LOUISIANA GOVERNOR CALLS MILITIA OUT

1,500 Special Police and 1,200 Troops to Patrol New Orleans—Anarchy in City Stops Business—Negroes Hunted Down by Mobs.

Anti-negro riots continue in New Orleans, and Gov. Heard has called out the State militia.

The troops called comprise the First Regiment of Infantry, a battalion of the Washington artillery and six batteries of the Louisiana field artillery.

Mayor Capdeville has called for 1,500 volunteer citizens to assist in keeping order to-night.

Negro laborers have quit work at the levee and business is practically at a standstill, as negroes are afraid to leave their homes.

It was 5 A. M. to-day before the night rioting was stopped. One man killed, four fatally injured and fifteen more or less hurt, was the record for the night.

STORY OF THE RIOTING.

1,500 Citizens called to act as Police and Militia Ordered out.

NEW ORLEANS, July 26.—Mayor Capdeville has communicated with Gov. Heard, and the latter has called out the militia to preserve order.

The troops called are the First Infantry Regiment, the Washington Artillery and the Louisiana Field Artillery.

Mayor Capdeville has also called for 1,000 additional citizens to volunteer as special police. This makes 1,500 in all called for.

Work on the levee, where negro labor is largely employed, has been suspended. The big grocery and produce houses are also practically doing nothing, because they cannot get their negro drivers to risk their lives.

Reports have reached Police Headquarters from many sections of the city giving information of the beating of negroes.

The Mayor, police authorities and citizens had a conference to-day and arranged to prevent a recurrence of anti-negro rioting to-night.

STORY OF THE RIOTS.

The Mayor issued a proclamation calling for 500 volunteer citizens to aid the police in keeping order.

All last night, and up to 130 o'clock this morning, mobs ran riot through this city on a hunt for negroes, and those unfortunates who fell into their grasp were either killed or so badly wounded that they were left for dead.

After the mobs got started the negroes became terrorized and took shelter in their homes and the outhouses of white people who protected them, so it was only the unsuspecting and inoffensive negroes who were the victims.

The police were powerless. As fast as they apparently dispersed a crowd in one section it only reformed and

MISS HANNA.

(Special to The Evening World.) ELBERON, N. J., July 26.—Senator Mark Hanna with a party of twelve, including his family, arrived here this morning at 10 o'clock in a private car attached to a train over the Pennsylvania Railroad direct from his Ohio home.

Senator Hanna and his party were driven in five carriages to the Franklin Murphy cottage. Mr. Hanna and his friends are to be the guests of Mr. Murphy.

In the five weeks that the Senator will be in Elberon he will go to New York daily and start the national campaign in the East. His first work in that direction will begin at the Fifth Avenue Hotel to-morrow, when the Republican Campaign Committee has

meeting to formulate plans and determine upon speakers for the State.

PLAYING SOLITAIRE.

Senator Hanna was found by a reporter for The Evening World in the Murphy cottage just before the luncheon hour to-day. He was seated at a small table on the ground floor. In front of him were playing cards spread face upward.

He, the maker of Presidents, was trying to solve the simplest problem in solitaire.

"This game of solitaire is resting," he said as the reporter shook hands with him.

ROOT HAS ORDERED RATHBONE'S ARREST.

Ex-Director of Cuban Posts Must Answer Charges of Fraud.

(Special to The Evening World.) WASHINGTON, July 26.—Secretary Root has called an order to Havana for the arrest of Major Esteban G. Rathbone, formerly Director-General of Cuban Posts, and who is implicated by Fourth Assistant Postmaster-General Bristol's report in criminal transactions. The arrest will be made to-day.

It is the intention of the authorities here to prosecute Rathbone. Sections of the code in force have been found under which he can be held accountable.

As Cuba is under a military form of government the War Department has taken action in the case of Major Rathbone. It was done after full consultation with the postal authorities.

hard and well. I don't care to talk any more. When I don't want to be a thing no one can make me. I was always that way.

"The people are not interested in what I say. I am before them too much," and the Senator chuckled good naturedly.

GRIEF DROVE CHARLIE HOYT INSANE.

Wife's Death an Awful Shock to the Famous Playwright.

Pitiful Scene in Court When He Was Committed To-Day.

CHARLES H. HOYT.

(Special to The Evening World.) HARTFORD, July 26.—Charles H. Hoyt, the playwright, was committed this morning by Judge Freeman, of the Probate Court, to the Retreat for the Insane in this city.

Hoyt was taken to the court by Dr. Stearns, head of the retreat. He declared he had been lured to Hartford by those he looked upon as friends. He railed against his partner, Frank McKee, who, he said, he picked up at a one-night stand and who now had his business.

"I do not know much about law," Judge Hoyt said, "and I wish you would give me a chance. I once studied law with a man who became Chief Justice of New Hampshire. At the end of the year he said: 'Hoyt, I guess you know all of my stories and I know all of yours.'"

