

"THEY DESERVED TO DIE," SAYS NEGRO MURDERER.

Killing of Philadelphia Woman Discloses Double Life of Millionaire.

PHILADELPHIA, April 2.—William Lane, the colored servant who yesterday murdered Mrs. Ella J. Furbush and her daughter Madeline and fatally shot Eloise, another daughter, was held to-day to await the action of the coroner.

Lane was perfectly cool and collected and expressed no regret for his crime. When asked what caused him to kill the woman and child he said: "They deserved to die."

On learning that Eloise was still living, though sinking rapidly, he said: "I am sorry she suffers so much. I did not intend that she should suffer."

Coroner Dugan has not yet completed his investigation of the case. He visited the scene of the murder to-day and questioned Charles A. Furbush, the reputed husband of the murdered woman. Mr. Furbush spent last night in the house where the crime was committed, but the police officers who are guarding the premises said he was not in a condition as yet to make a statement. Mrs. Furbush's correct name is Ella Jarden.

Through the murder the double life of Charles A. Furbush, a millionaire, was revealed.

Family Lived in Style. Mrs. Furbush lived in fine style. She employed several servants and had a swell turnout, which was kept at a fashionable livery stable in North Broad street.

When she first moved to No. 602 North Fifteenth street she was known as Mrs. Fisher to the groceryman and neighbors. Later she was known as Mrs. Furbush. Last year's city directory contains this name. "Ella J. Furbush, widow of Charles A., No. 602 North Fifteenth street."

The name is omitted from this year's directory, and no voter is assessed from the house or the division registry list.

Neighbors say that Charles A. Furbush was the man of the house. Charles A. Furbush is President of the Eclipse Cement and Brick Company, No. 1234 Belmont avenue; Vice-President of the Southwark Mills Company, No. 64 Bourne, and Treasurer of the Fidelity Investment Company. His home address is given in the directory as No. 2000 Spring Garden street.

At this house, the servant refused to take a message to Mrs. Furbush, saying she was ill. She said her mistress knew nothing about the murdered woman.

Furbush Maintains Silence.

Mr. Furbush, with his two secretaries, went to the house in North Fifteenth street after the murder and remained with the police. He refused to say anything or give out a statement.

The murdered woman was Miss Ella Jarden. Her mother, Mrs. Elizabeth Jarden, widow of John S. Jarden, lives at 1828 Fairmount avenue with two unmarried daughters.

Ella Jarden, or Mrs. Furbush, was about forty years old. She was five feet seven inches tall, slender, with dark eyes and reddish brown hair. She al-

HOME OF THE FURBUSHES. (Where mother and daughters were slain.)

ways dressed richly in the latest fashion. Years ago Ella Jarden was a dressmaker and took an active interest in Sunday-school work. She went in the Furbush home in Spring Garden street and the police say she had never been married.

The house in Fifteenth street is elegantly furnished with costly pictures, statuary, carpets and rugs. Its former mistress spent the summer at Atlantic City with her children and attracted much attention with her fancy train and swell turnout.

Mr. Furbush is quite prominent in Fifteenth ward politics. He is a member of the Fifteenth Ward Republican Club and is a well-known man about town.

Lane had been employed in the Furbush home less than a year. He was suspected of stealing and Mrs. Furbush had sworn out a warrant for his arrest. This is all the motive known for the murder.

The woman and one child, Eloise, were shot in a bedroom. Madeline, the other child, was roller-skating on the street. Lane called her in and taking her upstairs shot her dead.

LAWFUL FOR UNIONISTS TO SHUN NON-UNION MEN.

Court of Appeals Decides that Unionists May Strike Rather Than Work with the Others.

That labor union has the legal right to decline to work with non-union men and go out on strike to uphold that right has been declared in the affirmative by the decision handed down by the Court of Appeals in the case of the National Protective Association of Steam Fitters and Helpers against the Enterprise Association and the Progress Association.

The decision is one of extreme importance to organized labor. This is the first time that the principle decided now has been carried to the highest court.

The decision has been pending since Charles Steekler argued the case of the Enterprise and of the Progress Associations in the Court of Appeals at Albany Jan. 18 last.

The decision has been pending since Charles Steekler argued the case of the Enterprise and of the Progress Associations in the Court of Appeals at Albany Jan. 18 last.

Restrainted at First. The National Protective Association was organized in 1897 and the older organizations claimed that the National Protective Association was not entitled to the old ones, and a clash came when members of the older bodies refused to work with National men in February, 1901.

The National Protective Association was organized in 1897 and the older organizations claimed that the National Protective Association was not entitled to the old ones, and a clash came when members of the older bodies refused to work with National men in February, 1901.

Robert Davidson, secretary of House Building Trades Council, declared today that the decision was a great victory for organized labor, showing that the law was on the side of the workers.

WOMAN LOST LIFE IN DEATH VIGIL.

