KNIGHTS TEMPLAR IN A TRAIN CRASH

Many Reported Killed in Collision Between Special, Crowded with Delegates Returning from San Francisco.

RENO, Nev., Sept. 12.—The third section of passenger No. 4, a Knights Templar train, and second section, No. 5, on the Southern Pacific Railroad, crashed together today near Lighthouse Springs, five miles west of here.

It is reported that many of the passengers were killed. The Knights Templar train was crowded with delegates who had attended the convention of the Knights in San Francisco last week.

Among them were numbers of men prominent in the eastern cities, the convention having been attended by leading members of the order from New York, New Jersey and adjacent states.

It is not stated which of the delegations occupied the cars of the wrecked train.

Details from the scene of the collision are meagre, but the first reports indicate that the loss of life was heavy.

Both trains, it is said, were going at top speed and that several cars were derailed, the victims being caught in the wreckage and crushed to death.

Doctors and nurses with wreckers were hurried on a relief party from this city immediately after the first news reached here of the crash.

Officials of the Southern Pacific office here report passenger train No. 5 was having been held up on account of the burning of snowsheds.

GLAMOR FOR ODELL TO NAME CANDIDATE

Governor's Control Over the Convention Will Be Absolute—Latest Boom Is for State Insurance Superintendent Francis Hendricks, of Syracuse.

(Special to The Evening World.)

SARATOGA, Sept. 12.—Everything is shaping for some remarkable moves in the game of politics here to-night. The main Japanese army is bivouacking. Only very small Japanese detachments are reported on the Russian flanks.

The War Office fully realizes the discouraging effect of the battle of Liaoyang upon the heroic garrison of Port Arthur. With all prospect of immediate relief from Gen. Kuropatkin gone it is feared that the length of the siege will be shortened.

The commission which has been considering the contraband question has reached a decision favorable in the main to the contentions of the United States and Great Britain regarding absolute and conditional contraband. Foreign Minister Lamson will see the American and British notes as expected this week.

The Baltic fleet, which sailed from Cronstadt yesterday, is expected to remain at Libau for about a fortnight. Thence it will sail for the Mediterranean.

CZAR CHANGES PLANS OF GEN. KUROPATKIN.

LONDON, Sept. 12.—Reports received here today indicate that the plans of Gen. Kuropatkin have been completely changed by orders from the czar.

According to these reports Gen. Kuropatkin has been ordered to concentrate his entire strength, to move back to Mukden from the posts north of the town and to retake Liaoyang, no matter what the cost.

The Daily Mail's Mininette correspondent reports: "Gen. Kuropatkin has returned to Mukden after inspecting the fortifications at Tie Pass, which are not well advanced, but are being hurried on. At the same time dangerous and costly efforts to detach the Japanese advance are being made. The report was confirmed by a Russian source that this is the outcome of the Emperor's orders, and that the Emperor has emphatically commanded Kuropatkin to retake Liaoyang."

"There is no abatement in the retreat of the Russian troops northward. The noise of a fierce artillery engagement was heard south of Mukden Friday night and torturing to death Russian patrols."

"The Morning Post's correspondent in the north is crowded that food supplies are almost unobtainable. Private soldiers lost almost all their supplies during the Russian retreat. Civilians are besieging the railroad station and other eating places, but it is well nigh impossible to get food."

HONOR TO DIE, WROTE JAPANESE MOTHER.

ST. PETERSBURG, Sept. 12.—The spirit animating the Japanese troops is shown by the translation of a letter, written by a Spartan Japanese mother to her son, which has reached the War Office.

The letter was found on the body of her son. It adjured him to fight nobly for the Mikado and his country, and informed him that his capture would be considered an everlasting disgrace upon the family ancestors, but that if he died on the battlefield, it would be an honor which the family would prize for a week.
