

BOULDER LAWS SET AT NAUGHT.

Supt. Brady's Investigation of the Death Trap in Orchard Street.

RE DISCLAIMS ALL BLAME.

Will Report the Result of His Researches to the Coroner Next Friday.

THE INSPECTOR A DIVVER MAN.

Politics and Bribery at the Root of It All, Says Contractor Kilpatrick.

Supt. Brady, of the Building Department, admits that the building laws enacted for the protection of human life and the prevention of the construction of death-traps were openly and flagrantly violated in the construction of William T. Lennon's Orchard street tenement-house.

Mr. Brady disclaims all responsibility for permitting this work to go on until the building collapsed and five men were killed, and by withholding from the public the plans and specifications filed in his office.

The plans were for a five-story and basement house. Under the law such a building must have a fire-proof floor between the basement and the first or "ground" floor.

"I am making a careful investigation and all the facts will be laid before the coroner," said Supt. Brady to the inquest on Friday.

Miller's Own Views.

The Ex-Senator Says He Spoke for Nobody Else.

Thinks Criticism on His Alleged Violation of Secrecy is Unfair.

He Knows of No Efforts to Block Reform Legislation.

Ex-Senator Warner Miller sat in his office in the Times Building this morning with a look of great contentment on his face.

Just at present he is uncertain, for while he has come out for the people's cause he is also in close relations with Boss Platt and watching the situation closely.

He declined to say anything about his connection with Mr. Platt yesterday when an "Evening World" reporter, who called upon him this morning.

"It was merely a little social meeting," he said, "and I do not feel at liberty to talk about it."

"I followed out this policy when I spoke of the meeting at the Windsor Hotel which I attended in no sense could I be considered as violating the confidentiality of the other gentlemen who were present."

"Is it your opinion that Mr. Platt will consent to the passage of the reform bill?" he was asked.

"I am confident, however, that this bill will pass," he said.

Gerry Bill Blocked.

Passed the Senate Unanimously, but Stuck in the House.

The Commodore Worked Hard for His Whipping-Post Measure.

But the Delay, It is Thought, Will Be Fatal to His Scheme.

(Special to The Evening World) ALBANY, March 6.—The Gerry Whipping Post bill, which provides for the public flogging of persons convicted of inflicting injury on women and children, nearly became a law to-day.

The bill was passed by a unanimous vote, and was narrowly prevented from slipping through the lower house.

Assemblyman Robbins objected very vigorously to the attempt of Republican Leader Ainsworth to have the bill progressed to third reading without the usual formalities.

Mr. Robbins, who is Chairman of the Committee on Codes, which reported the bill, is decidedly opposed to the bill, and, indeed, a great many other members.

The bill will now have to take its place on the floor of the Assembly as it was in the Senate.

At least a score of members of the Assembly expressed their opposition to the bill to-day.

Commodore Gerry, who drew up the bill, and has fought with characteristic tenacity, has not been called in to the Assembly.

Mr. Gerry is greatly disappointed over the laying aside of his bill, and has announced that he will speak for it to-morrow.

His presence on the floor working in the interest of his bill caused considerable comment among the opponents of the bill.

"They say, however, that no matter how much lobbying he does, such an unpopular measure as the Gerry bill will never pass the Assembly."

The bill was taken up in the Senate last night, and the bill was passed by a unanimous vote.

Renwick Club Must Pay.

Judgment Rendered Against It for \$275 Rent.

Suit has been brought in the Supreme Court against the Renwick Club, by William C. Muschenheim, of the "Arena."

Mr. Muschenheim, who is a member of the club, brought suit for \$275 for rent of the club-house at 40 West Thirty-second street.

Renwick Club officials claim that Muschenheim failed to keep the sidewalk in good repair, to keep the club members who do not patronize the club.

Muschenheim says he had an agreement with the club to construct a sidewalk along the sidewalk in front of the club-house.

After he began work the cold weather set in and he was unable to finish the job.

The jury found a verdict for \$275 for Muschenheim.

Early Morning Fires.

An Overheated Stove Causes a Hasty Exit.

Fire from an overheated stove in the basement of the four-story brick building, 170 Broadway, at 11 o'clock this morning, caused a hasty exit.

Attack on Murphy.

