COY OF BULLDOZING  
IS RAISED BY MURPHY

Tammany Leader Asserts that the Republicans Are Outdoing Johnny Davenport in Their Efforts to Intimidate the Voters Who Registered To-Day.

Odell Employs Army of 7,000 Men to Watch the Lists--A Record in Registration Is Made, but in One District Republicans Question Right of 250 Men to Vote.

Charles F. Murphy, with figures before him, showing the first day of registration to be an unusually heavy one, made open charges of fraud against the local Republican machine this afternoon. Mr. Murphy was very indignant. He said that Republican workers were in every election district, that they were intimidating voters regardless of the merits of each case, and were stacking up challenges and making confusion in the most outrageous fashion.

"Reports which have reached me from every part of the city," said Mr. Murphy, "show that Odell and his followers are going ahead with an outrageous system of intimidation. The days of Davenport are being outdone. Nothing has ever been like it in New York before. Tammany Hall will not stand for this sort of thing and will protect every voter, be he Republican, Democrat, Populist, Prohibitionist or any other political faith, who comes here with a legitimate complaint. We will join hands with any and every fair-minded citizen in a demand for fair play."

Challenges by Wholesale.  
"The conditions in the Sixteenth Election District of the Twenty-second Assembly District are particularly scandalous. I have just learned from Commissioner Lantry that out of the 63 men enrolled in that district the Republican agents are going to challenge over 50. They have begun the work already, challenging men who have voted in the district for years and about whose right to register and vote there can be no doubt. One man challenged to-day is the pastor of St. Thomas's Church, a man who has voted in the district for fifteen years."

Gov. Odell admitted to an Evening World reporter to-day that the Republican organization has 7,000 men at work in this city. These men are employed at \$4 a day for eight days. Four of these working days are registration days; the other four are for work in between the days of registration. At this rate of compensation, it is evident that the Republican Governor-Chairman has a big campaign fund at his disposal. These 7,000 men alone will cost him \$280,000.

Great Vote Registered.  
The first six hours of registration to-day were unusually heavy, and the indications are that the day will be a record-breaker for a first day of registration. Both Republicans and Democrats were claiming that the outpouring of voters was an auspicious sign for their respective causes, and the Republican managers expressed themselves as confident that 10 o'clock to-night, when the polling places close, will see the registration of at least a quarter of the vote.

Many of the downtown districts and some of the downtown ones showed heavy increases over last year and over the last Presidential year. In the Eighth Assembly District, of which "Florie" Sullivan is the leader, the registration was very heavy, a surprising part of the fact that a large part of the district has been changed by the building of the promenade to the new East River Bridge. In Charles F. Murphy's district, the registration was a bit ahead of the first day last year, while in the Fifth Assembly District, where the Republicans are strong, the average was away above the figures of the last few years. In the First and Second Assembly Districts, the Democratic districts, the registration but caught up somewhat later in the day, probably be up to the predictions of the Big Registration in Harlem.

In Harlem the registration was heavy in all the districts. Lines of voters were in front of almost every polling place, an unusual sight in that section of the city on a first day of registration.

First Arrest Made.  
Charles Insley, of Winfield, L. I., registered in the Twentieth Election District of the Fifth Assembly District, and was immediately arrested. He said he lived at 134 MacDougal street and was promptly challenged by a Democratic agent. He was taken to the Jefferson Market Court and held for examination on Sunday morning.

SEVENSAVED FROM LAUNCH

The steam launch Ideal, owned by Mr. Lippincott, Gravesend, was driven ashore on Sandy Hook, near the dynamite battery, late this afternoon and will probably be a total loss. There were four men, two women and a boy in the launch when she became unmanageable, but all were rescued. The boat was left in a bad position, however, and will probably be battered to pieces.

CAZAR'S ARMY FIGHTS WITH DESPERATION, BUT IS DRIVEN BACK

Gen. Kuropatkin Reports to St. Petersburg that the Left Wing Was in Danger of Being Cut Off and that It and the Right Had to Retire.

TREMENDOUS SLAUGHTER IN BOTH THE BIG ARMIES.

In One Russian Division with One Hundred Officers Only Eight Escaped Unhurt by the Murderous Fury of the Japs—Port Arthur Fleet May Go Out.

ST. PETERSBURG, Oct. 14.—Gen. Kuropatkin reports that he has ordered the Russian troops on his left flank to retire because Japanese reinforcements to Gen. Karok's army threatened to cut them off.

Gen. Kuropatkin in another despatch, dated early to-day, says regarding the fighting of Oct. 12 and 13 that the Russians on the right wing defended their advanced positions and also portions of the different main positions, particularly in the direction of Sialihudze, until toward evening, when he ordered them to withdraw a short distance. In spite of the fact that the attacks of Japanese under Gen. Oku were chiefly directed against these troops they held the ground to which they retired.

