

STOCKS RALLY AS MARKET CLOSES

Trading Eases Up During Irregular Session, Some of the Industrial Issues Being the Good Features.

UNION PACIFIC GIVES EVIDENCE OF PRESSURE.

Brooklyn Rapid Transit, Steel, Sugar, Tennessee Coal & Iron and Colorado Fuel Higher—Copper Down.

Following a generally strong opening today stocks ran off in the market, but irregular during the greater part of the session, then rallied in the final dealings and closed with the most of the leaders showing gains.

There was quite a marked falling off in trading, the day's total being only ordinary. London houses did a business of probably \$5,000 to \$7,000 shares, but they were buyers on balance of less than 15,000 shares in all.

A scarcity of actual stock in Union Pacific was reported. There was much pressure on this stock, it selling down to 109 3/4 after an unchanged opening at 110 1/2. It later sold back to the neighborhood of yesterday's close.

The active Industrials received good support with the exception of Amalgamated Copper, which ruled lower throughout the session. Tennessee Coal & Iron was unusually strong at an advance of more than 3 per cent.

Steel common held fractionally higher, as did the preferred, the latter being ex-dividend; Baltimore and Ohio and Norfolk and Western were also well looked after, they closing higher.

Brooklyn Rapid Transit led the Tractons, the price ruling 1 point higher. Manhattan and Metropolitan securities held unchanged, while Metropolitan Street Railway was weak.

Fractional losses were felt in the Erie group. Bonds were fairly active. The total sales of stocks were 1,115,000 shares and of bonds \$2,750,000.

Three weeks ago Burth was arraigned before Judge Sweeney, charged with shooting a crane in the street, and was released on his promise to behave and try to become wealthy.