Senator Scored in the Report of Troy Election Investigation.

His Political Machine Blamed for the Wholesale Fraud.

Republicans Induced to Join His Ranks by Caljory or Threats.

ALBANY, N. Y., March 6.—The report of the majority of the Special Senate Committee to investigate Troy elections is a bitter attack on United States Senator Murphy.

After repeating that riots, assaults and even murders have been common, it says:

"It is the exemplified work of a desperate and bitterly resisted political machine, so adjusted, organized and run as to enable individuals in the name of the Democratic party and in defiance of law to overthrow Government and thwart the rights of suffrage."

"This machine is an organization composed of professional politicians, having a recognized, acknowledged and responsible head, and operates through Democratic election officers and other outlaws, supported by a police department and a police force obedient to its dictation."

"This organization, known as the 'Murphy Machine,' approves, rewards and protects its tools, and thus perpetuates its power. The process known as 'repeating' is accomplished by persons not entitled to vote, going through the city singly or in bands, voting in the various districts on the names of legally registered voters."

"A sergeant of police, an ex-President of the Common Council, a member of the detective force are samples of the city singly or in bands, voting in the various districts on the names of legally registered voters."

"They are on the Board of Police Commissioners, on the police force and in other stations, and are all pledged to Murphy in the apparent price of their appointment."

"The effect upon the Republican party of this pernicious system is that large numbers of Republicans are being driven to the ranks of the Murphy machine."

Spring Hits.

Some Good and Necessary Advice at This Season.

There Are Some Things We Must Surely Do.

And This Thing is By Far the Most Important of Them All.

Everybody needs a spring medicine—a remedy which will strengthen and invigorate the system, and tone up the action of all the organs.

The change from cold to warm weather causes a depression of the vital forces, resulting in weakened nerves, inactive blood and inactive organs.

Our esteemed correspondent, Mrs. A. S. Gould, writes us from (Miami, Fla.), some facts in regard to this subject which will be of great interest and value just at this season:

"Through the loss of my mother, the sickness of my husband, and the extra work which fell upon me, I was thrown into a condition of nervous and physical exhaustion. I grew constantly weaker. I cannot find words to express that terrible feeling that I sat through my whole system—a feeling of utter weakness and prostration, with strange nervous twinges."

"My right foot was so bad it was with great difficulty I could walk. I had to place my foot every way to keep from falling. My hands and arms were weak, numb and rigid. I grew constantly weaker. I cannot find words to express that terrible feeling that I sat through my whole system—a feeling of utter weakness and prostration, with strange nervous twinges."

"I then began to take Dr. Green's Nervura blood and nerve remedy. The first bottle did not give me relief, but the second bottle did, and made me better. I kept on using it."

"Now I am feeling well, can do all my work and sleep well. I feel as though a great burden had been rolled away from me. I am doing a great amount of work every day and often walk, breathe, as much as two miles."

"I think I will pass for a many old lady, so much for Dr. Green's Nervura blood and nerve remedy. I can truly say it has done wonders for me. I cannot speak too much in praise of it, for it has been the greatest blessing to me."

"I only wish other people afflicted with disease would try it—not one bottle, but several, in order to give it a fair trial. I truly think they would never be sorry. My earnest prayer is that this wonderful remedy may go into the wide world to sick and suffering humanity."

"If you want to be perfectly strong and healthy, the best possible thing to do is to take this great cure for nervous and chronic diseases. You can be quicker in the spring than at any other season. You must take a spring medicine every one knows that, and Dr. Green's Nervura blood and nerve remedy is the best and most certain, because it always cures."

"It is not a patent medicine, but the prescription of the most successful physician in curing nervous and chronic diseases. Dr. Green, of 38 West 12th Street, New York City, has the largest practice in the world, and this grand medical discovery is the result of his vast experience."

"The great reputation of Dr. Green is a guarantee of the reliability of his medicine. It can be resolutely by any one at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine."

was not responsible for his actions to outside organizations. He said he was a Republican, and believed that the majority would uphold his legislative doings."

He voted no, but the bill passed, no one else voting.

Senator Cantor presented a familiar bill, to amend the compulsory vaccination law, which was introduced by Senator Cantor and supported by a number of his constituents.
