

GIRL DARED LOVER, WHO DREW PISTOL, TO SHOOT.

CANTWELL'S "BLUFF" FAILED.

Miss Healy Coolly Looked Into Revolver Barrel, Called Cantwell an Idiot and Had Him Arrested—Declined to Prosecute Him in Court and He Was Discharged.

KATE HEALY

ALBERT CANTWELL

Self-possessed, matter-of-fact and resourceful is pretty Katie Healy, of 499 West One Hundred and Twenty-fourth street.

Miss Healy and Cantwell were sweethearts until recently. His ardor made a striking contrast to her stolid nature and that was interesting.

Miss Healy, in her straightforward way, told Cantwell he made her tired and she was through with him.

Cantwell met Miss Healy as she was coming out of the house last night. He was sombre, and folding his arms before her demanded harshly:

"Do you still repulse my suit, woman?"

"Miss Healy admitted that she did. 'Ha, ha!' he exclaimed, 'then die!'

He pulled from his pocket a revolver and flourished it before her face.

"If he expected that the young woman would scream, faint or fall on her knees he was mistaken. She simply looked him straight in the eye without a tremor.

"Why, you idiot," she commented, "do you think you can scare me with that thing? You haven't the nerve to shoot it off. Think you will imitate some of these other men, don't you? Going to make me repent and love you, aren't you? Bertie, you're a chump."

As Miss Healy was speaking a policeman was passing on the opposite side of the street. She turned toward him.

"Oh, officer," she called, "will you kindly come over here and arrest this man?"

At the police station Miss Healy calmly told her story. Cantwell, very much crestfallen, was locked up on a charge of disorderly conduct. The re-

volver in the case was rusty and had no cylinder in it.

As Miss Healy was leaving she remarked to the sergeant:

"He thinks it's the fashion for kids like him to shoot girls and make fools of themselves and think they are real romantic. He hung around my house to-night and when I came out he grabbed me and flourished that rusty thing in my face. He made a mistake."

Cantwell, who is employed in the Most Iron Works, has, according to his mother, been spending much of his pay in clothing, shoes, jewelry, suppers and in taking Miss Healy to the theatre.

Mrs. Cantwell said of her son:

"He's a chump," that boy. He spent all his money on that girl and she fooled him. It will be a good lesson."

In the Harlem Court Miss Healy, who is a plump, pretty girl, was not inclined to press the charge against young Cantwell, and he was discharged.

"He was jealous," said she to an Evening World reporter, "and that was the trouble."

"Some times he would take me to the theatre and supper, and then strike me in the face on the way home. Finally I got tired, and all I want is for him to leave me alone. At one time I liked him quite well, but that's all over now."

Policeman Fogarty, of the Bicycle Squad, was in the Harlem Court this morning to prosecute a pair of scorching automobiles, whom he ran down after a hard chase on upper Fifth avenue last night.

He was at One Hundred and Fourth street, when a naphtha auto tore up the street at a speed, which he avers in his affidavit, was twenty miles an hour. As it drew near, he saw two men and two women in the vehicle.

He called to them to slow up and the quartet called out, "Come and catch us, Mr. Policeman."

Fogarty is something of a scorcher, and, being low over his handlebars, saw chase.

At One Hundred and Tenth street the railroad tracks are elevated slightly on account of street repairs. When the flying machine hit the elevation it bounded into the air and landed fully twenty feet away. The jump took the spunk out of the party and Fogarty overhauled them a few blocks further up.

At the One Hundred and Fourth street station the man at the lever gave his name as Albert Rogers. His companion refused his name. The women had been dumped out when the machine was stopped. Both men left \$5 bail to cover their appearance and went back in search of their companions. They asked Fogarty to have a file.

Neither appeared in court this morning and their bail was declared forfeit.

Rogers's companion is said to have been a prominent young millionaire automobile exploiter who has gained his recent notoriety.

The arraignment of Alexander Raymond, a lad of nineteen, before Judge Bennett in the Court of Special Sessions at Mount Vernon this morning, disclosed the fact that he has two wives, both living within a few blocks of each other.

Young Raymond, who two years ago attended the public schools in Mount Vernon, is well known in that city. He was employed by James L. Reynolds.

For some weeks, Reynolds says, Raymond had been collecting money and keeping it. Saturday night Reynolds watched Raymond. He sent him to collect some old bills.

Raymond collected \$1 from a Mrs. Gordon and failed to turn it in. When Reynolds discovered this he caused his arrest.

At first the youth denied his guilt, but after spending Sunday in jail he became glum and admitted it. Raymond did not stop at confessing his theft, but went further and admitted bigamy. The boy told Judge Bennett in court this morning that he robbed his em-

ployer to get money enough to support his two wives.

