

BROOKLYN. FELL OFF THE 'L' ROAD

Guard Matthews Dashed Down Eighty Feet to His Death.

It Was at the Highest Point of the Brooklyn Union's System.

Unconfirmed Report that His Fall Was from a Train.

John Matthews, thirty years old, employed as a guard on the Brooklyn Union "L" road, fell from the structure at Third Avenue and Fortieth street at 6 o'clock this morning and was instantly killed.

The tracks where he fell are eighty feet above the street, the highest point on the entire system. The employees of the Company who were near by at the time refused to give any details of the accident, but it is rumored that Matthews was thrown from a train.

Another story is that he was crossing the tracks, when he stumbled and fell into the street. Which report is true could not be ascertained this morning.

A guard, who professed to know nothing concerning Matthews' death, thought he might possibly have been thrown through a gate which had accidentally been left open.

When Matthews was found he was still alive, and an ambulance was sent for. Surgeon Schaeffgen, of the Norwegian Hospital, responded, but the man died before his arrival.

ANOTHER SPLIT IN KINGS?

Bell Men to Dispute Leadership with the Regulars.

There is every indication that there will be lively times when the Executive Committee of the Regular Democracy meets in Brooklyn Monday night, as it was positively announced this morning that the old Willoughby street machine will make a fight for supremacy.

This announcement was made by a person who is close to Hugh McLaughlin, the veteran leader, and one of the "Big Four" of the machine.

If there is a split, Kings County will have three factions in its Democracy instead of two—that is, unless the followers of James P. Bell join forces with the Shepard people to fight the machine.

At a meeting of the Executive Committee, the fight on the machine was the question of whether the reorganizers are to control the party or whether the old machine is to lead.

The matter has been brought to a head on the present occasion by the State Committee in place of Senator Michael J. Coffey, John Delmar and John McCarty, the machine leaders, who were forced out by the Bell faction.

These men say the Executive Committee has not the power to elect the State Committee, as they must be elected by a resolution passed at the State Convention.

The machine men say that the voters will stand by them to force Bell and his followers out, as they are disgusted with the result of the recent election. They see the Willoughby street machine again reorganized.

The members of the "Big Four" told an "Evening World" reporter this morning that the State Committee elected would be made up of the machine leaders, had been completed to overthrow the Bell people.

DR. CARROLL DEAD.

He Was a Son-in-Law of Ex-Register Hugh McLaughlin.

Dr. A. F. Carroll, son-in-law of ex-Register Hugh McLaughlin, died this morning at his residence, 165 Washington Park, Brooklyn. He had been suffering for some weeks from Bright's disease.

Dr. Carroll was twenty-eight years of age, and was a son of the late Police Commissioner Thomas Carroll. His marriage to Miss Helen McLaughlin Jan. 13, 1892, was a notable event, the wedding gifts received from the political friends of the bride's father were of such value that Dr. Carroll had a vault constructed beneath the sidewalk in which to store them.

There were about a dozen silver sets, and numerous solid silver sets, spoons by the hundred and silverware of various kinds and forks.

Dr. Carroll was a graduate of the Long Island College Hospital and had a large practice.

MAY BRING CHARGES. The LXX. Has Another Chance to Supersede Fellows.

But That Would Be Playing into Tammany's Hands.

Prospect that the Matter Will Hold Over for Gov. Morton.

Now that Gov. Flower has refused the request of the Committee of Seventy to require the Attorney-General as a deputy to prosecute cases of malfeasance in office and of election day frauds, the members of the LXX. are in favor of presenting evidence to the Governor to show that District-Attorney Fellows could not be depended on to conscientiously prosecute these cases.

It was on the ground that no such evidence had been submitted that Gov. Flower declined to pass over the District-Attorney's head and direct the Attorney-General's office to conduct the prosecutions, as was done so successfully in Kings County when McKane and his henchmen were convicted.

ST. PAUL'S WEAK STATEMENT. It Was Used by Bears to Depress Stock Prices.

The Market Ruled Low from the Start To-Day.

The St. Paul statement for the second week of November was the pivot on which speculation turned this morning.

The road earned \$664,410, a loss of \$10,350, as compared with last year. The heavy decline invited an attack by the bears, and not only did St. Paul decline, but all the other Grangers yielded in sympathy.

