

Mayor Gilroy arrived at Tammany Hall promptly at 10 o'clock. Then along came all the others of the Advisory Committee, save Commissioner Martin, who, however, appeared later. Police Commissioner John J. C. Bennett, a dozen or so other shining lights of the Wigwag, were among the last to hear what the plan of campaign was like.

As to the naming of a candidate for Mayor-in-case the Grace-Fairchild combination is not going to be indorsed—it was pointed out by the Mayor's agent, Thomas F. Gilroy, was not settled until an hour or so before the holding of the Convention. It is expected that the same state of affairs will be witnessed again. One thing seems certain, however, is some kind of a union will be effected on the Congressional, Senate and Assembly nominations.

While the Advisory Committee was in session a delegation from the United German Democracy arrived and asked a hearing. They were Mr. Jacob Conde, Dr. A. Fresh, J. W. Fleck, Ex-Coroner M. Ellinger and Martin Dahlbender. Their object was to present the name of Commissioner of Accounts Charles G. F. Wahle for Sheriff.

The conference lasted until 11:15 o'clock. On its conclusion Mayor Gilroy,

CLOSING IN ON PEKIN. SLASHED HER RIVAL. BULLET FOR HIS WIFE.

Japanese Warships Near Tientsin, Seaport to the Capital.

Legations at Washington Expect a Decisive Battle Soon.

Cold Weather Nearly Due in China and the Japs Unprepared.

(By Associated Press.) TIENTSIN, Oct. 8.—The steamer Wen-chow reports having spoken seven Japanese warships on Sunday. Some of them were ten miles south and others were northeast of the Promontory. The Japanese were inquiring about the movements of the Chinese Southern Squadron.

LONDON, Oct. 8.—A despatch from Chefoo, to the Pall Mall Gazette, this afternoon, says that British and Russian Ministers, N. R. O'Connor and the Count Cassini started for Peking yesterday.

The despatch adds that all the women and children belonging to foreigners have left Peking for places of safety.

CRISIS EXPECTED SOON.

Peking Likely to Be Too Cold for the Japs Within Two Weeks.

(By Associated Press.) WASHINGTON, Oct. 8.—The crisis of the China-Japan war is looked for within the next ten days or two weeks, by those most interested and best informed on the contest. The legations of the two countries are expecting daily to hear that the decisive battle has been fought.

This is based on the fact that the Japanese have been gradually closing in around Peking, and the invading army is complete. The Japanese are expected to strike their blow at once, or not at all. The intense cold which comes on about the middle of October makes this imperative.

The Japanese climate is very mild, even in winter, and the Japanese troops are wholly unprepared for the winter campaign which is now due within two weeks.

The Chinese look upon this as one of the best defenses, and they fully appreciate that it compels them to concentrate their campaign for this year into the next few weeks, and if possible, days.

WANT DUNPHY RENOMINATED.

Post-Office Clerks Will Urge His Re-election Again.

At a meeting of the Post-Office Clerks' Association yesterday, resolutions were passed, thanking Congressman Dunphy, who carried out his promise to name Bourke Cockran as his successor to the United States Senate.

There is a suspicion among the Tammany leaders that Senator Hill is placing too much confidence in Mr. Grace, and that the latter proposes to give Tammany what is known as a "double-cross." These suspicious persons prefer to believe that among other things Mr. Grace is playing for "the balance of power" in the Legislature, so that he can secure the United States Senatorship for himself under a threat that he will otherwise throw his legislative votes for the choice of the Republicans.

COUNTY CHAIRMEN ARRIVE.

Want to Know How Well Thacker's Executive Committee is "Fixed."

County Committee Chairmen from all over the State began to arrive at Democratic Headquarters, in the Park Avenue Hotel, soon after 10 o'clock this morning, to report on the situation in their counties, and to receive instructions as to the opening of the State Executive Committee.

Among the County Chairmen were: H. H. Perry, of Herkimer; P. J. Kennedy, of Sullivan; J. C. Bennett, of Warren; H. V. Owens, of Montgomery; and H. Van Bergen, of Greene. The counties were represented by noon.

Perry Belmont was one of the early arrivals from the country chieftains, and he was mobbed by them in their eagerness to learn how well the Executive Committee was "fixed."

PANIC IN CHICAGO THEATRE.

Audience in Jacobs's Playhouse Rashed for the Doors.

(By Associated Press.) CHICAGO, Oct. 8.—Panic at Jacobs' Clark Street Theatre followed the discovery of fire in an adjoining building last night. Nearly half the audience rushed out of the doors. The employees and police at the theatre made every effort to prevent a panic and to assure the audience that fire was in an adjoining building, but their efforts had no effect upon the frightened men and women.

