Murder, based on the allegations that he poured over his sleeping brother Carl about a quart of benzine and set him afire in the middle of the night, and failing to cause the death of his victim, admitted to the powder which caused death in a few hours, was the charge against Alexander Legler, Jr., twenty-one years old, brought by Chief of Police Murphy, of Jersey City, to-day in the First Criminal Court before Police Justice Higgins.

Frederick Von Gordon Seefeld, the bogus Baron who borrowed \$2,000 from Countess Ilka Kinsky Palmay, the German actress, and didn't pay it back, betrayed his noble breeding on the witness stand in his own behalf in Recorder Goff's Court to-day in the course of his trial for stealing the money. He borrowed it upon the representation that it was to be used in making the final payment on an automobile, which, he said, he had purchased. Later the Countess learned that the automobile did not belong to him.

OCEAN LINER IN PERIL OF ROCKS IS ELATED

PLUCKY GIRL HELD TO NEGRO TILL AID CAME

Devonian with 86 Aboard Pulled Free as Wild Sea Threatens Her.

Miss Irene Glover, eighteen years old, the daughter of Frank N. Glover, former Corporation Counsel of Mount Vernon and who is now one of the city officials, proved herself a good fighter late last night when Robert White, a young negro, forced an entrance into her home and endeavored to choke her.

Mr. Glover was at the City Clerk's office at the time his daughter was attacked and only her fourteen-year-old sister Mildred and her invalid mother were in their home, No. 249 South Eleventh avenue.

It was shortly before midnight when Irene heard a knock at the front door and when she went to see who was calling at that late hour she was a young negro glaring through the plate-glass which forms part of the door panel.

When she failed to open the door White smashed the glass with his fist and rushed into the dining-room. There he caught her and a struggle followed. With an oath he seized her by the throat and tried to choke her into unconsciousness.

He knooked her to the floor, but she quickly arose and fought around the dining-room and parlor with her assailant. Finally she got a death-like grip on his left wrist and by giving a quick twist she had him fast and despite his efforts to strangle her she held on until the police arrived.

Miss Glover's screams for help had been heard by a patrolman, who inquired of Mrs. Glover and she told him the facts. Mrs. Glover telephoned to Sgt. Devoigan, at Police Headquarters, and he sent Policemen Bieding and Silverstein to the house with the patrol wagon.

Mildred Glover, when the negro broke into the house, ran down the negro calling for help. She found Policeman Silverstein and the police arrived just in time, as Miss Irene said she felt she was slowly fainting and could not hold on to her prisoner much longer.

The police had to use their clubs on White, who was fighting furiously, and by the time he reached the station-house his shirt, suspenders and coat were torn to tatters.

He gave his age as twenty-one and said he was married.

"Don't let me hang me," said White. "I didn't kill the woman. I don't know why I attacked her."

White was arraigned before Judge Silverstein and remanded until to-morrow for examination.

Mrs. Glover was too ill to appear in court.

COAL MINERS' FIGHT UP TO MITCHELL AND BAER

Two Men Head Committees of Workers and Operators Which Will Try to Agree on the New Agreement.

John Mitchell and the representatives of the coal miners' union met the presidents of the coal carrying railroads and the anthracite coal operators this afternoon at the Jersey Central Building, at No. 142 Liberty street, to confer over a new scale of wages and a rearrangement of working hours.

The present agreement, made after the great strike of 1902, expires on April 1. The meeting to-day was amicable, and both sides appeared to be in a conciliatory mood.

There were present representatives of all the roads that control the mines in the Anthracite Trust and also of the independent operators, while the miners' delegation numbered about forty men. After more than an hour of deliberation the following statement was given out:

"The meeting was called to order with Mr. Cornell in the chair. Mr. Mitchell addressed the meeting in terms of his general terms the wishes of the miners, though these had not been entirely formulated in detail.

"After a brief discussion it was decided that the miners and mine operators should each appoint a committee of seven to represent them in the future with reference to the matter.

"Messrs. John Mitchell, John Fahy, George Hartline, W. H. Dettrey, John P. Gallagher, T. D. Nichols and John Dempsey were appointed to represent the miners. Messrs. Baer, Truesdale, Kerr, Wilcox, Williams, Thomas and Calk were appointed to represent the operators.

"The understanding was that after the committees had completed their work they should report the Committee of the Whole."

It will devolve upon the two committees to reach an agreement if possible. Both sides will undoubtedly make concessions.