Hoyt inquired when he would be free, and was told when he was declared well. Hoyt said he would be free to be examined by Dr. Pease, of the Hoffman House, New York.

Judge Freeman said he was acting on the advice of physicians, including Dr. Dana, of New York. As Hoyt was led away he said: "I am before them too much."

"I don't care to talk any more. When I don't want to be a thing no one can make me. I was always that way."

"The people are not interested in what I say. I am before them too much," and the Senator chuckled good naturedly.

His career was the outgrowth of his unrestrained wit. He was an incessant practical joker. His hunt for new jokes and bright quips was unceasing. He made note of these and garnered them for future use.

Mr. Hoyt was born in Concord, N. H., in 1833, and began his career on a Boston newspaper when sixteen years old. Later he began to write farces and comedies. They were great successes and in the season when he produced "The Trip to Chinatown," his income was \$100,000. His fortune is estimated at nearly a million.

Russians Hard Pressed by Chinese in Manchuria and Report Heavy Losses.

Great Britain Fears Big War in Europe and Will Stop Coal Exports.

Fierce fighting between the Chinese and Russians is officially reported from Manchuria.

China is evidently forcing the war on her northern frontier, and the battles are often at bayonet point.

Though the Russians report victories, Blagoveschenk is still being bombarded, and they are hard pressed at many points.

England is preparing for a tremendous European war over China.

The House of Commons was told to-day that the export of steam coal for the use of French Navy would be stopped.

Russia has borrowed \$30,000,000 since the crisis in China began.

An ultimatum has been handed to Earl Li Hung Chang demanding tidings of the foreign envoys within five days.

The Viceroy has fled to an arsenal at Shanghai for fear of being seized.

There is a big movement of Southern Chinese troops northward to join the army to defend Peking. That force is now estimated at 300,000 men.

Russia is reported to have given orders to bombard all the Chinese coast forts.

FIERCE WAR IN MANCHURIA

Russian Troops in Constant Battle and Chinese Still Bombard Blagoveschenk.

ST. PETERSBURG, July 26.—The Russian Ministry at Seoul, M. Pavloff, reports that the Russian detachment which left Port Arthur en route to Pyongyang reaching Wiju Sunday, July 23, has arrived at Pyongyang, with the loss of fifteen killed and many wounded. They fought their way through opposing natives at the point of the bayonet.

Gen. Grodekoff, in a despatch dated at Chabarovsk, July 24, states that a detachment of railway guards safely brought a caravan of 120 persons and officials from the railway to Zourghitsu. Chinese troops, Gen. Grodekoff adds, are raiding and looting in the Yalu Valley.

Another steamer with Russian troops aboard was bombarded by Chinese from the river bank July 24. Securing reinforcements, the Russian commander returned to the scene and landed on the Chinese side of the Yalu River.

He attacked the Chinese posts in the face of a heavy fire. Some Chinese pickets were taken prisoners. Three magazines were set on fire and exploded. The Chinese lost 30 killed, while the Russians' loss was only seven.

A desultory bombardment of Blagoveschenk continues. The town of Aigun has been set on fire by the Russians. The Chinese at Sagallen have been compelled to retreat and take fresh entrenched position.

Cossacks have destroyed the Chinese pickets at Nikolai, Kupriankov and Starvitshev.

ENGLAND SCENTS WAR.

Prepares to Prohibit Export of Steam Coal for Use of the French Navy. LONDON, July 26.—Rumors of a serious clash between the powers

over China are current here, and the question is being asked "Is England preparing for a European war?" The military activity of Russia and France is considered out of all proportion to the crisis in China.

Immense quantities of steam coal have been leaving Great Britain for France, admittedly for the use of the French Navy. In this connection A. J. Balfour, First Lord of the Treasury, replying to a question in the House of Commons to-day, significantly pointed out that the bill before Parliament to prohibit the exportation of war munitions applied to coal as well as to other military stores.

In the House of Lords to-day the bill prohibiting the exportation of arms and munitions of war passed its third reading.

This announcement caused a great sensation as showing the suspicion held by the British Government against France.

Russia has borrowed nearly two millions sterling (\$50,000,000) from the Imperial Bank of Russia since the commencement of the troubles in China.

PARIS, July 26.—Information received here indicates that matters are not working smoothly in China. There seems to be considerable distrust of one another's motives among the powers, and this will have a tendency to defeat general unity of action.

ULTIMATUM TO LI

If Definite News of Foreign Envoys Is Not Forthcoming in Five Days the Powers Will Act.

LONDON, July 26.—Telegrams from Shanghai report that Li Hung Chang has taken up his abode at the arsenal as a measure of precaution, fearing attempts of the powers to curtail his liberty.

The foreign Consuls at Shanghai have informed the Viceroy that unless he obtained definite dispatches from Peking within five days they