Three hundred men and boys were crowded into the stairway leading to the street from the gallery. They pushed and fought in their mad rush to break down the doors. Only the firemen and timely work of a policeman prevented their trampling each other to death.

After several minutes' determined work with his club and voice the official succeeded in clearing the stairway and getting the crowd under control. A number of persons were sent to the hospital. Only the firemen and timely work of a policeman prevented their trampling each other to death.

SLASHED HER RIVAL. BULLET FOR HIS WIFE.

A Jealous Colored Girl Cuts Off Another's Nose.

Used a Razor in Her Fight for Revenge.

Both Were Favorites of a Minstrel Show Actor.

Nellie Cooper, a very pretty young colored girl only eighteen years old, was arraigned in the Jefferson Market Police Court this morning before Justice Voorhees charged with felonious assault. Nellie lives at 14 West Twenty-ninth street with her mother, who is the janitress of the building. Lately there has been much jealousy existing between her and another pretty colored girl, Maggie Robinson, of 34 West Thirty-seventh street. Several times these two girls have fought over their lovers.

The latest acquisition to the Sixth avenue colored society is Will H. Proctor, who is now playing in the minstrel show at Worth's Museum. Last night some friends of the actor gave him a benefit at 113 West Thirty-second street. Among the girls who were at the show were Nellie and Maggie. Maggie occupied nearly all of Proctor's attention, and this angered Nellie, who waited until the opportunity offered, and coming upon her rival unawares, she drew a razor and made several slashes at her.

Maggie's nose was cut off and she also got a stab in the neck and a wound in the leg. Maggie was taken home and her wounds attended to. This morning Nellie was arrested at her mother's home by Detective Jeroloman.

In court this morning she was held for trial. Her prosecutor was the old Justice Voorhees. Nellie was a bad girl and had caused her a great deal of trouble.

KOSTER & BIAL'S CASE

Judge Gildersleeve Grants a Temporary Injunction.

Judge Gildersleeve, in the Superior Court, today granted a temporary injunction to Gustav Hammerstein, restraining Messrs. Koster & Bial from in any manner interfering with the interests of the corporation under the firm name of Koster & Bial, with an order to show cause why the injunction should not be made permanent, and also gave a receiver to be appointed to take charge of the affairs of the corporation. The application was made by Howe & Hummel, and is returnable Oct. 11.

In making the application for an injunction, Mr. Hammerstein made six separate charges, as follows:

That the defendants were misappropriating the funds of the corporation and were guilty of other misconducts; that money had been illegally converted by Mr. Bial for the conducting of the place and securing a license, paying \$5,000 for a license and \$100 per month "commission"; that money had been used for the purpose of paying the salaries of the defendants; that the private accounts of the concern had been mingled with private accounts of the defendants; that Bial had rendered a bill for \$3,526.32 for furniture bought from himself, the amount being extorted.

He asks that Koster & Bial be compelled to account and pay back all money to the corporation, and also in violation of contracts; that the contract be restored to Mr. Hammerstein; that Koster & Bial be enjoined from interfering with the corporation's affairs, and that a receiver be appointed.

After carefully reading the papers in the case, Judge Gildersleeve, subsequently signed them. When the injunction is returned for final argument some spicy facts will be brought out. It is said in regard to the "monthly commissions," and to whom they were paid.

Mr. Hammerstein's subsequent report to the court this morning that Koster & Bial had stolen \$100,000 from the firm of Tracy, Boardman & Platt for services in defending the suit out of the funds of the corporation. A few days ago Lawyer Fromme was paid \$2,000 under similar conditions.

It is doubtful if the regular performance will be given at the house this evening. Two or three days ago Joseph Rub, a stage contractor, who has been with Mr. Hammerstein for seven years, was discharged because, it is claimed he had conspired with the defendants in regard to matters pertaining to the stage settings and lighting of the job will go to the Central Labor Union today and lay these facts before them.

AGAINST JOHN Y. M'KANE.

Contractor Lenson Gets a Judgment for \$885.75.

Thomas P. Lenson, contractor, secured a judgment by default for \$885.75 to-day before Judge Truxin in the Supreme Court against John Y. McKane, the late Gravesend boss, who is now in Sing Sing.

It was shown by the testimony of Lenson that in the winter of 1889 he secured the contract to erect new grand stands at the Guttenberg North Driving Park. Henry D. Southern, agent for McKane, Rub, Lenson and others, had been contracted to McKane. Lenson held out asking \$3,000 for the contract, but finally accepted the grand stands to be erected by McKane. Lenson was unable to recover the \$3,000 which he had offered for the contract to erect the grand stands, and a receiver was appointed to take care of the money for the work he did for McKane. Judge Truxin directed the jury to render a judgment for the whole amount.

