

MOSCOW MOBS RIOT AS GREAT STRIKE SPREADS

Train Derailed and More Bloodshed Is Feared by Authorities.

MOSCOW, Oct. 9.—Order was restored in the streets at 11 o'clock last night. It is officially announced that among the wounded are five Cossacks, four gendarmes and a number of policemen.

ST. PETERSBURG, Oct. 9.—Gen. Troop, Assistant Minister of the Interior, has been informed by telephone from Moscow that no serious disorders occurred there last night and that the situation was slightly more reassuring this morning.

But the strike is spreading, and the authorities evidently are very apprehensive. They are hopeful, however, that the St. Petersburg workmen will not be affected.

A serious development at Moscow today was an attempt to interrupt railroad communication. The rails were tampered with a short distance from Moscow, causing the derailment of a train, but there were no casualties.

The Ministry of the Interior admits that three Cossack policemen were killed yesterday.

The report that martial law has been declared at Moscow is authoritatively denied. No disturbances were reported at Moscow today up to 5 o'clock in the afternoon.

The report that eight bakers were killed at Moscow yesterday turns out to be incorrect.

The main streets and squares of Moscow are occupied by police as well as by two regiments of grenadiers, a squadron of dragoons and eight squadrons of Cossacks.

The throwing of bombs at the troops in Tills yesterday evening, resulting in the soldiers firing on the people, appears to have been the outcome of a deliberately organized plot. Ten bombs were thrown simultaneously in the vicinity of three barracks in widely separated quarters of the city.

Shots were also fired at the soldiers as they rushed out of the barracks but the loss of life was confined to one Cossack and one bomb-thrower. In addition twenty persons were wounded.

GERMS LURK IN KISS? "PROFS." SCOFF AT THIS.

Yale's Learned Men Throw Down the Proposition of Fournier, of France, on Supposition That Adam Bussed Good Mother Eve and Lived Awfully.

By Walter A. Sinclair.

Since Adam and good Mother Eve Pound osculation not amiss Mankind has enjoyed the kiss. And harsh consumption's racking cough Did not take Eve or Adam off. In fact they lived at least a year, And kissed a lot, from all I hear. So lovers all, enjoy your bliss, And kiss, and kiss, and kiss and kiss!

"If I kissed—I would kiss right on." A "Prof." said in New Haven, Conn. "The pleasant kiss—I'd gladly nab it—Providing that I had the habit. A man has very little gumption Who fears the kiss will breed consumption. No opportunity I'd miss To stow away each July kiss. The kiss does not strike me with dread. Professor William Brewer said, And all the other "Profs." of Yale Pook-poked the learned Frenchman's wall—

"The Fournier man who cried 'Beware! The kiss is but an artful snare. Where microbes by the million squirm, Along with that consumption germ!' Said they: 'You bet no chance we'd miss—Providing we should WISH to kiss. Of course we'd feel a bit more plaid To wet our lips with boric acid. But you can bet your boots on this: We never would side-step a kiss.'"

quoth bold Doc Lindsay: 'I believe

Haggerty, Mr. Murray with two friends were in the automobile and all went to the West One Hundredth street police station, where Haggerty charged Nelson with running the machine faster than eighteen miles an hour.

Dr. Ulysses Kalm, of the French Hospital, was arrested by policeman Haggerty, who charged the physician with running his automobile twenty miles an hour.

Both men arrested declared that they had no idea that they were exceeding the limit fixed by law.

The registration places will be open until 10 o'clock to-night. If you do not register you cannot vote.

WIFE STRANGELY GONE.

Mary Ann Burns, twenty-five years old, the wife of a truckman, of No. 53 East Seventy-second street, mysteriously disappeared on Oct. 5 and no trace has been had of her since. She is very pretty woman, but of late has been severely ill and looks pale and weak.

WOMEN WHO WORK.

Trials of Women Employed in Stores, Offices and at Home.

Dr. Greene's Nervura Gives Strength and Restores Them to Health.

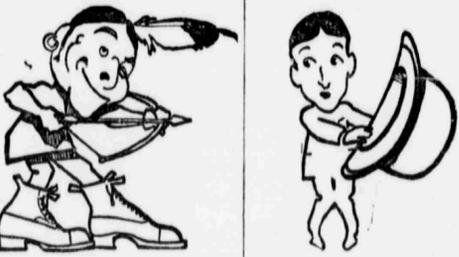

Stores, factories, offices, homes, all have their slaves. Day after day the same hard routine. No chance for rest. No time to be sick. Dr. Greene's Nervura blood and nerve remedy is the honest aid such hard workers need. It is the one safe and sure strengthener. There is no exaggeration in saying that multitudes have been helped by it.

Miss Ida Hunter, 226 W. 121st St., New York City, says:

"I was on the verge of nervous prostration. Everything put my nerves on edge. I was so nervous that I couldn't stand anything. In the morning I was so tired when I got up that I had to force myself to go to work. I suffered greatly from dizziness and sick headaches. My back ached so that I felt like lying down all the time, and I had a bearing down feeling that was awful to stand. I was always blue and depressed, and felt weak and tired and languid, and utterly unfit to attend to any work."

