TILLMAN POINTS THE WAY TO BANK GRAFT SECRETS

Gives Political Fund Figures and Name of Man Who May Tell Facts.

WASHINGTON, April 17.—Senator Tillman in a lively debate to-day on the bill calling for an investigation of the contributions of banks to political funds met the verbal fire of a number of Senators, much pointed talk being indulged in and some feeling shown.

In the course of the word duel Senator Tillman stated that he had been told that the total contributions to the Republican fund in 1904 had been \$3,000,000, in 1905, \$2,500,000, and in 1904, \$2,000,000. He also spoke of "the expose made by Col. Andy Hamilton in his recent spectacular appearance before a legislative committee at Albany, in which he said that in addition to the contributions by the McCallis, he had given \$75,000 to the Republican fund."

He said that the McCarlys were being "sued for \$2,000,000 that had been misappropriated or stolen." "I don't like to say stolen," he added, "but I like the word."

In support of his suggestion that some of the facts were being covered up Mr. Tillman read a letter which he had received to-day from a New York banker, whose name he did not give, in which the suggestion was made that if it was considered desirable to get at the details concerning the Republican campaign contributions the committee should examine Auditor Anthony, of the Republican National Committee, who, he said, could give a complete list of all the contributors.

He added that statements of contributors and of those who did not contribute were made periodically and that the President knew who they were. Also some letter writer also volunteered the information that an examination would reveal the fact that Secretary Root had been responsible for the appointment of ex-Secretary Morton as head of the Equitable Company, and that the purpose of his selection had been to head off the insurance investigation.

He declared also that Gov. Higgins had left off the inquiry as long as possible and that the investigation was begun in order to insure their control of it.

Continuing Mr. Tillman said another source had desired the investigation into bank graft was to secure if possible information as to "why certain national banks and such great varieties of the Treasury are not allowed to hold such large amounts of Treasury funds."

Mr. Tillman's resolution was referred to the Committee on Finance.

Acting under Coroner Harburger's instructions a coroner's jury to-day brought in this condemnation: "We sustain the Board of Coroners in their efforts to abolish the system in vogue in transferring patients in precarious condition from one hospital to another."

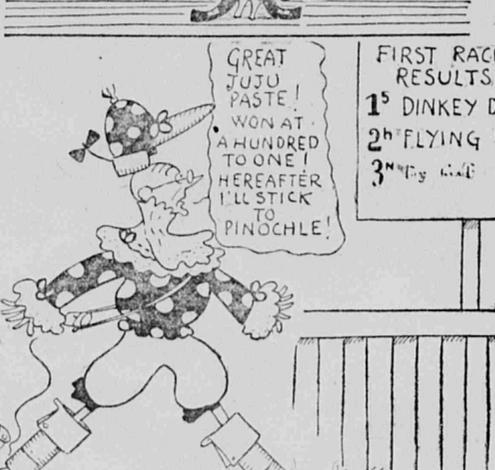

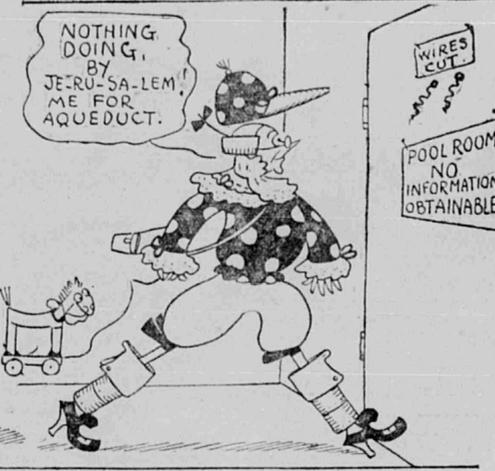

This verdict was the result of an inquiry into the death of D. C. Ganged, a resident of No. 420 Third avenue, and who died April 2 in Bellevue of erysipelas and pneumonia, developed after sustaining injuries in a car collision in the Bronx on March 12. At that time the injured man was taken to Fordham Hospital and ten days before his death was transferred to Bellevue.

Coroner Harburger summoned Fordham's medical staff and interrogated them as to whether they thought it safe to transfer the patient from Fordham hospital to Bellevue.

"I don't consider it injurious," said Dr. William H. Jay especially in this case, where the man had a disease, "if I had erysipelas," thundered the doctor, "I would have done the same. The practice is done to lessen the death rate of other hospitals and put it on Bellevue."