BOY BOXER DROPS DEAD.

Killed by a Blow Over the Head Dealt by His Conain.

(By Associated Press.) NEW ORLEANS, Oct. 8.—John A. Gerahy, fourteen years old, while boxing with his cousin, Edward Turner, about the Grand Canal, was struck over the head and dropped dead. The boys were boxing with regular boxing gloves.

SUICIDE WITH SALT. BEATEN AT HIS STAND.

Shohuman Could Not Beg Bullets, but Managed to Kill Himself.

Poor, Aged and Decrepit, He Still Tried to Live by His Needle.

Threatened Eviction Made Him Desperate and Weary of Life.

Peter Schuman, seventy years old, committed suicide in the one small room he occupied at 63 Central avenue, Williamsburg, at 7 o'clock this morning, by blowing out his brains. The weapon used was an old horse pistol, but Officer Whitehead, who discovered the body, says he believes that the old man used salt instead of bullets.

When found, Schuman was lying face upward on a lounge. There was a hole in his head extending from the frontal bone to the right eye. The skull is cracked completely across.

Schuman has lived in the Central avenue house for nearly two years, and neighbors say that of late he has been on the verge of starvation. The old man had no living relatives, and despite his age was compelled to work as a tailor. Recently his strength has given out, and last week all he was able to earn was \$2.

Last night Peter Fry, the landlord, told Schuman that if he did not pay \$4 arrears for rent he would be dispossessed. Schuman pleaded for grace until night Louis Schmidt, who lives across the hall, heard Schuman crying and rushed to his aid.

"My God, what will I do?" he exclaimed time and time again. "I am a friendless man, and I have no one to turn to. At 7 o'clock this morning Mrs. Schmidt heard the report of a pistol, and her husband got a stipulander and looking over the fanlight, saw Schuman stretched out on the lounge. Schmidt immediately called the police. Whitehead broke in the door.

All the furniture in the place was the lounge, a table, sewing-machine and two rickety chairs. His bedstead had been sold, and he had only a few cents left in his possession. There was found in his breast, two onions and a jar of salt, and it is believed that this latter is supposed the old man got his ammunition.

A little powder from Schmidt yesterday, on the plea that he wanted to fire off his pistol. He tried to shoot himself, but the powder failed to have them.

The wound in his forehead is a gaping hole about four inches across, and it is believed that after loading the pistol tightly with salt, he fired it.

"I have seen a number of dead men," declared the police officer, "but never one that was as badly or as strangely disfigured as this one. The body has been notified and will hold an inquest."

DEAD IN A BARBER'S CHAIR.

Borgmeyer Chained Not Down and Shot Himself.

Coroner Creamer and a jury in Williamsburg today held an inquest over the body of Herman Borgmeyer, and decided that the man had committed suicide.

Borgmeyer was a barber at 87 Roebuck street. Of late he had been drinking heavily, and it is supposed that it affected his mind.

Yesterday afternoon Borgmeyer took a large revolver from his desk, and placed a bullet through his right temple.

RICHARD WORTHINGTON DEAD

He Expired Suddenly Last Night at the Sea Cliff House.

Richard Worthington, secretary-treasurer and general manager of the bankrupt Worthington Publishing Company, died suddenly at 10:30 o'clock last night at his summer home at Sea Cliff, L. I. His age was fifty-eight years.

Rumors were current to-day, owing to the suddenness of his death, that Mr. Worthington had died under mysterious circumstances. Of late he had been oppressed by business troubles, aggravated by his arrest for alleged misappropriation of the funds of the company.

Lawyer James C. Pink, 226 Broadway, attorney for Receiver J. J. Little, who has charge of the assets of the bankrupt concern, told a reporter for "The Evening World" this morning that he expected that the Rev. S. W. Brooke will be the officiating clergyman.

He had taken out three policies of life insurance in the Mutual Life Insurance Company, for \$2,000, and also three policies in the Aetna Life Insurance Company, of Hartford, for \$5,000 each. These policies were all taken out by him, and are being sued for.

Mr. Fisk said the suits would be continued against Mrs. Worthington and Mrs. Spaulde.

France and Madagascar.

(By Associated Press.) PARIS, Oct. 8.—Eugene to-day throws cold water upon the reported intention of France to annex the island of Madagascar, saying that "the result obtained there since 1885 is not brilliant and scarcely sufficient to make us desire to annex the island."

EXTRA. 2 O'CLOCK.

SHEPARD'S THIRD TICKET.

