

THIRD AVENUE "L" SERVICE IS WORSE THAN ON B. R. T.

Upper East Side Forced to Put Up with Transit Conditions as Outrageous as Those Which Have Roused Indignation of Citizens Across the River.

The demoralization of the service on the elevated railroads, and the indifference of the Interborough officials to the complaints of patrons has reached such a stage that the temper of those unfortunate who are obliged to use them is about gone.

Living in Brooklyn and being at the mercy of the Brooklyn Rapid Transit Company is a mild affliction compared to what New York "L" patrons, especially of the upper east side and the Bronx, are undergoing at present.

The train service has been getting steadily worse. With the opening of the subway trains were gradually withdrawn, until at present there are not enough to carry near hand the crowds that throng the different stations.

There is apparently no schedule in operation on the Third Avenue line. Trains are run in haphazard fashion and so far apart, even at the worst of the rush hours, that when they stop at stations, which is not always, by any means, it is impossible to open the gates because of the crowds already aboard.

From the many complaints it would appear that at the very time when the patrons of the Third Avenue "L" were securing efficient service the management suddenly snuffed out their complaints and began a service even worse than before.

Patrons of the line complain that since the coming of the subway fewer trains are run than formerly, that the "locals" have developed a habit of skipping important stations and that it is impossible to get a train at any time.

TUESDAY, Feb. 7.

Bargain hunters made a day of it in "the street," and their persistence caused numerous packages of recently counted goods to be thrown on the "reading" was good in remnants.

A special fondness for United States Leather preferred developed soon after the opening, and the demand for these shoes became more and more brisk as the day advanced.

There was no trouble to show goods for the old-time sponsors of the industrial boom, and many just-covered boots were dug out of the vault and its contents most gladly exchanged for the bargain hunter's cash.

POLICE ROUND UP ROBBER GANG

(Continued from First Page.)

great at times that it was impossible to get everybody in the station house. \$2,000 Worth Identified.

Capt. Burns said this afternoon that about \$2,000 worth of the recovered property had already been claimed by those from whom it was stolen.

Mrs. Annie Schenck, of No. 72 East One Hundred and Twenty-eighth street, silverware; Mrs. Lottie Withgarten, same address, silverware and toilet articles; William Mundt, of No. 63 East One Hundred and Forty-first street, gold and silver toilet set; William Nathaniel, of No. 56 East One Hundred and Forty-third street, silverware; William Hyland, of No. 218 Seventh avenue, silver and clothing; W. D. Michaels, of No. 124 West One Hundred and Forty-first street, jewelry and opera glasses; Mrs. Herman, of No. 15 East One Hundred and Thirty-first street, silverware; G. W. Burkhardt, of No. 220 East One Hundred and Twenty-fourth street, two revolvers and two clocks.

Detective McVey, of the West One Hundred and Fifty-second street station, identified a lot of table linen as belonging to people in his precinct.

How Prisoners Were Caught. The explanation of the way in which the police got their prisoners and recovered so much stolen property was revealed to-day, but not by the police. The information which led to the arrests was given to the police by Thomas Lloyd, a Harlem bookmaker and politician, himself one of the victims of the gang.

Lloyd gave the police the information on which they worked and which resulted in the clean-up of crooks and stolen property. Detectives Mahoney and McCormick took up the case on Lloyd's information and got on the trail of Charles Hall, alias John Wesley, a youth of twenty, who lives at No. 211 Eighth avenue.

In following Hall the detectives claim they were led to the home of his brother "Ben," who lived at No. 421 East One Hundred and Twenty-second street.

Through some mysterious channel "Ben" Hall learned that he was being shadowed, and, sending two trunks to a storage house in Harlem, he made his escape from the detectives. The trunks, however, were seized by the police, and they were found to contain jewelry, paintings, silks and valuables of every kind and description.

In this way it became popularly known as Father John's Medicine, and many thousands have since benefited by this valuable prescription.

As a guarantee that the story of Father John's Medicine is absolutely true the sum of \$25,000 will be given to any charitable institution if it can be shown otherwise.

Brother Francis, of St. Phillip's Home for Industrious Boys, New York City, says: "I consider Father John's Medicine the best for bronchial troubles, it being the only remedy to give me permanent relief."

MORE VICTIMS IN POLAND

WARSAW, Russian Poland, Feb. 7.—Several men were killed here to-day by strikers in bakeries and elsewhere, where attempts were made to resume work.

Strikers this morning attempted to bring out the employees of the electrical plant of the Lunatic asylum, but the doctors succeeded in pacifying them.

According to a report from Radom, twenty workmen have been killed or wounded in strike disorders there to-day, while at Skarzewsko twenty-four have been killed and forty wounded.

Grave trouble is also reported at Kutno to-day. Troops have been sent to Kutno (1904) to suppress the strike.

LODZ, Russian Poland, Feb. 7.—The factories were opened this morning, but scarcely any of the workmen appeared. At one factory the men worked until lunch time and then left and refused to return, saying they did not want to be killed by a bullet from the street fired through the door.

STORY OF A DOCTOR'S PRESCRIPTION

Father John's Medicine was originally prescribed for Rev. Father John O'Brien, of Lowell, Mass., in 1855, by an eminent specialist.

He was very much "run down" and suffering from a severe cough and cold, and this prescription produced such wonderful results in his case that he afterward recommended it to his prisoners and friends.

In this way it became popularly known as Father John's Medicine, and many thousands have since benefited by this valuable prescription.

As a guarantee that the story of Father John's Medicine is absolutely true the sum of \$25,000 will be given to any charitable institution if it can be shown otherwise.
