HITS AT STANDARD OIL.

George Rice, of Ohio, Begins Dissolution Suit in Jersey Court.

TRENTON, N. J., June 27.—Charles D. Henderson, Jr., of Jersey City, and Joseph M. W. Newlin, of Philadelphia, counsel for George Rice, of Marietta, O., to-day filed in the Court of Chancery a bill for the dissolution of the Standard Oil Company, a New Jersey corporation, charging that the company is illegal, and that it exists in violation of the Anti-Trust laws of the United States and of the decision in this State relating to monopolies.

The bill charges that the Standard Oil Company in Ohio was declared illegal by the courts of that State, but that the company, instead of dissolving, in obedience to that decision, has by subterfuge, evaded the Ohio decision and is merely a holding company for the Ohio concern.

The bill asks that not only the company be dissolved, but that its assets be distributed among its stockholders after paying off its outstanding securities.

For the accomplishment of this purpose it is asked that a receiver be appointed.

THE COTTON MARKET.

A scare among shorts in the cotton market to-day at the opening was responsible for sharp advances throughout the whole list. Prices were next up from 7 to 22 points higher than Saturday's final figures because of the strong Liverpool cables, and commission houses as well as room traders bought. Dealings were chiefly in July and August, which options lead in the upward, the former figuring at 10.65 and the latter at 10.64.

It became evident, however, that the rise was too rapid, and a rush to get profits sent prices down. Because of the cold weather in the northwestern sections of the belt the bears acted with caution and covered freely on signs of strength.

After the call there was a further reaction, and prices went below the opening figure.

The closing prices are as follows: July, 10.65; August, 10.63; September, 10.62; October, 10.61; November, 10.60; December, 10.59; January, 10.58; February, 10.57; March, 10.56; April, 10.55; May, 10.54; June, 10.53.

The closing prices were: July, 10.67; August, 10.74; September, 10.72; October, 10.70; November, 10.68; December, 10.67; January, 10.66; February, 10.65; March, 10.64; April, 10.63; May, 10.62; June, 10.61.

Baron M. Matsudaira, M. H. P., who is Vice-President of the Japanese Imperial Commission to the St. Louis Exposition, with Jiro Harada, Assistant Commissioner, and H. Yamawaki, Secretary to the commission, arrived in New York to-day. They were shown the usual courtesy of the members gallery and cheered by the brokers on the floor.

TRACTIONS ACTIVE LED THE STOCKS

Manhattan Dropped Back in the Final Run, While Metropolitan, Which Had Been Hammered, Rallied Somewhat.

Stocks closed steady to-day and fractionally lower, with trading very light. The market was dull all day, with no special feature other than small fluctuations in the local traction group.

Early in the day Metropolitan Street Railway was hammered down 3-4 per cent., but rallied, then subsequently closed 1-4 below the opening figure.

Brooklyn Rapid Transit, after losing 3-4 of a point, finally closed at 48 1-4. Dealings in Manhattan were extremely brisk late in the afternoon, and went down 1-4.

In the railroads Ontario and Western was the strongest, selling at 265 1-2, an advance of 3-4, and closing with 1-2 point gain. Reading was also strong, gaining 3-4 per cent. higher and closing down 1-4.

In the industrials Steel preferred was 1-2 higher early in the day, but closed around the opening quotation, while the common stock finished steady.

Steel was weak all day, selling down to 12 1-2, a loss of 3-4, and closed below the opening. Steel preferred, on the other hand, was well supported, and closed 1-4 per cent. higher.

The total sales of stocks were 159,100 shares and of bonds \$2,091,000.

FEARED A RUN, SO BANK CLOSED DOORS

First National of Saratoga Concluded It Had Not Enough Ready Funds to Meet an Expected Demand.

(Special to The Evening World.)
SARATOGA, June 27.—The First National Bank of Saratoga was not opened for business to-day. The following notice was posted on the bank's doors: "The request of the directors and by order of the Comptroller of the Currency, this bank is closed."

(Signed) J. VAN VRANKEN,
National Bank Examiner.

The First National Bank of Saratoga Springs, according to a recent statement, owed depositors \$500,000. It had paid up \$125,000, and it had among its assets \$1,000,000 in loans, discounts, stocks and securities, and \$100,000 in cash and exchanges.

The run which began on the Citizens National Bank last Saturday led many to be apprehensive of a financial run by small depositors on the First National Bank. The announcement last Saturday in the local newspapers that William H. Hoopes, for many years cashier of the First National Bank, had been succeeded as cashier by ex-Village President Robert F. Milligan, led to many conjectures that added to the local excitement.

One of the First National Bank directors, on being interrogated in regard to the closing of the institution, to-day said:

"We felt yesterday that our bank would undoubtedly be compelled to meet a run, and we did not have money enough on hand to meet such a run as the Citizens National is having now, and not having sufficient time to procure the needed financial assistance to meet all demands that might be made, we requested the Comptroller of the Currency through Bank Examiner Van Vranken, to close our bank, and thus avoid the run. The deposits in our bank reach over \$500,000. The suspension is not temporary."

The run on the Citizens National Bank ended at 11 o'clock to-day.