Conkey Accused of Forging Notes to the Amount of More Than \$5,000.

Harvey J. Conkey, a young lawyer, who is charged with getting more than \$5,000 on forged notes, was held in bonds of \$10,000 for examination on April 29 by Magistrate Whitman in the Centre street court to-day.

Conkey's arrest was made last night on the complaint of Frank L. Hilton, secretary of the Trust Company of America, at No. 125 Broadway. According to Mr. Hilton's story Conkey was attorney at one time for the Wall Street bank in the Bronx. It is alleged that after he ceased to be attorney for the bank he forged the names of the two administrators to checks which the Trust Company cashed for him. It is said there are said to be fourteen forged

TWO INSPECTORS REDUCED IN RANK

Sweeney and Hogan Forced by Court Decision Back to Position as Captains.

The reinstatement of Inspectors Smith and Truman by the court made necessary to-day the reduction to rank of captain of Inspectors Dennis Sweeney and William J. Hogan. Commissioner Blinckman was sorry to reduce these men, but it had to be done, because there are no vacancies in the inspector class.

Sweeney was assigned as acting inspector to the charge of the Sixth inspection district, embracing the upper east side. Hogan was made an acting inspector to take charge of the lower west side. Smith takes charge of the side, and Truman, of a part of Queens Borough to-morrow.

WRECK BLOCKED LONG ISLAND R.R.

Empty Freight Hits Passenger on Down Grade, Delaying Traffic.

The north side division of the Long Island Railroad, running out to Great Neck and Port Jervis, was blocked up for several hours beginning with the morning rush period to-day by a collision between a freight and passenger train at Douglass, a station this side of Great Neck.

The passenger train, bound east from Long Island City, was pulling out of the Douglass station, when the freight backed down upon it. The engine of the freight had become uncoupled and the cars got away from it and rolled down a steep grade.

The engine of the passenger locomotive saw the freight rolling down upon him and stopped. His train was far heavier than the empty cars and stood the shock splendidly, so that no one was injured.

\$440,000,000 LOAN FOR RUSSIA SIGNED.

ST. PETERSBURG, April 17.—It was announced here to-day that the arrangements for the new Russian loan, totaling \$440,000,000, have been signed in Paris. About half the amount was taken by France in conjunction with the Belgian interests, and Austria took the portion originally assigned to Germany.

The United States did not participate in the loan, which was divided as follows: France, \$240,000,000; Great Britain, \$80,000,000; Austria, \$25,000,000; Holland, \$11,000,000; Russia, \$100,000,000.

The loan, which is at 5 per cent, is for forty years and is free from taxation. The portions allotted to one country will not be good for delivery on the houses of other countries participating in the loan. The issue price will be 95 and the bankers' commission is 3 per cent.

INSIGNIA OF ORDER FOR MEMBERS ONLY

Negro Who Is Not an Elk Held for Wearing Badge of that Society.

Two hundred Elks went to the Centre Street Police Court this afternoon to hear the evidence in the case against Orden R. Johnson, a negro janitor employed at the Ludlow street jail, who was charged with wearing the badge of an Elk. It is a misdemeanor to wear the insignia of any secret order, unless the wearer belongs to the order.

Magistrate Whitman did not regard the badge as a possession. He held Johnson for trial in General Sessions, and the case will be heard in court on May 1.

JAIL TO CHECK PISTOL CARRIERS

Special Sessions Justices Give Prison Sentences in Concealed Weapon Cases.

During the past ten days no fewer than fifty cases have been before the Justices of Special Sessions of persons carrying concealed weapons, and in nearly every case the sentence has been prison instead of a fine. The term of imprisonment is from ten to thirty days.

Some half a dozen cases were before the court to-day, and four out of the six were sent to the City Prison. The other two had good excuses and were fined \$5 each. Those who went to prison were Joe Yung, a wealthy member of the Hip Sing Tong, of No. 12 Pell street, ten days; Antonio Cheruff, of No. 412 East One Hundred and Eighty-sixth street, thirty days; Frank Carbone, Bronx Park, twenty days; and Esquire Davis, a negro, of No. 410 West Thirty-sixth street, ten days.

ONE NAME FOR SOCIETY, ANOTHER FOR BUSINESS.