The volume of business outside of this group was small. Manhattan rose 1/2, to 108, on the announcement that the cause for the poor showing made recently by the Company was the fact that the management charged about \$60,000 expended for new equipment and rails to expense account.

St. Paul fell 1/2 to 61 1/2. Rock Island 1/2 to 62 1/2. Northwest 1/2 to 100 1/2. Burlington 1/2 to 74 1/2. Southern Railway 1/2 to 104. Do. pref. 1/2 to 105. Richmond Terminal 1/2 to 105 1/2. Chicago Pacific 1/2 to 105 1/2. Lackawanna, 1/2 to 157 1/2. General Electric 1/2 to 34 1/2. Northern Pacific 1/2 to 43 1/2. Union 1/2 to 8 1/2. Lead 1/2 to 4 1/2. Money 1/2 per cent. on call. Foreign exchange 1/2 at 4 1/2. 4 1/2-4 for bankers.

Commercial bar silver rose to 63 1/4 in the presence of the close, the Grangers being the chief object of attack. St. Paul sold at 60 1/2, a net loss of 2 1/2 per cent. The coalers, however, Chicago Gas was relatively firmer than the rest, and the rest mentioned closed higher than yesterday.

Under cover of the attack on the West-end the bears were busy with other stocks of which they are short. The sales of listed stocks were 106,000 shares in the United States and 1,000 shares of Sugar and 1,400 Lead were traded in.

Five Candidates Have Not Filed Their Statements.

All but five of the candidates, out of more than 400, who ran at the recent election, had filed their statements of campaign expenses before the closing of the County Clerk's office yesterday afternoon.

The five candidates who failed to comply with the law, and may be arrested, are: James H. McGowan, Charles C. Brooks, of 100 Third Avenue, Frank J. Ferrell, of 120 West Third Street, and Frank H. Stover, of 100 East One Hundred and Fourth street. The latter has died since the election.

STILL AT WORK ON THE VOTE. So Far There Are Four Contests Scheduled for Aldermanic Seats.

The Board of County Canvassers began to count the returns from the Fifteenth Assembly District this morning.

So far four Republican candidates for Aldermanic seats have announced their intention to make contests for the seats of Tammany men. They are Kilroy, in the Second District, in the Twenty-first, O'Neill, in the Fourth, and McNally, in the Twenty-second. The courts will have to decide the contests.

CAN'T REACH HIS STABLE. Boniface Kerr Wants the Cable Synchroelectric Enjoined.

Leonard R. DEEP WATER AT GALVESTON. The Perplexing Problem of a Channel Through the Bar Solved.

GALVESTON, Tex., Nov. 17.—The fruits of the Galveston jetty system, upon which millions of dollars have been expended, are now beginning to ripen. A new channel was discovered across the bar Thursday, and at night thirteen ships passed to sea through it, drawing from fourteen to fifteen feet.

DUNPHY IN THE CITY. The Congressman Apparently Hurried Back from Florida.

He Refuses to Talk Politics, But May Say Something Later.

Congressman Edward J. Dunphy, the enemy of Police Justice Patrick Divver, and who lives next door to that individual on Madison street, this morning returned from Florida, where he had been since before election nursing a sick brother.

The Congressman said he left his brother in much improved health, so much so that he had hopes of his complete recovery sometime. He refused to say what brought him back to New York on such an apparently hurried manner.

When asked what he thought of the election, a broad smile overspread his face. "Why, the result has been just as I—"

He stopped short and, after a few moments' pause, said: "Don't interview me on politics to-day—I have a reason for it. To-morrow I will be ready to talk."

Dunphy has his following, and now known in the Second District, where it is regarded as being full of significance. He has been in the city since he returned from Florida, where he had been since before election nursing a sick brother.

NEW JERSEY NEWS.

FIRE ON A RAILROAD TRAIN. MRS. ROGERS HOLDS THE FORT

Tramps Suspected of an Outrage Near Perth Amboy. But the Erie Road Has Badly Crippled Her Business.

Shot or Piece of Glass Injured a New York Woman. The Barricade Erected Almost Shut Out All Trade.