It Is to Be Placed in the Field at a Meeting in Brooklyn To-Night.

C. S. FAIRCHILD FOR GOVERNOR

Shepardites Want Him, but the Grace Deal May Force a Declination.

HELP FROM UP THE STATE.

The Beltoners Claim They Will Have No Trouble to Obtain the 3,000 Necessary Signatures.

At the headquarters of the Shepard Democracy "in" Kings County, 201 Montague street, Brooklyn, this morning, it was officially announced by Secretary Charles J. Edwards, Mr. Shepard's right-hand man, that a third State ticket would be placed in the field at once.

All the delegates of the anti-regulars from Kings County who went to the Saratoga Convention received a notice from Mr. Shepard this morning to meet at the Montague street headquarters to-night to select candidates for Governor, Lieutenant-Governor and Judge of the Court of Appeals.

If the ticket is prepared to-night, the petition required by law will be circulated in Kings County, New York and up the State for the 3,000 signatures necessary before the ticket can be printed.

The object of circulating the petition outside of Brooklyn is to give the dissatisfied factions in some of the up-State counties a chance to co-operate in the law requires that the petition shall be filed with the Secretary of the State by or before Oct. 16.

The Shepardites believe that there will be no difficulty in securing signatures, as in Kings County alone, they say there are nearly 100,000 voters who are in sympathy with the movement of a third ticket.

The only candidate spoken of to head the new ticket so far is Charles S. Fairchild, of the Grace Democracy. In view of the talk of a deal between the Grace people and Tammany Hall, it is not believed that Mr. Fairchild will now accept the nomination, although he once professed a willingness to do so.

In Kings County the action of the 250 Republicans who on Saturday night refused to join forces with the Shepardites, has caused considerable feeling to crop out among the independent element of the G. O. P.

The Shepard people say now that they will gain thousands of votes by the partisan attitude of the Republicans.

Now that the objectionable State Committee members from Kings County are upon the ground, the regulars will move smoothly. New blood will be selected.

The regulars are to make no further effort towards harmony with the Sheparding. The latter organization will now also have to contend with a new enemy—the Tammanyites. The element is made up of the friends of Justice Gaynor, who blame Edward M. Shepard for Justice Gaynor's defeat. All these elements regular Democrats, Republicans and Independents, whose one object is to defeat the Shepard Democracy.

BEARS TAKE THEIR TURN.

Sugar and Chicago Gas Lead a Drop in Prices.

Despite the fact that early quotations from London came below the parity of our closing on Saturday the market here started off with a good show of strength. An advance of 1-8 to 1-2 per cent. was recorded, but the bears immediately took measures to check the improving tendency.

Sugar was their special favorite, and under free offerings the stock declined 1-4, to 8-14. It was rumored that further reductions in the price of refined sugar—to the lowest figures on record—were contemplated, and the story worked splendidly for bears. All the Chicago Gas was hammered from 7-12 1/2 to 7-14.

Hurlington & Quincy fell 5-8 to 7-3-4. Rock Island 3-4 to 6, Reading 1-13 to 1-8-8. Western Union 1-2 to 89. Bay State 18-8. Erie 20-14. St. Paul 3-8 to 3-12. Northern Pacific 3-8 to 3-13-4, and Louisville 1-2 to 1-13-4. Union Pacific 1-2 to 1-13-8, and Pacific Mail 1 to 1-16.

TWO KILLED AND FIVE HURT.

Steam Pipe Exploded at a Steel Plant in Chicago.

(By Associated Press.) CHICAGO, Oct. 8.—Two men were killed to-day in the Illinois Steel Works, and five injured by the explosion of a steam pipe. The dead are: William Miller and A. B. Sparrow.

The recovery in the price of refined sugar is doubtful. They are: John Holstrom, Thomas Dorsey, Oscar Wagner, Joseph Todman, Peter Mooney, and three Chicago players at the South Chicago mill. The injured were taken to the company hospital.

GERMAN AMERICANS SPLIT?

Rumors That These Reformers Are Divided on the Legal Question.

A split in the German-American reform movement was one of the announcements made this morning. On Friday their representatives practically broke the ticket put forward by the Committee of Strategy. It was then stated and reiterated on Saturday that they would join hands with the Grace-Fairchild Democracy. The same day some of them will work with Tammany and others with the reformers.

The visit of the delegation to Tammany Hall this morning is taken as a verification of the situation.

Anarchist Caught in France.

(By Associated Press.) LONDON, Oct. 8.—A despatch from Paris to The Times says that Charles Vermet, an Anarchist, has been arrested at Lodve, Department of Herault. He predicted the murder of Carnot a month before the President was assassinated.