On the left wing, after a very obstinate struggle, the Russians occupied the rocky hills south of Bentalapuzze and near Benishu, about eight miles north of Yental, but the arrival of large Japanese reinforcements prevented them from profiting by this success, and as this body was separated from the rest of the troops Kuropatkin ordered it to retire.

The despatch reiterates that the Russians suffered heavy losses, but no details have yet been given out.

A later despatch, sent by Gen. Sakharoff, explains more of the operations of Oct. 12 and Oct. 13, from which it appears that the Russian centre was due north of the Yental mines, the right running west a short distance beyond the railroad and the left sweeping southeastward toward Benishu.

The real bloody work did not begin until Wednesday, when the Japanese made a series of determined attacks on Sialihudze, about seven miles north of Yental, but the Russians held off their assailants.

In the meantime the extreme right, comparatively lightly held, was forced back, thus compelling Kuropatkin to slightly draw back his line above Yental in order to preserve its alignment. On the extreme left, after a determined resistance, the Russians succeeded in carrying the rocky heights and Hus Pass, North of Benishu, but the arrival of Japanese reinforcements, Kuropatkin says, made it impossible for the Russians to press their advantage here and as the left was now too far advanced it also was withdrawn some distance.

It is now evident that Kuropatkin's plan was to press his advance not directly from the front, but toward the left, for the purpose of getting in the rear of Oyama's triangle.

The Admiralty says it has no information in regard to the report from St. Petersburg, by way of Paris, of the appearance of five Japanese cruisers off Vladivostok, and discredits it.

The Admiralty yesterday received important news from Port Arthur. It

CONSPIRACY PLEA FOR WEINSEIMER

Jury Hears the Defense of Former Labor Leader on Trial for the Alleged Extortion of \$2,700 from Employer.

George Raines, of Rochester, counsel for Philip Weinseimer, to-day continued his opening address to the jury that is trying the ex-labor leader for extortion before Judge Newburger in General Sessions.

"Hostility to the defendant," Mr. Raines declared, "was engendered in the minds of the witnesses for the prosecution because of business troubles. Their evidence was given in cold blood to make him a victim."

"We shall show," he shouted the lawyer, "that Weinseimer never received a dollar as a bribe."

"It was necessary for the representatives of this \$700,000,000 association to get Weinseimer, and the conspiracy was hatched."

FITZ SAYS HE'LL TACKLE O'BRIEN

Will Post Forfeit on Arrival in This City and Agree to Weigh In at 158 Pounds, Middle-Weight Limit.

BUFFALO, N. Y., Oct. 14.—Bob Fitzsimmons, who is showing at one of the local theatres here this week, made the announcement to-day that he was willing to fight "Philadelphus Jack" O'Brien for the middle-weight championship of the world, and that when he arrives in New York next week he will post a forfeit of \$5,000 and invite O'Brien to cover it. Fitz says O'Brien is merely making a bluff, thinking that he would not be able to make the middle-weight limit. Fitzsimmons further states that he will meet O'Brien at any time and place and sign the articles of agreement.

When an Evening World reporter informed O'Brien of Fitzsimmons's offer to fight him he said: "Fitz means business. I have always wanted to fight Fitzsimmons as I think I can beat him. I will be on hand prepared to sign the articles and will also be ready to post as large a forfeit for weight and appearance as Fitz suggests. This weight must be at 155 pounds as I won't fight him at any other weight."

Thomas A. Hill, president of the Master Plumbers' Association, was the first witness called by the defense. Mr. Hill was called for the purpose of showing there was an agreement between the Master Plumbers' Association and the Journeymen's Union in 1903. There was a conference between the leaders of the two organizations as to the work done on the Glastonbury house, as a result of which a strike was ordered.

Daniel Finn, formerly walking delegate of the Plumbers' Union, testified that as "business agent" of the union

Harry Payne Whitney was the main bidder at the sale of horses in training of W. C. Whitney etc etc, held in the paddock at Morris Park to-day. The son of the late magnate secured the pick of the racers, for there did not seem to be any desire to bid against him when it became known that he wanted any particular animal.

Young Whitney has been too generous a patron of racing for owners and trainers to harass. Even if they wanted to, it is doubtful if Whitney would let Harry's desire, Tanya, Rupert, Artful or Princess Rupert go at any price. He jumped bids by the thousands. Artful went to him for \$10,000, Tanya for \$1,000, Princess Rupert for \$5,000, Princess Rupert for \$4,000. Pioneer went for \$4,000 to H. B. Duryea.