Despite great disadvantages due to the opposition of the Erie Railroad officials, Mrs. Rogers, proprietress of the restaurant in the Erie Depot, Jersey City, still holds the gastronomic fort.

Her business, however, has been reduced to a low ebb, and if the siege continues it is probable that the plucky woman will be forced to succumb.

The two entrances and window opening into the big waiting-room have been boarded up by the railway people. The barricade is eleven feet high, and is held in place with stanchions screwed to the floor. So complete was the work of the carpenters that not even a tiny child remains through which the interior of the restaurant can be seen.

The only means of entering the waiting-room is by way of a small door through the fruit and candy booth. Few people know of this, however, so the trade secured there is by very means.

There was a general air of desolation about the place this morning. The "Evening World" reporter called Miss Taylor, the day cashier, had a worried look and the waiters were busy dusting about doing nothing as hard as they could, yet striving to keep up a semblance of doing business.

Mrs. Rogers was at home 11. Miss Taylor said this morning that she had been carried on as usual, even under the discouraging circumstances.

The restaurant was opened last August, when Mrs. Rogers' brother-in-law, who held the lease, failed. Mrs. Rogers secured the lease and reopened the restaurant, although the Company's officials claimed it had been forfeited by the failure of the former owner. They have resorted to various expedients to get her out, but she has held her own.

BOARD OF JUSTICES TO ACT.

The Case of Divver to Be Discussed at the Next Meeting.

Justice Divver again failed to put in an appearance at Morrisania Police Court to-day. Instead, Justice Koch reigned, and after court business was over he went into a lengthy explanation of the arrangements Divver had made with the Police Justice.

Koch was at Essex Market and Special Sessions yesterday.

When Justice Divver, when he went to California last winter, agreed that if Koch would sit for him at Essex Market and downtown courts up to July 1, he, Divver, would relieve Justice Koch, so that the latter could go to Europe this fall. Divver, failed to keep his agreement, and his non-appearance has been a source of annoyance to Koch, but Justice Welde, Felner and Sims from enjoying their vacations.

It is said unofficially that Divver never intends to sit on the bench again.

PARKS MAY GET OFF EASILY. Perhaps Only a Fine for the Convicted Alderman.

The news of the conviction of Alderman Charles Parks for maintaining a gambling house at Asbury Park, N. J., was received by his brother Aldermen to-day with little comment.

Under the statute Parks may be sentenced to imprisonment for two years, or to pay a heavy fine, or both. He is to appear in court next Tuesday. It is thought that Judge Conover will let the Alderman off with a fine.

KUSCH TO BE HEARD MONDAY. Lexow Witness May Cause a Sensation in Oyer and Terminer.

Richard Kusch, a witness before the Lexow Committee the last day of its last session, was in Supreme Court Chambers to-day handcuffed to a Tomba keeper, a prisoner in default of \$5,000 bail.

Kusch was brought to court on a writ of habeas corpus for an application to be made to Judge Truax for a reduction of bail.

Before the Lexow Committee was corroborative of Dr. Whitehead's, which implicated Police Justice Koch.

A few days later Kusch was indicted for complicity in the performing of a criminal operation upon Agnes Hertho. Kusch's lawyer alleges that seven months ago he was arraigned before Judge Koch on the charge which he is now indicted, but he was discharged. He heard no more of the matter until after his testimony before the Select Committee, when he was almost immediately indicted.

Judge Truax adjourned the case until Monday, to be heard by Justice Ingraham in the Court of Oyer and Terminer. Some sensational developments are expected at the hearing.

COACH'S HAD JUST SERVED A TERM FOR A SMALL OFFENSE. (Special to The Evening World.)

MONTCLAIR, N. J., Nov. 17.—Louis Conklin, aged eighteen, recently released from the Essex County Penitentiary, was discovered in the act of climbing out of a window of the Presbyterian Church at Roseland this morning by the sexton.

The latter grappled with Conklin, but he pulled a revolver and compelled the sexton to release him, after which he made his escape.

It is said that he had broken for contribution lists belonging to Sunday-school and taken contents, amounting to \$15.

Conklin was recently released from the penitentiary, after serving a term of three months for breaking into the Roseland Methodist Church, of which he was a member. On the night of the robbery, he had a Christian Endeavor meeting, Conklin is well connected.