Many depositors who had funds again deposited, the bank is again doing a regular business, the same as before the run, and excitement is subsiding so far as the Citizens National Bank is concerned.

WASHINGTON, June 27.—The First National Bank of Saratoga Springs, N. Y., was closed to-day by direction of the Acting Comptroller of the Currency. A run was started on this institution on Saturday and as it was not in a condition to meet its demand liabilities the examiner was instructed to act upon the bank to require its closing. It was any indication of a renewal of the run, a suspension of the bank would be necessary.

Joseph Van Vranken has been appointed receiver.

The following is a statement of the resources and liabilities of the bank as shown by its last report of condition to the Comptroller, dated June 9, 1904:

Resources: Cash and discounts, \$125,000; U. S. bonds, \$125,000; bonds, securities, etc., \$1,000,000; real estate, \$2,000,000; other assets, \$250,000; Total, \$3,500,000.

Liabilities: Capital stock, \$125,000; surplus and undivided profits, \$100,000; deposits, \$500,000; due to banks and bankers, \$250,000; deposits, \$750,000; discounts and bills payable, \$100,000; Total, \$1,725,000.

An official of the Importers and Traders' National Bank, Saratoga, was the New York correspondent of the Saratoga bank, and as it was apparently in good condition and had no connection with the Citizens' Bank at Saratoga, on which there had been a run.

\$3,000,000 Plant for \$1,000,000.

GALVESTON, Tex., June 27.—The Central Asphalt and Refining Company, in which ex-Senator C. A. Tamm and his associates invested nearly three million dollars, and which passed into the hands of receivers, has by order of court been sold for \$1,000,000. The purchasers, a Memphis syndicate, will maintain the original idea of manufacturing asphalt, and will devote the plant to oil refining.

An Enormous Offering of Imported SHETLAND SHAWLS At HALF PRICE and Less

The importer was over-intoxicated with these shawls, and brought over too many. Small wonder—they would have tempted anybody. He met our buyer when he was feeling like "the morning after," and he didn't care what the shawls had cost him.

We got the cleverest bargain we ever saw. So will you.

There are two hundred dozen shawls in the collection—an enormous quantity to have left on his hands—an enormous quantity for any store to buy.

But the shawls were new and handsome—all imported this present season. They were in beautiful designs and colorings. We knew that it would be easy enough to find twenty-four hundred women who would be glad to have them—who would come in a hurry to secure them—when we were able to offer them at a half and a third of their regular prices.

The shawls are in white, black, light blue, pink, and combinations of white-and-blue and white-and-pink.

In the whole 200 dozens, there are only two dozens worth as little as \$1.25; and to offset this, there are three dozens of \$8 shawls; and today's prices are

- 50c to \$2.50 Each
- Arranged in the five following groups:
- \$1.25 and \$1.50 Shetland Shawls at 50c Each
- \$2 and \$2.25 Shetland Shawls at 75c Each
- \$2.25 and \$2.75 Shetland Shawls at \$1 Each
- \$3 and \$3.75 Shetland Shawls at \$1.50 Each
- \$5 to \$8 Shetland Shawls at \$2.50 Each

Women who are going away for the Summer want these Shawls, of course. And dealers, who wish to replenish their stocks, will be allowed to buy, in reasonable quantities, because we have so many; and they would have to pay at least half as much more, at wholesale.

You May Own a PIANO TOMORROW—If Ever

The Best Offering—The Lowest Prices—The Easiest Terms That You've Ever Known in Piano Selling

Such a sale, at this time, is most unusual. It was entirely unexpected by us. Now it is a matter of necessity.

We have been taking an unusual number of Pianos in exchange during the past six weeks. Our store-room space has been extremely limited for months. We have no room to keep the pianos.

We can't afford to pay storage on them. We MUST sell them—and quickly.

We have a splendid collection—a hundred and twenty Pianos and Piano-Players. All have been put in excellent condition, by our experts.

The prices on most of the instruments have been marked far below what would have been necessary in a sale at any other season. The sale is late. Many possible buyers are out of the city. We're making it worth while for purchasers to come a hundred miles—yes, five hundred miles—to take advantage of the splendid offerings of tomorrow.

While most of the pianos and piano players have been taken in exchange, there are many instruments that have only been out on rental a short time; and there are some that have not been used—simply shown on our floors, and the varnish has become crazed.

If you have a thought in your mind of buying a piano come and see these pianos tomorrow.

If you hadn't allowed yourself to think of buying a piano, because of the cost, you should come tomorrow, and see how little a really excellent piano can be bought for—AND HOW EASY THE WANAMAKER TERMS ARE. And the easy terms apply to all the pianos in the offering. Very little cash; and monthly payments as easy as you could wish.

The full list of instruments will be printed in the Tuesday morning papers. The sale begins tomorrow morning.

S. S. S. is a good medicine. I keep it in the house all the while. It is an excellent tonic to give strength to the system and tone to all the organs. It gives appetite and energy and makes one feel better in every way. I have found it also an excellent blood purifier. For months I was troubled with an itching skin eruption on the face, and tried specialists and many remedies to get a cure, but S. S. S. is the only medicine that seemed to relieve.