Raymond married a sixteen-year-old girl in New Rochelle just seven months ago. He lived with his wife for a while and then she went to her parents' home in Market street, Rahway, N. J.

While Mrs. Raymond was away in Jersey her husband fell in love with Lillian Moore, a girl of seventeen, who lived in this city. Miss Moore formerly lived in Mount Vernon.

On the afternoon of Aug. 2 last Raymond and Miss Moore eloped and went to Mount Vernon. They were secretly married by Judge Bennett.

After the ceremony the couple left the city. Mrs. Raymond No. 1 a week later moved to Rahway, N. J., with her parents. She also lives on Market street, in that city, but she does not know that her boyish husband has another wife within a stone's throw of her home.

Raymond pleaded guilty to the charge of petit larceny and Judge Bennett sentenced him to thirty days in the County Jail at White Plains.

When a preparation has an advertised reputation that is world-wide, it means that preparation is meritorious. If you go into a store to buy an article that has achieved universal popularity like Casareta Candy Cathartic, for example, you feel it has the endorsement of the world. The judgment of the people is infallible because it is impersonal. The retailer who wants to sell you "something else" in place of the article you ask for, has an axe to grind. Don't it stand to reason? He's trying to sell something that is not what he represents it to be. Why? Because he expects to derive an extra profit out of your credulity. Are you easy? Don't you see through his little game? The man who will try and sell you a substitute for CASARETA is a fraud. Beware of him! He is trying to steal the honestly earned benefits of a preparation which another business man has paid for, and if his conscience will allow him to go so far, he will go further. If he cheats his customer in one way, he will do it in another, and it is not safe to do business with him. Beware of the CASARETA substitute! Remember CASARETA are never sold in bulk, but in metal boxes with the long-tailed "C" on every box and each tablet.

Got a bargain to offer? Don't hide it. Let everybody know it through The World.

LOW FOR MAYOR.

May Be the Fusion Candidate Against the Tammany Man.

Both Low is mentioned as the possible anti-Tammany candidate for Mayor next year. "Bird S. Coler, it is said, has injured his chances as a union candidate by supporting Bryan and his announcement that he is going on the stump for Branchfield.

Both Low stands a great deal better with the Republican machine than he did when it defeated him in 1897 and elected Van Wyck, and it is likely, his friends say, that if he will run when the proper time comes he may find the machine as well as the independent element behind him.

TALES OF AWFUL BOXER BUTCHERY.

The American Bible Society is in receipt of a letter from its agent, Rev. John Hynes, D. D., following are extracts from the communication:

"The viceroys of the central and southern provinces have made themselves responsible for any property destroyed within their viceroalties. We have had books destroyed in this part of China, and I am bringing in claims which will probably be paid.

"We dare not desert our colporteurs when to do so would mean a violation of the massacre. Already some of them have had their whole families exterminated and their property all destroyed. I fear that many of them are dead.

"I cannot speak too highly of the magnificent heroism of these men. They have faced danger and death with a calmness that has amazed me. They have never flinched in the performance of their duty, and I know the Society will be glad to have me stand by them while this time of trial lasts.

"We now know that the members of the Presbyterian Mission at Po-Ting-fu were killed on the night of June 30. Roman Catholics were butchered on the same day. The property of both was destroyed.

"A heavy rain stopped the vile work of the inhuman wretches who were reveling in the slaughter of helpless women and innocent little children, but they attacked the American Board and the China Inland Mission the next day, July 1.

"Mr. Pitkin was shot dead while heroically defending the women of his mission. Misses Merrill and Gould, of Portland, Me., were then captured and taken to the Boxer headquarters and executed. Mr. Bagnall was killed near a temple. How the others met their death is unknown. All natives in any way connected with foreigners met a like fate.

"During the battle of Tientsin headquarters were found with their gory trophies in their possession. Receipts for rice, arms and ammunition supplied to the Boxers were found among other incriminating documents; also lists of the Boxers giving the names, ages and villages in which they lived.

"The situation in the Valley of the Yangtze and the South is increasingly critical. The attitude of the viceroys is becoming very doubtful.

"Chang Chih Tsung and the Governor of Nueph have issued a proclamation which is intended to incite the people to massacre the native Christians or make them recant. Churches are being destroyed and native Christians robbed and persecuted every day in many places in the Yangtze Valley, and apparently no effort is being made to stop these outrages.

"I feel that we have not yet seen the end of this struggle to get rid of the hated foreigner. It is quite possible that we have only seen the beginning of it."

Mention is made in another letter of the 20th of the same writer of outrages upon refugees in Shansi Province.
