NEW LONDON, Conn., June 6.—Six crews were on the Thames River until 7 o'clock last evening, Yale's varsity eight and four, also her freshman eight and four, and Harvard's varsity eight and four.

The Crimson varsity squad arrived last night, and Coach Higginson had the shells launched and all hands hard at practice less than ten minutes after arriving on the launch from New London.

"The crew is not up to the standard, by any means," said the veteran coach when the evening's exercise had ended. "I worked hard with them for four miles and am completely winded, as I am out of training. However, we have nearly three weeks ahead of us and there ought to be considerable change for the better in that period."

Julian Curtiss will go over the course in a launch and set the half-mile fags. The New Haven oarsmen are not saying much, but there is a contented expression on their countenances that shows plainly they will not go down to defeat without making a desperate struggle.

YALE 'VARSITY LEADS IN RACE

Starts on Even Terms with the Freshman Eight and Wins Easily Over a Mile and a Quarter Course.

GALES FERRY, Conn., June 6.—The Yale varsity eight, today turned the tables on the Freshmen, and in a mile and a quarter race easily defeated them by over a length. No time was taken.

The varsity eight and four-oar slowly rowed up stream about a mile and a quarter, followed by the launch Ellhu Yale, from which Coaches Kuntzig and Kennedy instructed the men on getting their hands away faster on the recovery, and getting into the "catch" more quickly.

When the crews had arrived at a point about a mile and a quarter above the quarters the freshman four and eight caught up very smoothly, and no wind was blowing when the four crews were lined up for a racing start. The four-oar crews were sent away first, the freshmen being given a length of clear water over the varsity four.

The freshmen and varsity eights snatched an even terms and from the first the varsity crew showed its superiority, gradually pulling away, until at a point opposite the crews' quarters there was a length of open water between the boats. The form shown by the varsity greatly encouraged the coaches.

Julian Curtiss, Chairman of the Regatta Committee, who came here last night, went out to flag the course this morning, but it took long hanging over the river made it impossible, Mr. Curtiss will probably make another attempt tomorrow.

Harvard Eight OUT FOR PRACTICE. GALE'S FERRY, Conn., June 6.—The Harvard varsity men went today for four miles of work in mile stretches on the river. All the men were in good condition after their first night at Red Top, but the travel of yesterday had tired them so that they were somewhat laggard in their rowing.

Coach Higginson paid all attention to the slow recovery, and stroke McGrew was told to keep his men from rushing forward. The work was not satisfactory to the coaches, as the men were slow to get their power applied and the boat stopped badly between strokes. Most of the work was done at a 30-stroke, but on the way to the float the stroke went up to 32.

The four-oar went out in the same order as yesterday. Stroke Dillingham has been elected captain of this boat. A new set of oars for the varsity eight arrived from Harlem today.

FIELD SPORTS AT TRAVERS ISLAND

Big Crowd of Society Women and Men Assembled at Beautiful Country Home of the New York Athletic Club.

TRAVERS ISLAND, N. Y., June 6.—The annual sports at the beautiful country home of the New York Athletic Club at its pretty summer home. The affair is an invitation one exclusively, no tickets being placed on sale. The popularity of the club's meets in society is proven by the increased demand for invitations each year.

Arthur Duffy, holder of world's record for the 100-yard dash, was down for a try at the 50-yard record. In his warm-up work he let out a few notches and covered some short stretches of twenty-five and thirty yards with a smoothness of action that brought salves of applause from the gaily bearded stands.

Edgar Glass, the Yale guard who helped materially to pile up the score against Harvard and Princeton last fall, was expected to do things in the weight events. Several of the collegians who had failed to make good at Berkeley Oval last week were on hand to try and retrieve their shattered reputations and the sprinters from the local athletic clubs were intent on showing their superiority to the college bunch.

The track was in excellent condition for fast work, and there was no breeze of any strength to hinder the contestants in their efforts.

The intercollegiate relay race was the most exciting event of the day. Brooks High School and Brown Prep School were the contestants. The race was a close one, but over every inch, and the latter led by a few inches, and a colored school boy, and C. Jessup brought the 100 spectators to their feet. At one time Jessup showed clear of Taylor, but the dusky-headed athlete cut down the lead and just managed to break the tape an inch to the good. Jessup fell at the finish exhausted and was carried to the training quarters.

The summaries. Putting 16-Pound Shot.—Won by F. G. Bell, Yale, actual 10 1/2 lbs. 4 1/2 inches; F. S. Callahan, N. W. S. A. C., second, with 23 lbs. 10 1/2 inches; W. J. O'Connell, N. W. S. A. C., third, with 22 lbs. 10 1/2 inches.

100-Yard Dash.—Won by W. P. Earle, Columbian Prep School, Paoli, Pa., second, J. W. Taylor, Columbia, was third, time, 1:10.2.

Attempt to lower the 15-yard record of 7:35 seconds by Arthur Duffy, Georgetown University, was made by J. Ricker and P. Callahan, Duffy had the distance in 8 seconds.