Alfred A. Freeland, to whom Alexander Blumenberg, also known as A. B. Howerton, assigned the claim, is plaintiff in a suit to-day before Justice Fitzgerald of a jury in the Supreme Court, in which he demands 5 per cent commission on all the "parlor furniture" in the St. Regis Hotel, the A. B. & E. L. Shaw Company, of Boston, being the defendants.

Alexander Blumenberg was the first trustee. He claims that he had a contract with the big Boston furniture dealer under which he was to receive five per cent commission on all sales brought about by his efforts, and that he sold \$125,000 worth of furniture to the parlor in the St. Regis.

Their cross-examination by Deputy Attorney-General Mason, the witness admitted that his whole name is Alexander Blumenberg Flowerberg, that he was known in society as Mr. Flowerberg, but used only the initials of his name in business. He said he was entitled to \$4,500 from the Shaw Company. He is a spectacular young man, smooth-tongued, and looks like a student.

SIX SISTERS STRICKEN WITH SCARLET FEVER

Children Taken from Big Tenement to Willard Parker Hospital.

Six sisters, members of the Kramer family, occupying an apartment in the six-story double-decker tenement-house, Nos. 324 and 326 East Nineteenth street, were removed to the Willard Parker Hospital this afternoon suffering from scarlet fever.

The children are Ethel, eighteen years; Anna, seventeen years; Fannie, sixteen years; Rose, fourteen years; Bertha, nine years; and Mabel, three years.

Before going to the house, Dr. Hudson of the hospital, called at the East Twenty-second street station and asked that a policeman be sent with him, as he feared the parents of the children would object to their being taken away. He, however, met with no resistance and the sisters were placed in a cab and taken away. Their father and mother are now affected with the disease.

The house was quarantined last Friday, but as the fever did not improve, it was thought best to remove them to the hospital.

CAMPAIGN PUBLICITY BILL GOES THROUGH

Assembly Measure Permitting \$200 Expenditures Hit Before Passage.

(Special to The Evening World.) ALBANY, April 17.—The New York City reformers in the Assembly assailed the compromise corrupt practices bill to-day. This measure, which was introduced by the Judiciary Committee as a substitute for the Blinn proposal, permits expenditures by candidates or committees for campaign purposes in any amount under \$200.

Assemblyman Waterbury protested that the measure was only half a bill and that it did not require vouchers for all expenditures as detailed statements from all contributors.

Assemblyman Prentiss expressed the fear that under the bill as it now stands large expenditures would be split up into small amounts to evade the purpose of the law thereby evaded.

This bill, he protested, would hamper the candidates for the State and Federal offices. He said that he would rather see it defeated by a multiplicity of amendments than see it passed in its present form.

Assemblyman Prentiss said he would not oppose the bill because it offered a safe and sure method of defeating the corrupt practices bill. He said that if it could be amended next year, he would offer an amendment prohibiting expenditures where the sums are over \$500. Assemblyman Cox declared that to amend the measure at this late day would be to defeat the purpose of the bill. The amendment was defeated and the bill passed in its original form.

It now goes to the Senate.

DAVITT UNDER KNIFE AND WILL RECOVER. DUBLIN, Ireland, April 17.—Michael Davitt, the well-known Irish leader, who has been seriously ill from blood poisoning, underwent an operation to remove the cause of the trouble to-day. Surgeon Mackay, who performed the operation, says that it was very successful and that Mr. Davitt will recover.

WOULDN'T COME OUT JUST TO BE SHOT.

Orlando Barricaded Door and Besiegers Filled It with Holes Before Police Came.

There was a shooting fight on the second floor of No. 322 East One Hundred and Thirtieth street early to-day and the door of James Orlando's flat was perforated with bullets when Orlando, with his wife and ten other Orlando's, his children, brothers and nephews, awakened at 2 o'clock, declined to come outside and be killed.

It seems that the head of the clan, Orlando, had offended George Boneo and James and Michael Vaccaro by refusing to lose his money to them in a game of crasset. When invited out to be shot the Orlando's barricaded the door with furniture, while the would-be-assassins emptied the contents of their guns through the panels. When a squad of policemen arrived the Italians offered to fight with knives until clubbed to sleep.

The three men were arraigned before Magistrate Cornell, in the Harlem Court, to-day and held in \$500 bail each on a charge of assault.
