

# NO KIDNAPPING, BUT A REUNION.

In Mother's Plot to Send Child Abroad Domestic Drama Culminated on Pier, and Husband and Wife Were Reconciled.

WAS A RACE OF CARRIAGES.

Divorce Suit Now is Averted and Mr. and Mrs. Richard Henry, Happy Once More, Return to Cincinnati Together.

An interrupted kidnapping and an unexpected domestic reunion took place to-day at the Italian Royal Mail Steamship Company's docks at the foot of West Thirty-fourth street.

As the Liguria bound for Naples was being loaded a four-wheeler dashed up to the pier. From within sprang an elderly woman, a little girl of three and a handsomely gowned and striking young woman of thirty. The whole party appeared agitated and proceeded to make hurried arrangements for sailing.

They had been on the pier only a few minutes when a hansom dashed up and a man of thirty-five or forty sprang out.

When the woman saw him she gave a startled scream, but the man rushed to her side and seizing the child by the hand began a hurried consultation which resulted in the party withdrawing to a remote corner of the pier and engaging in an earnest conversation.

Just as the Liguria was ready to put off a smile crept over the faces of both the man and woman. There were a few hurried orders in regard to baggage and all got in the four-wheeler and rode up town.

The interesting drama was the culmination of a serious domestic misunderstanding which barely escaped the divorce courts.

Mrs. Katharine Henry, of Cincinnati, was the handsome young woman, little Marian Henry, the child, Mrs. Martha Sutton, Mrs. Henry's mother, the third member of the party, and the third man was Richard E. Henry, who had hastened from Cincinnati yesterday to stop the sailing of his mother-in-law with his child for Naples.

## PLUCKY WOMAN PUTS OUT FIRE

Mrs. Claudia Harris Sends Her Maid to Give an Alarm While She Fights Flames with Buckets.

By heroic work Mrs. Claudia Harris put out a fire in her apartment in the Richmond, at No. 235 West Forty-third street, early to-day. Her maid was sent out to summon the Fire Department with a caution not to awake other tenants of the house, while Mrs. Harris battled alone with the flames. So successful was she that when the Fire Department came she met them in the street with the word that the blaze was out. Many in the house did not know that there had been anything the matter.

Mrs. Harris had retired and was awakened about 2 o'clock this morning by the smell of smoke. She leaped from bed and ran to the rear of the apartment, where she has a storeroom. The gas had been left burning and the third had blown the curtains and the match she was suddenly enveloped in a puff of flame. Her clothing caught fire. She beat it out with her hands, but not before her body was badly scorched. She was taken to Lebanon Hospital.

Time after time she ran back and forth between the water pipe and the storeroom, dashing buckets of water on the fire. The flames had spread to a quantity of clothing which hung on hooks along the side of the room, and it was only after fifteen minutes that she succeeded in putting out the last spark.

## BURNED BY GAS STOVE.

Mrs. McGill Ignored a Simple Rule with Painful Results.

Mrs. Kate McGill, twenty-four years old, of No. 510 East One Hundred and Fifty-fourth street, was badly burned about the body, arms and head to-day while attempting to light her gas stove. She turned on the gas and lit the burners, and while looking for a match the gas accumulated. When she did apply the match she was suddenly enveloped in a puff of flame. Her clothing caught fire. She beat it out with her hands, but not before her body was badly scorched. She was taken to Lebanon Hospital.

## SNAP, PUSH AND GO Is What One Should Get from Food.

A young St. Louis lady learned a food lesson she won't forget. She says: "I suffered from indigestion for nearly 10 years, and although I tried all kinds of foods for breakfast I could not eat any of them until one day I discovered Grape-Nuts, and now I wonder how I ever did without it."

"I am a stenographer in a business office, and need all the energy possible, but I formerly spent the greater part of every morning wishing I had gone without breakfast, for I was continually reminded of it by the uncomfortable, distressed state of my stomach. How much ability I lost through this I could not tell you, but now all is different, for I eat some fruit and a saucer of Grape-Nuts and work hard all the morning and never think about my stomach until lunch time comes."

"I feel the good effects of Grape-Nuts in a sharpened brain, better memory and increased thinking capacity. The only difficulty I have about it is that I never want to limit myself to the required amount, for I love it so." Name given by Postum Co., Battle Creek, Mich.

There is a reason why Grape-Nuts sharpens the brain. It's fun to make new and delicious desserts by the recipe book found in each package of Grape-Nuts.

One Time Popular Actress Becomes Wife of Dr. Allen M. Thomas.

