LAW DEFEED BY TRUST, FAMILY IS DENIED GAS

Forced to Pay Bills at Dollar Rate or Do Without Light. ARE USING CANDLES. Refused Tender of Amount at Legal Rate of Eighty Cents. HAVE MAN'S DEPOSIT. Former Russian Soldier Says the Czar's Government is Bad, But the Gas Trust is Worse.

Louis Watsky, of No. 181 Monroe street, finds himself confined, in this summer's largest city in the world, and the first in improvement and progress, to depend for light upon the primitive illumination of his forbears—the candle. Watsky is also compelled to feed his family restaurant cooked food, usually cold when it reaches them.

His family consists of his young wife, baby, his sister, Miss Neaky Watsky, and Jacob Frumansky, who came from the same city in Russia where the Watsky lived. Watsky was formerly in the Russian army. The arm of the oppressor became too strong for him, and, fleeing to America with his young wife, he expected to enjoy the freedom he had heard so much of. He declares that Russia is pretty bad, but he never heard of anything like the Gas Trust over there.

He is a poor man and runs a small stand at East Broadway and Pike street. Up to a few days ago he lived at No. 21 Division street. In March he had gas connections made, and was forced to deposit five dollars with the company as a guarantee or security that he would pay all bills rendered by the company at the gas supplied.

Same Old Dollar Rate. It was not long afterward that he read in the Evening World about eighty cents being the legal rate for gas. Being a poor man, he became confident up how much he could save a month of his gas bills, but he was destined to an early disappointment, for the next bill rendered was at the old rate of one dollar.

Had His \$5 Deposit. The total amount he then owed was \$4.25, but as the company had his five-dollar deposit, it was not important. Then he moved to No. 181 Monroe street. He couldn't take the gas meter with him, and he found that he would have to depend on gas for fuel and light in his new home. He is afraid of the gas trust, and he is afraid of the company's office to have a meter installed.

Refused to Serve Him. So Watsky went home to render the inevitable ways of some American institutions. The conclusion he reached was that, temporarily, at least, the Gas Trust had a "head" on its neck. He wanted light and fuel for his family, but his old spirit of submission had been broken, and he decided to stand out. He says he has suffered many hardships, but he will not submit to the arrogance and curdiness of a greedy monopoly. He burned candles for light and sent to a restaurant for meals.

FORCED TO USE CANDLES INSTEAD OF GAS FOR LIGHT.

RED-LETTER DAY TO AID SICK BABIES

Fred Erbe's Annual Benefit for Evening World Fund Will Be Held at North Beach July 20. Friday, July 20, is to be the red-letter day at North Beach. When you say red-letter day it is understood at once that Fred Erbe is the prime-mover in the affair and July 20 is going to be one of the biggest days in North Beach. It is to be not only a red-letter day, but the Evening World Sick Babies Fund Day. Everybody knows what that means, for the generous efforts of this big-hearted Fred Erbe have done more to aid the helpless little sufferers in the city's suffocating summer heat than even the mothers of the babies can ever appreciate.

SUMMER SCHOOLS ARE OPEN TO-DAY

New York's summer schools open to-day to those children who wish to take advantage of the various activities offered by the Board of Education. An innovation this year will be the formation of special classes for boys and girls who wish to obtain employment certificates, but who have not fulfilled in one or two respects the requirements of the Child Labor law. These classes give the child a shelter, a "make up" time and studies, and thus to be able to obtain employment certificates during the summer months, instead of waiting for the reopening of school in the fall.

Afternoon Playgrounds and Roof Gardens for Evening

Through the courtesy of Congressman Sulzer, Rear-Admiral Coghlan, General and others, the children will be taken to the playgrounds and roof gardens in Manhattan and Brooklyn. The Department of Education has opened eleven roofs of as many big public schools for the benefit of the tenement districts. On each roof at night is a brass band. Selected teachers from the Department of Education are in charge. These places are appreciated, as they provide for the children who are taken to their full capacity crowded strata have been counted during the summer months, instead of waiting for the reopening of school in the fall.

How to Exercise the Bowels

OUR Intestines are lined with millions of suckers, that draw the Nutrition from food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it. The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo. It does not help the Cause of delay a trifle. It does weaken the Bowel-Muscles, and weakens them for their next task. Another remedy is to take a strong "Physic," like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.
