

LOTS OF GOOD MEN FOR WHITE HOUSE, SAYS ROOSEVELT

Scott Quotes President and Riis Says He Is Out of the Running.

ALL TALKING POLITICS.

West Virginia, Declared Against Administration, Makes a Denial.

WASHINGTON, April 8.—The President and I are the best of friends. Nothing better," said Senator Scott, of West Virginia, after he had had a long talk about political matters with the Chief Executive to-day.

Senator Scott's remarks were made after reference to a published story that his name had been mentioned as one of those who had been present at a dinner when the "anti-Roosevelt" plot had been divulged. The Senator declared that he was not at any such dinner, and then uttered the words referred to and asked that they be given publicity.

"Yes, the President and I talked about the Presidential nomination," said Senator Scott in answer to a further question. "The President said, 'proceed the Senator, that there were any number of men who would make good Presidents.'"

Jacob Riis, who is returning east from the Pacific coast, also talked with the President to-day. He declared that the President meant what he said on the night of the election in 1904, that he would not accept another nomination for the Presidency.

Mr. Riis said that he took the President at his word. "All he said was that he would not accept another nomination for the Presidency," he said.

Telegrams and letters continue to be received by the President bearing on the disclosures made at the White House regarding the "nomination" to defeat the President's policies. They assure the President of support in his fight. Other than this, there were no additional facts in connection with the political situation made public at the White House.

Speaker Cannon, who has just returned from a visit to the Isthmian canal zone, had a long talk with the President to-day. "I have not the slightest uneasiness as to the successful completion of the waterway in a reasonable time," said the Speaker.

Gov.-elect Hoke Smith of Georgia, who is en route to New York, where he will sail for Europe, called at the White House to-day with several friends to pay their respects to the President.

Mr. Smith was asked for an expression on national politics and made the following reply:

"The next President has got to be a man who represents the interests of the masses of the people."

2 MORE HONDURAN TOWNS CAPTURED

Puerto Cortez and Ceiba Reported in the Hands of the Nicaraguans.

MOBILE, Ala., April 8.—Advices received here to-day from Commander William F. Fulmar, of the United States gunboat Marietta, via steamer Columbia, just arrived, say that Ceiba was taken on the evening of April 2 by the Nicaraguan army and is now in command of Commander-in-Chief Estrada and General Manzanilla. The latter is brother of Policarpo Bonilla.

Ceiba was taken without a shot being fired. After capturing that place the Nicaraguan forces left for Puerto Cortez on board the gunboat Ometepe, a gasoline launch and a small gunboat. They were preceded to Cortez by the Marietta, to protect American interests.

It had been agreed between Commander Estrada, of the Nicaraguan forces, and Commander Fulmar, of the Marietta, that Puerto Cortez should not be bombarded. Cable advices received here say that Puerto Cortez is now in the hands of the Nicaraguans, and it is believed that Commander-in-Chief Estrada, in charge of the Honduran forces at Puerto Cortez, surrendered, although it was said by passengers arriving here on the steamer Columbia from Ceiba, that Ordaz had refused to surrender and would fight to the last ditch.

In a message to the master of the Columbia, Fulmar stated that he had promised not to bombard Ceiba, and that he believed that he had kept his promise. He said that the Nicaraguans claimed that a low explosion was established on the Honduran coast immediately, and that both sides in the controversy understood that it is for their interests to let "forever" alone.

MME. NAZIMOVA ILL. Production of "Comme une Coquette" is postponed.

Because of illness, it is stated by the management, Mme. Nazimova will not appear in "Comme une Coquette" at the Bijou Theatre to-night.

The date of the opening performance of the new play will be announced later.

MERMAID TALKED TOO MUCH Because she told her intimate friends the secret of her husband's infidelity under water at the Hippodrome, Alice Palmer, one of the water sprites, has been disciplined. She will not be permitted to say a word to the crew of the season, July 1.

The whole program related to the water sprites will be given up. It was when she was disciplined under the water, she added, that she learned of the infidelity of her husband, but who ever heard of a stage manager who to keep girls from talking?

STOCKS DOWN IN AN ACTIVE MARKET

Efforts to Rally the List Fail and Prices of All the Favorites Fall.

Prices of stocks moved irregularly on light dealings in the early market transactions to-day. Fractional losses were in the majority, a decline of 1-1/2 in Northern Pacific making the only full figure in the movement on that side.

American Smelting, Anaconda and Kansas City Southern preferred rose a point and New York Central 5-8.

There was a slight rally when trading got well under way, but it failed to hold and prices in some instances fell below the opening level. The dealings were brisk.

Pennsylvania was prominent in a later rally with a rise to 11-8 over Saturday. Canadian Pacific gained 1-4 and St. Paul 1. Stocks came out again at the higher level and carried prices lower than before. Union Pacific lost 1-4. Great Northern preferred, 2; Reading, 1-2; Amalgamated Copper, 1-3-4; and Delaware & Hudson, Cleveland, Am. C. & St. Louis American Car, Colorado Fuel, Hovess Steel Car and Central Leather, 1.

An abrupt and incomplete recovery occurred during the afternoon. St. Paul and Smelting were the only stocks that returned to their high, morning prices. The decline in the balance of the list halted before the average approached Saturday's level. Burlington sold at an advance of 1/2 point and Illinois Central and Chicago and Alton 1 and 1-4, respectively.

There took another downward turn in the final hour and the closing was generally lower with the trading only moderate. The total sales of stocks to-day were \$40,200 shares and of bonds \$1,936,000.

The Closing Quotations. Today's highest, lowest, closing prices and net changes of stocks from yesterday's final quotations are as follows:

Djer-Kiss THE NEW PERFUME

DR. KERRICK'S ALFALFA L. SMITH CO. Sole Agents, New York

ONE KILLED AND TWO INJURED BY JERSEY RAIN

Workmen on Way to Lunch Run Down by Fast Express.

One man was beheaded and two others severely injured to-day by an inbound Pennsylvania express train just outside of the Jersey City terminal. The dead man was Thomas J. O'Connor. He lived at New Brunswick. The injured men were Charles Spatford and Waisky Simiski. They were removed to St. Francis's Hospital, each with a broken shoulder.

The three men were at work repairing a signal station and had dropped down from a temporary scaffold at the noon hour to get their lunch.

In the noise and confusion of incoming and outgoing trains they did not notice the approach of an express. The train was moving at about fifteen miles an hour.

Luckily for Spatford and Simiski they were at the end of the track and the pilot of the locomotive knocked them clear of the oncoming wheels.

The engineer hurriedly made a report at the terminal and Dr. John J. McGill, who is in the railroad company's employ, was sent to the scene of the accident. An ambulance was summoned for the injured, and the dead man was removed to the morgue.

COTTON SUPPORTED BY ROOM TRADERS

The undertone of the cotton market at the outset to-day was better than had been expected on the cables, although first prices were slightly lower.

PARIS, April 8.—It is reported in musical circles that negotiations looking to Albert Carre, director of the Opera Comique, as successor to Heinrich Conried in the management of the Metropolitan Opera-House, New York, have reached an advanced stage.

This is the latest in a succession of rumors about the retirement of the present managing director of the Conried Metropolitan Opera-House Company that started when Mr. Conried was taken ill early in the season. The latter director has denied each one in turn, asserting that he has a four years' lease of life in his present position.