Mrs. Annie O'Neill Miner, widow of Harry C. Miner, was married this afternoon at the Church of the Heavenly Rest to Dr. Allen M. Thomas, of No. 45 West Forty-fourth street. The Rev. Mr. Williams performed the ceremony as Dr. Morgan Parker, the rector, is in Europe.

# SCIENCE TAKES A WOMAN'S MIND.

Dr. Sarah E. Bissell, Noted Physician, Removed to Bellevue Insane from Years of Devotion to Her Profession.

Dr. Sarah E. Bissell, one of the best known, and possibly the oldest, woman practicing medicine in New York, is in the insane pavilion in Bellevue, where it is said her mind is hopelessly wrecked. Dr. Bissell, who was the first woman to be graduated from the New York Homeopathic Hospital, receiving her diploma in 1867, is suffering from an advanced form of dementia. She will be transferred later to the State Institution at Middletown.

William H. Bissell, her brother, with whom she has been living the last year, at No. 23 Seventh avenue, says that her mind began to give way just before she went to live with him, that she was so interested in her science that she frequently went without sleep or food for a day or more in pursuing her work, and that under the strain her mind gave way.

Dr. Bissell was born in Newark, N. J., about seventy years ago, but had lived in New York since 1845. During the first fifteen years of her practice her office was at No. 68 Irving place. Then she was at No. 61 East Twentieth street for ten years, and for the five years before going to live with her brother her office was at No. 207 West Fourteenth street.

Among several famous men in her family was Gov. Bissell, the anti-war Governor of Illinois, who was mentioned at one time as a Presidential possibility. He was a close friend of President Lincoln and died while Mrs. Lincoln held his hand.

Concerning Dr. Bissell, her brother said: "My sister, I am afraid, can never recover. Her mind appears to have given way completely under the strain and because of other worries which I do not care to discuss, and with her advanced age there appears to be no hope. She will be well taken care of, however, and that is all we can hope for."

## REBELS TAKE TWO TOWNS.

HONG KONG, June 2.—The French Consul reports that the insurgents in Yun-Nan Province have captured the towns of Che-Ping-Chau and Hombi-Chau. Communication between Yun-Nan-Fu and Tonquin is cut.

# The New Koch Tuberculin CURES CONSUMPTION AND ASTHMA.

The New Koch Tuberculin medicine that cures consumption is here, also the latest inhalation apparatus. For years new improvements have been constantly going on. The results are marvellous, and to-day this is easily the greatest medical discovery of half a century, and it marks a revolution in treating diseases of the lungs. This wonderful treatment is given in New York only at the Koch Lung Cure, 50 West 22d Street.

The latest new Koch treatment differs from all others. The vapors are breathed into the air tubes and reach the deep places in the lungs that are never touched by ordinary medicines, and they heal the diseased spots. They soften the sore membranes, making them throw off their diseased coatings. As the lungs are healed they are strengthened. The pain in the chest, back and sides disappear. The strength returns. The improvement is so wonderful that the patient can hardly believe his senses.

The physicians of the Koch Lung Cure prove that they cure with this treatment by the statements of hundreds of sufferers in this city who have been cured. Health seekers can visit these persons to learn the story of their recovery. With their improved methods the Koch doctors are able to cure where other doctors fail.

Sufferers calling at the New York office of the original Koch Lung Cure, 50 West 22d Street, or at the Newark office, 693 Broad Street, receive consultation, examination and one treatment free.

# GIGANTIC UNLOADING SALE

WE ARE GREATLY OVERSTOCKED—GOODS MUST BE SOLD.

We find ourselves in comparatively the same predicament that many clothing manufacturers of the country are in; they doubled their product expecting an enormous Spring trade and were disappointed and forced to sell their surplus at a loss of 40 and 50 per cent. We accepted the offer of one of the largest and best known houses on Broadway in anticipation of a very large business, but the backward Spring has had its effect and now we are forced to confess that we bought too heavily and must suffer the consequences.

## THESE STOCKS MUST GO, NO MATTER WHAT THE SACRIFICE.

That is what we have resolved upon. It's the only way out of the tight place in which we find ourselves. Our chance to unload now, right in the heart of the season, is far better than it will be later on. And so, beginning to-morrow morning at 8 o'clock, we start the greatest purchasing opportunity ever known in New York. We propose to do a month's business in one week, and there's no reason why we shouldn't with all these wonderful price cuts and enormous savings emphatically excelling all previous sales.