One Mile Interscholastic Relay Race.—Won by Brown Preparatory School, Philadelphia, composed of W. P. Earle, McGucken, Benson, Mulligan and Taylor; time, 30:13.35. Brooklyn High School, second and Pratt Institute, Brooklyn, was third.

Reliance was in tow of her tender, Reliance, on which America hopes to keep Sir Thomas Lipton from lifting the cup, got a chance to see the new boat today as she passed down the East River under the Brooklyn Bridge shortly after 10 o'clock.

It was a great sight for those who happened to be on the bridge at the time, for they saw how neatly her wooden topmast was telescoped into the mainmast. If it had not been for this telescoping of the topmast the new boat could not have gone under the bridge, as the top of the spar is 155 feet from the waterline, or 60 feet above the iron work of the bridge.

GIRL ATHLETES MRS. MANICE IS AGAIN CHAMPION

Holder of the Metropolitan Association Title Defeats Miss Vanderhoef in Final Match. Men Gather in Large Numbers to Cheer the Young Women of Elmira College on Their Annual Field Day.

ELMIRA, June 6.—On the historic campus of Elmira College, the oldest institution in the world to grant a degree to women as well as men, the annual field-day and track athletic meet was held today. The interclass athletic supremacy was won by the members of the class of 1903, the freshmen winning a total of sixty points, the juniors twenty-five, sophomores four and seniors two.

The campus presented a picturesque appearance, with hundreds of spectators in holiday attire, college colors and the waving of college flags. In this, unlike the majority of usual athletic events, the male athletes gathered in large numbers and cheered the winning female athletes heroically. A large number of college men home on vacation were present and cheered the fair athletes on to victory.

The Elmira College athletes made a striking appearance in their natty costumes of dark blue trimmed with gold, and the colors, they were knee length bloomers, dark stockings and running shoes. Loose boucles with flowing sailor collars of old gold completed the costumes. A number of Elmira college records were shattered, and two new ones were made.

Miss Hoen Downes, '04, who last year won the title of champion American college girl athlete by her feat of winning eight firsts in the annual meet, ran 50 yards exhibition forty-yard hurdle race against time and completed the trip over three miles in six seconds, breaking the American college girls' record. Miss Downes did not compete in the regular track events today.

Miss Nina Ganning, of Horseheads, made the star of the meet. She did remarkable work, almost duplicating Miss Downes' work of last year. She won six firsts, two seconds and one third place, a total of 37 points. She ran 50 yards in 7 1/2 seconds and 70 yards in 12 1/2 seconds, the former college record for men at 100 yards.

Shot-Put Record Broken. Miss Clara Tormansen, '06, broke the woman's college shot-put record for America by throwing the twelve-pound shot thirty feet, a phenomenal showing. The interclass basketball contest was scored by the juniors. Not a girl fouled or showed any signs of weakness in the entire contest in the hot sun, and smelling salts, hot rubbers, hairpins, etc., were entirely tabooed. The men athletes admitted that they were given a fine example of gritty work.

Brightons at Ridgewood. There promises to be a lively battle at Ridgewood tomorrow when the Ridgewood tackle the Brightons, of East New York, champions of the greater city.

CARTER TO BOX JACK O'BRIEN

Brooklynite Will Have Opportunity to Make Good Claim that He Can Beat Quaker in Six Rounds on June 17.

After many months of wrangling by the managers of "Philadelphia Jack" O'Brien and "Kid" Carter of South Brooklyn, a match has finally been arranged between the men. According to the articles the men will engage in a six-round bout before the Industrial A. C. of Philadelphia on June 17. They will battle at 165 pounds, weight in at 9:30 o'clock on the night of the fight. The incentive will be 60 per cent. of the gross receipts.

Should Be a Good Bout. This should be a hard bout. The men hold a bitter grudge against each other. As a result of this enmity there is no doubt that they will tear right into each other at the sound of the bell. Carter by his assertions from time to time that he would be willing to bet his share of the money he could stop O'Brien in less than six rounds aroused the ire of the clever Philadelphia. The latter says he will do the stopping in this bout. Both men will begin training to-day for the contest.

McGovern Going Cruising. Terry McGovern will not go to the mountains, but instead will participate in a three weeks' yachting trip, starting to-day. The little fellow had made up his mind to go to the mountains, but as his physician thought it would be better for him to spend at least three weeks on the water, abandoned his trip.

Sam Harris, manager of McGovern, says he is confident Terry will come around all right and will be ready to fight again in the fall.

Mysterious One Retires. "Mysterious Billy" Smith is the latest fighter to announce his retirement from the ring. His defeat by Joe Walcott in three rounds a few nights ago disgusted him. Smith, in his day, was one of the best fighters that ever pulled on a glove.

Stiff in Private Fight. Billy Stiff, the hard-hitting middleweight of Chicago, and Charley Burns, the Cincinnati slugger, have signed articles of agreement in Chicago to try conclusions in a finish fight, to be held in private in that city in two weeks. They will battle for a side bet of \$200. Stiff will beat Burns in a few rounds if they fight with small gloves, as he is a harder puncher than the Ohioan.