WATCHING SON'S BODY, HER DRESS CAUGHT FIRE. Burned to Death and Husband, Who Tried to Save Her, Badly Injured.

WATERBURY, Conn., April 2.—While keeping vigil over the body of her son Thomas, who died yesterday, Mrs. John C. Stack, aged twenty-seven years, was burned to death in her home early this morning.

It is supposed that her clothing caught fire as she sat by a stove in the kitchen. Mr. Stack was severely burned about the arms and head in trying to rescue his wife.

When the firemen arrived in response to an alarm the husband was hanging from a window of the second story and the body of Mrs. Stack, burned to a crisp, was on the floor in the kitchen.

Simpson Crawford Co. Sixth Ave., 19th to 20th St.

ENGINEERS NOW TO REPORT ON SUBWAY

TERROR ZONE RESIDENTS TO MEET TO-NIGHT. Experts Have Been at Work Since Monday Obtaining Data.

Reliable information concerning the condition of the subway tunnels under Park avenue is expected to be disclosed in the form of preliminary reports by Prof. James K. Kemp, of Columbia University, and Civil Engineer Albert L. Webster, to the Committee of Safety appointed by the Park Avenue Property Owners' Association, at a meeting which will be held to-night at the Hotel Manhattan.

Chairman F. W. Devos, of the Safety Committee, said to-day that Prof. Kemp and Engineer Webster had been granted an additional twenty-four hours, in which to complete their examination of the rock and to make a survey of the route being followed by the subway between Thirty-fourth and Forty-second streets.

They commenced work on Monday morning and have been over forty-eight hours below ground. They are being guided by one of the Rapid Transit Commission's engineers, who will make an independent report.

At the request of Capt. Titus, the District Attorney will to-morrow apply to the Supreme Court for an order to exhume the body of Walter Brooks, who was mysteriously murdered last month in the Glen Island Hotel.

There are three reasons why this should be done, in the opinion of Capt. Titus. It is desired to examine the contents of the stomach to ascertain whether any effort had been made to poison Brooks. It is also desired to make an additional examination of the course of the bullet and to determine the exact nature of the surface indications of the wound.

If it should be in good condition a photograph will be taken, as there is none in existence. It is said that a photograph of Walter Brooks was never taken and this has handicapped the authorities in their efforts to secure identification.

RACED TO DEATH ON RUNAWAY TRAIN

THE AWFUL EXPERIENCE OF BRITISH SOLDIERS. PRETORIA, April 2.—Details of the train wreck in which thirty-five British soldiers were killed and many more injured show that after leaving Harberton the engineer lost control of the train on the down grade and for three miles it went at the rate of eighty miles an hour.

The engine jumped the rails at a sharp curve, with five trucks filled with soldiers. A terrific smash-up followed, and the boiler of the engine exploded. The engineer and fireman were killed. Six of the injured soldiers have since died.

VICTORIA, B. C., April 2.—Tonkin exchanges contain accounts of a disaster to a Chinese steamer launch in the river near Hanol, involving a serious loss of life. The launch Kwang Pat left Nam-dinh for Hanol.

Obviously it was overloaded with passengers and merchandise, for at the village Nigh 80 it began to fill with water and eventually foundered.

WILL EXHUME BROOKS'S BODY.

CAPT. TITUS ASKS FOR EXAMINATION. Wants the Stomach Contents Analyzed for Trace of Poison.

At the request of Capt. Titus, the District Attorney will to-morrow apply to the Supreme Court for an order to exhume the body of Walter Brooks, who was mysteriously murdered last month in the Glen Island Hotel.

There are three reasons why this should be done, in the opinion of Capt. Titus. It is desired to examine the contents of the stomach to ascertain whether any effort had been made to poison Brooks. It is also desired to make an additional examination of the course of the bullet and to determine the exact nature of the surface indications of the wound.

If it should be in good condition a photograph will be taken, as there is none in existence. It is said that a photograph of Walter Brooks was never taken and this has handicapped the authorities in their efforts to secure identification.

LAUNCH FOUNDERS WITH 250 CHINESE.

WOMEN AND CHILDREN WERE AMONG THE VICTIMS. Obviously it was overloaded with passengers and merchandise, for at the village Nigh 80 it began to fill with water and eventually foundered.

It was a dark night. In spite of the efforts of bank sailors to rescue the unfortunate passengers, more than 200 persons, including a number of Chinese women and children, were drowned.

DEAD ON ROCKAWAY BEACH.

Man's Body supposed to Be that of James Combs. The following slip was posted in Police Headquarters this morning:

Found Dead on Bay Front. Drowned Man is Supposed to Be James B. Combs, of Florida. A man supposed to be James B. Combs, of Jacksonville, Fla., was found drowned on the shore of Jamaica Bay at Hammel's avenue, Rockaway Beach, today.

In one of his pockets was found a
