

HEAVY METAL BE HANDICAP.

September Meeting Not Believed by English Athletes.

Nevertheless, a Very Strong Team Will Be Sent Over.

LONDON, Feb. 7.—At the annual meeting of the London Athletic Club, the Chairman, Mr. J. B. Martin, congratulated the members present on the success of the Club during the past year, saying that in spite of the heavy expenses there had been a profit of £5, the best showing in many years.

Referring to the proposition to send a team to the United States, in order to meet a team of the New York Athletic Club, the Chairman said that the arrangements with the New York Athletic Club were not fully completed, but the meeting would probably be held on Sept. 1.

He feared that the heat would prevent the Englishmen, in several cases, from displaying their best form, but all of them were expected to uphold the prestige of the Club. He added that it had been decided that the contest was to consist of eleven events, namely, a 100-yard dash, 200-yard dash, 400-yard run, half-mile run, mile run, three-mile run, a hurdle race, high jump, broad jump putting the weight and throwing the hammer.

In regard to the latter events, Chairman Martin said that the Americans have a system of their own, but he expected the Englishmen would soon be able to adapt themselves to these particular methods of putting the weight and throwing the hammer, and prove themselves equal to their American competitors.

The Chairman also said that it was the special desire of the promoters of the international contest that the London Athletic Club should send the strongest possible team to New York. This team will be confined exclusively to bona-fide members of the London Athletic Club, and will probably represent the full strength of that organization. It is believed here that the English team will prove to be a most formidable one.

Mr. Martin, who is connected with the banking house of Messrs. Martin & Co., of this city, is president of the London Athletic Club.

The difference between the English and American system of putting the shot and throwing the hammer, is that the Englishmen have the privilege of taking a run before the shot, or throw, in a larger circle than the American. The latter put or throw from an eight foot circle, which does not allow the run.

HORSEMAN W. H. HARRIS DEAD

Ex-Senator Ingalls's Letter to a Man Believed a Suicide.

KANSAS CITY, Mo., Feb. 7.—W. H. Harris, a well-known horseman and sportsman, was found dead yesterday in a room in the Midland Hotel. The indications are that he committed suicide. He was sixty years old and lived in Port Worth.

Several letters, telegrams and photographs were found in the room. One letter was from ex-Senator John J. Ingalls. It read:

Dear Harris: I was glad to receive your letter with such interest and regret to hear that you are not fortunate this year. But I do not expect to see you again, and I am glad to hear that you are not in any danger. I am glad to hear that you are not in any danger. I am glad to hear that you are not in any danger.

NEW ENGLAND OARSMEN.

Decide to Hold Their Annual Regatta on July 4.

BOSTON, Feb. 7.—The annual meeting of the New England Amateur Rowing Association was held at the Revere House with representatives present from Worcester, Hartford, Lynn, Pawtucket, Lowell and other places. After routine business had been disposed of a committee of five was appointed to receive bids from the City Governments of Boston, Worcester, Lowell, Pawtucket and Pawtucket for a regatta on July 4.

JOE DONOHUE BREAKS RECORDS.

CLEVELAND, O., Feb. 7.—J. F. Donohue, the water, broke several records for the eight laps course yesterday. He made 229 yards in 21.2 seconds, quarter mile in 43 seconds, half mile in 28.55, and one mile in 1:58.55.

Corrigan to Build a New Track.

SAN FRANCISCO, Feb. 7.—Ed Corrigan, the Chicago horseman, announces that he and Joe Ullman, the owners of the site for a new track, will build in spite of the opposition of President Williams of the San Francisco Jockey Club.

His Mind Enfeebled by Hypnotism.

ST. JOSEPH, Mo., Feb. 7.—The Paralytic Society of this city, organized for the purpose of teaching hypnotism to the afflicted, has been the scene of a remarkable case.

Coming Events.

Fifty-third night meeting of Menominee Society in Menominee rooms, 100 West Fifty-third street, to-night at 8:30 o'clock.

SPORTING MISCELLANY.

The owners of the steam yacht Norwood, Vancouver, and Yankee Doodle are at it again. Challenges are being made, and the post-office authorities are working overtime in their efforts to forward bulky messages to the newspapers.

It would seem the simplest thing in the world for the gentlemen owning these yachts to appoint a time of meeting and arrange to race in the usual manner. There has been much talk of a race between the two yachts, but it has not yet been decided.

There is little likelihood of a shock when they heard that the trial races for the purpose of selecting a cup defender were to be held at Newport. Fortunately there is no truth in the rumor that the two yachts are to race in the vicinity of the city.

CUTTER ALSA LAUNCHED.

Gilded Into English Waters at Pointhouse To-Day.

File's Finest Production May Contest for the America's Cup.

GLASGOW, Feb. 7.—The 160-ton racing cutter, Alsa, designed by W. Fife, Jr., of Aberdeen, was launched this morning from the yard of Messrs. Inglis, at Pointhouse.

The Alsa is a composite cutter of strong construction, with steel frames and mahogany planking. She is a trifle over 80 feet in load water length, and has moderate beam and draught, with very large overhangs fore and aft.

In general appearance the Alsa resembles the Luna. Her freeboard is comparatively low, and her sail area is large compared with that of any British racing cutter.

The mainmast and boom are of Oregon pine, and are exceptionally fine. The saloon and steege fittings of the new yacht are of mahogany and cedar. The owner's room is large and comfortable and is fitted with a bathroom.

The cabin fittings are exceedingly luxurious for a racing yacht. Tom Jay, formerly commander of the Thelma, will be the skipper of the Alsa. She leaves for the Riviera next week in order to take part in the Mediterranean regatta.

If she proves faster than the new Valkyrie she will be selected to race this year for the America's Cup.

It will tell you a secret. I wanted to be Commissioner of the Street-Cleaning Department of this city. I know I could have cleaned the streets without a deficit.

"BOMB" TO BE TESTED.

It Was Found in the Doorway of an Undertaker's Shop.

The supposed dynamite bomb, which was found with its fuse ignited in the doorway of William H. Phillips's undertaking establishment, 101 Bedford avenue, Brooklyn, last night, was sent to the Navy to-day.

The bomb, or cartridge, was a brass tube about 6 inches long and 1 inch in diameter. At one end it held a thin brass cap, with projecting lead and small fuse. The other end held a heavy conical shaped piece of lead. The bomb was discovered by a boy who stamped out the fire and carried the cartridge to the Gates avenue police station.

Police Captain Freeman carried it downtown to Police Headquarters this morning. It was examined by Supt. Campbell and the police captain.

"I don't know whether it is dangerous or not, but will send it to the Navy to be taken apart and examined."

That Anti-Reform Fizzle. Even Ollie Teal's Oratory Could Not Fill Cooper Union.

The Republicans of the Second Ward Assembly District did not seem to be so unanimously indignant at the "unwarranted interference of self-constituted reformers, committees and the like in the municipal affairs" as the call for Ollie Teal's Cooper Union mass-meeting implied.

They were occupants for only about three-fourths of the hall. When the "mass indignation meeting" was called to order and a secretary began to read the names of the speakers, only a dozen or so were present.

Ollie Teal said: "I'll tell you a secret. I wanted to be Commissioner of the Street-Cleaning Department of this city. I know I could have cleaned the streets without a deficit."

Ollie Teal said: "I'll tell you a secret. I wanted to be Commissioner of the Street-Cleaning Department of this city. I know I could have cleaned the streets without a deficit."