Some one suggested that I take Dr. Greene's Nervura blood and nerve remedy. I did so and I want every one to know how much good Dr. Greene's remedy did me, and how thankful I am for it."

Dr. Greene, the well-known specialist in the cure of nervous and chronic diseases, can be consulted free by all who call at or write to his office, 107 Fifth Ave., New York City. His free counsel and advice have been the means of a cure for thousands of sufferers.

We've hit it! The "Two-shoe Shoe." Each size a combination of two ordinary sizes. Upper of one shoe, fitting snugly over instep. Across ball of foot—the proportions of another and larger size. Not a freak at all, but true freedom for the toes with perfect fit over a low instep. Soft vici kid, with a sole heavy enough for winter walking, \$5.

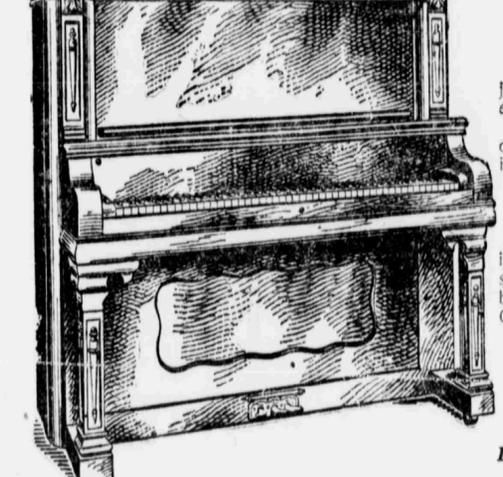

We've got it! The Derby whose shape is moulded for just your face—we've enough different blocks to truthfully say that to any man. And if the color goes wrong, or the hat gets soft and shabby before its time, nothing will please us better than to have you bring it back and get your money back. \$3 and \$4. Soft hat season lasts all winter. \$3.50 to \$8.

Simpson Crawford Co. New York never has known such high grade used pianos at such low prices.

A NOTHER of those famous five-day sales of ours begins to-morrow. For weeks we've had request after request for a great sale, but we preferred to put it off until now we have accumulated

One hundred and fifty-six high class instruments for this event, to be sold at The season now demands this opportunity for those who have just returned from their Summer homes or from abroad, and for everybody who wants to enliven the winter season with music. We never offered such good pianos at these prices. Nearly one hundred are almost as good as new, and in so far as the tone is concerned they couldn't be better.

A WHITE ELEPHANT ON YOUR HANDS—NEVER

Some people will advise you not to buy a used piano, claiming you will find it a difficult task to dispose of it, should you desire to do so. That may be good advice under some circumstances, but not under the conditions that govern the Simpson Crawford Co. sales.

We agree to take back any used piano you buy any time within one year, and allow you the full amount paid to date of return, to apply as first payment on any one of the celebrated new pianos for which we are agents, including the

RAN AUTO 20 MILES AN HOUR

Two men, one a physician in the French Hospital and the other a chauffeur employed by William Murray, of No. 15 West Fifty-fourth street, were arraigned before Magistrate Baker in the West Side Court to-day on a charge of exceeding the speed limit with their automobiles. They were held in \$100 bail each for trial.

Peter Nelson, Mr. Murray's chauffeur, was arrested on Central Park West, near Eighty-ninth street, yesterday by bicycle policeman James F.

CATARRH THEN CATARRH

A cold in the head is a common ailment, but it rarely ever stops there. It often grows stubborn and protracted, the mucous membranes, or inner lining of the body, become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and soon produces that disgusting disease, Catarrh. Then follow the unpleasant symptoms of "hawking and spitting," ringing noises in the ears, "I had Catarrh for twelve years and suffered agony with headaches, nose stopped up, appetite poor, felt tired and run-down and unfit for work. I read of S. S. S. and commenced its use, and after taking eleven bottles I found myself well again. I have never had any return of the disease and I consider S. S. S. the best treatment in the world for Catarrh." EDWARD B. BEGALA, No. 1304 Main St., Evansville, Ind.

It soon clears the system of all impurities, purges the blood of all Catarrhal matter and poisons, and effectually checks the progress of this dangerous and far-reaching disease. S. S. S. keeps the blood in perfect order so that Catarrh cannot remain; and as this pure, healthy blood goes to every nook and corner of the body, the entire system is strengthened and invigorated, and the symptoms all pass away. Book with information about Catarrh and medical advice free.

Simpson Crawford Co.

Special 12.75

We have just bought one hundred ball-bearing drop-head sewing machines at a great reduction. They were consigned by mistake to an agency to be sold by agents at \$50.00 each, and we offer them to-morrow, in our enlarged sewing-machine section on the fourth floor, at about

One-fourth the regular price, 12.75

The name of the manufacturer is the only argument needed to sell these machines. We cannot advertise it, but it appears on each machine, and no prudent woman is going to let that stand between her and a saving of \$37.25.

It is the new 1905 model, built for sewing on all fabrics, from the most delicate to the heaviest.

We positively guarantee these machines to be ball-bearing. Think of buying a machine that runs so easily for \$12.75! They are furnished with the best quality of machine steel—piano-polished quarter-sawed oak cabinet—five large drawers—improved metal drum—drop-head style—has the appearance of a table when closed.