While Mitchell and his colleagues have declined to make known their demands, these are said to be the chief ones:

1. A trade agreement between the operators and the unions, which will be a fair and complete recognition of the union.

2. A reconstruction of the present Conciliation Board so that each of the three anthracite districts shall have a separate and distinct board, the composition of the three Conciliation Boards to be determined by the operators and district officers of the union.

3. A six-hour working day for all classes of labor, skilled and unskilled, working in and about the mines.

4. A 10 per cent increase in wages, without exception, to all classes of workers, to include the employees of the independent railroads as well as the coal-carrying railroads.

5. A settlement of many minor grievances which in the various classes of labor in the anthracite districts which the Conciliation Board has been unable to adjust under the award of the anthracite commission.

What They Demand.

ALICE ROOSEVELT GIVES REHEARSAL OF HER WEDDING.

Carriackmacross Irish lace. Another gift in which Miss Roosevelt is deeply interested is that of ex-Delegated Kadey, of New York, who has given her a valuable piece of lace in the United States.

Henry C. Frick, of Pittsburgh, has sent a piece of lace in the shape of a consignment of "Princess Alice" lace. They grow on the "Princess Alice" lace. There is only one "Princess Alice" lace tree in the world at this time.

Miss Roosevelt has decided to defy opposition and wear her photograph taken in her bridal gown before the wedding. A woman photographer has been told that she may take the picture if she will appear at the White House to-morrow.

The greenhouses of Washington and in view of all the flowers which have been ordered.

At the suggestion of Miss Roosevelt, these flowers will be sent to the hospitals of Washington immediately after the wedding. Never has there been a similar occasion in this country in which so many flowers have been ordered.

The bride-to-be made what was probably her last public appearance as Miss Roosevelt to-day when she drove Mr. Longworth to the Capitol in her trap.

It is understood that the bridegroom of some of her wedding flery will keep her in doors, and to-morrow she will doubtless follow the same custom.

Brides remaining at home on the day before the wedding are the exception to all callers except her most intimate friends. Mr. Longworth is going to give his farewell banquet to-morrow.

Mr. Longworth will probably not come to the house.

The stiff wind brought a pretty flush to Miss Roosevelt's cheeks as she drove her light blue bay mare up Pennsylvania street to-day.

At a distance it slightly resembled an automobile cut out of old boiler length.

Mr. Longworth's count upon making a bid if he wears the Poscas' gift at Palm Beach. But he has not received it yet. He has stepped out into the House for an hour or two and the Indians had to wait.

Their names, so House Chief Bagley told the reporters, are as follows: Sam Hinman, Little Soldier, Yellow Horse, Big Goose, White Tail, Lamb Screech, John Bull, George Primax and Mike Roy. The last two are full-blooded Indians.

This will be a fine thing for us to tell our people on the reservation about," said Chief Bagley. "I never once called Mr. Roosevelt the Great White Father, thus violating all the traditions of Indian ethics."

Appeal for Stony Wold.

Sanatorium Raising Fund to Enable It to Accept Conditional Gift.

An appeal for funds to enable them to accept a conditional gift of \$125,000 has been made by the directors of the Stony Wold Sanatorium, at Lake Koshauqua, N. Y.

The amount needed, according to the circular distributed by the directors, is \$1,250,000 to complete a total of \$1,375,000, which the donor of the conditional gift requires must be raised before the contribution of \$1,250,000 will be available.

The directors request that checks be made payable to the Stony Wold Sanatorium and that contributions of any amount be sent to the office of the corporation, at No. 115 West 42d street, New York.

The sanatorium is for treatment of inebriate tuberculosis in working women, young girls and little children.

AMORY SINCERE, DECLARES JEROME "HIS MOTIVES GOOD," SAYS DISTRICT-ATTORNEY OF MAN WHO THREATENS HIS REMOVAL.

District-Attorney Jerome this afternoon, asked about the charges made against him by William N. Amory, at Albany, yesterday, said:

"As I have only read the head lines, I do not know whether I correctly understand what Mr. Amory is reported to have said. I have known him for many years, and while there were some facts that to many have thrown doubt upon the integrity of his motives, I always believed that the primary motive which has controlled his conduct has been other than a selfish one."

"He has for a number of years had his mind exclusively concentrated upon street traction matters in the city and whatever the charges of illegality he has made in regard to me, I believe that he is sincerely convinced of their truth and that they are not made from any motive of personal hostility or for any political reason."
