## TREPOFF URGING BLACK HUNDREDS TO JEW MASSACRE

### Great Conspiracy in Czar's Palace to Force New Revolution.

ST. PETERSBURG, March 14.—At today's session of the Cabinet Premier Witte, who was warmly supported by Prince Alexis Orlensky, Procurator-General of the Holy Synod, and Count John Tolstoy, Minister of Education, insisted on the suppression of the organization known as the League of the Russian People, through which the agitation of the reactionary "Black Hundreds" is propagated.

It is reported that he was forced to arrive at this decision, but this is not absolutely confirmed.

The Police Prefect, M. von der Launiz, was summoned to the meeting and asked to explain how it happened that the publication of the proclamation calling for the extermination of the Jews was printed in the official printing office attached to his department.

Great Conspiracy.

The Prefect denied having any personal knowledge of the matter. However, it was established that there is constantly accumulating evidence that the plot to produce a counter revolution in the hope of sweeping away the reforms outlined in the manifesto of Oct. 30 had its origin in a Court cabal.

The conspiracy includes Gen. Treppoff, Commandant of the Palace; Gen. Count Ignatieff M. Stohinsky, former Chief Adjutant of the Interior Department; Count Sheremetieff, a noted reactionary, and Gen. Prince Putiatin, who are said to be utterly reckless of the consequences.

The plan is to provoke riots and massacres of Jews and revolutionists over as wide an area as possible, in order to justify still more terrible repression and thereby prove to the Czar that the people are not ripe for any sort of self-government.

Police and Troops in It.

It is a desperate game, but it is backed by many of the provincial authorities and the support of the Governor-Generals has been enlisted, the former using the police and the latter the troops, among whom proclamations against the Jews and revolutionists, which are understood to have been printed at the Army Headquarters in Odessa, have been distributed.

The complicity of Interior Minister Durnovo in the conspiracy is not proved, although suspected. Premier Witte and the Liberal section of the Cabinet will be compelled to fight the conspiracy and consequently a break in the Ministry is not regarded as improbable.

Fifty Thousand in Massacre Plot.

It is understood that 50,000 members of the "Black Hundreds" in St. Petersburg are armed but it is not believed in view of the armistice they have received, that the conspirators will attempt to provoke a massacre at the capital.

The authorities here, however, are in sympathy with the conspirators, and the danger of an outbreak about Easter is regarded as very real.

In the meantime, on the other side, the proletarian organizations which were ruthlessly crushed by the Government's repressive measures are trying to organize another general strike. Negotiations are proceeding with the telegraph and railroad employees, whose cooperation is regarded as vital to the end. The Socialists of Finland have promised their support. Some rioting has already occurred at Moscow and in the vicinity.

LOST HIS LIFE IN FIRE.

UTICA, N. Y., March 14.—By the burning of a farm house at Babcock Hill, in the southern part of this county last night, Thomas Dugan was burned to death. Mr. Dugan got safely out of the building once, but returned to save some property when he was overcome by the flames.
