# EARTHQUAKE AGAIN SHAKES THE CITY OF CHARLESTON

## Shock To-Day Slight, but Spreads Alarm Among Residents, Who Dread Recurrence of Disaster in Eighties, When 96 Lives Were Lost

# TERROR IN PHILIPPINES WHERE 'QUAKE DOES DAMAGE.

## Manila Gets Severe Shocks, While Buildings Were Destroyed in Luzon and Communication Cut Off—Fire Sweeps Iloilo and 20,000 Are Homeless.

CHARLESTON, S. C., April 19.—A slight earth tremor was felt here to-day. No damage has been reported.

The shock came at 3.30 o'clock A. M., and while not severe, was very distinct, a perceptible wave motion from east to west being felt.

To-day's shock was a reminder of the earthquake in the Eighties, when ninety-six lives were lost and the city suffered heavy damage and some concern is felt, even though to-day's tremor was slight.

Ninety-six persons were killed when Charleston, S. C., was wrecked by an earthquake on Aug. 31, 1886. Some 2,000 buildings were either demolished or badly damaged, and losses estimated at \$2,000,000.

The shock consisted of a series of cumulative earthquakes which gathered force until, at their climax, buildings swayed and crumbled, and the earth was heaved up in ridges.

Fire started in different parts of the city, and added to the terror and destruction. By midnight three seismic shocks came. Between them and the following morning there were three more, and before midnight there were six others.

For days the city was cut off from communication with the outside world. Financial and medical relief poured in from all sections. The city was speedily rebuilt, and at present few traces of the great earthquake exist.

The earthquake which occurred in August, 1886, when a tornado swept it doing great damage, while a tidal wave submerged all the streets near the water front. For hours the wind blew at the rate of 100 miles an hour. The loss on that occasion totaled \$160,000.

MANILA, April 19.—Earthquake and fire have brought terror and suffering in the Philippines. Following earth shocks that were felt throughout the group of islands to-day, fire swept the town of Iloilo, island of Panay, totally destroying it and rendering 20,000 persons homeless.

As this despatch was filed, late this afternoon, the conflagration is still raging, and, owing to the heavy wind blowing, it is beyond control.

## SNOW AT THE TRACK. Dr. Gardner, at 10 to 1 for Place, Was the Good Thing for Tammanyites.

(Special to The Evening World.)

AQUEDUCT RACE TRACK, April 19.—The Tammany crowd from the Borey and the McCarran set from Brooklyn gave the usually impregnable bookies the time of their lives to-day. It might have been a Waterloo but for the fact that one of the "juicy" cinches, with odds of 20 to 1 against his chances, was beaten by a nose.

At that the Sullivans and the McCarrans had bundles down for a place at ten, as well as their rolls, and as their rolls had been replenished by the previous easy victory of Dr. Gardner in the second, they took thousands out of the strong boxes of the layers. Youthful, the jovial gelding, was the medium for the bigger money-getting proposition, the odds against the animal being beaten down from thirties to three, and the betting was still in progress when the "They're off" sounded.

Senator McCarran alone sent in a \$2,000 commission to play both ways at the greater odds, and fully three times as much more was tossed into the bookies' boxes by the McCarran followers and the Sullivan people who were given the tip bright and early.

Dr. Gardner, opening at evens, was backed down in a systematic raid on the bookmakers to 1 to 2, and the money was still going on when Dr. Gardner, even improved over his last year's sterling form, was galloping off with the race. Colonel "Mile" Padden, Christopher Sullivan, the owner of Rye, led the crusade against the bookies. It is estimated that with the winning of Dr. Gardner and the good second of Youthful, the Sullivans and McCarrans took \$50,000 away from the bookies on the two plunges. "Big Tim" alone wagered \$5,000 on Dr. Gardner.

The coil has developed into a wonderful sprinter under the tuition of Frank Wray, and will now be pointed for the Excelsior Handicap, to be run next Friday at the Sullivan-owned Jamaica track. The "big fellow" made up secret of the fact to-day that he now expects his good horse to win that event.

"The coil has improved, and we expect to win only in the Excelsior, "many other good races," said the former Congressman.

Jacquin Was Unfit. Jacquin was a lukewarm favorite in the opening event, for the reason that he far outclassed his field. He was sent to the post unfit to race, however, and shied so badly that he was scratched and sent to the front by a head from Youthful, who beat C. H. Shillings three lengths.

Dr. Gardner Won. Dr. Gardner, a warm favorite in the second race, went to the front soon after the start, made all the running and won in hand by 2 1/2 lengths. Healed the leader's lead in a hot order for the distance, when he was scratched. He himself went in and easily beat C. H. Shillings three lengths.

Fresh Won by Head. Cuernavaca, C. H. Shillings and Lach-foot ran head and head to the last furlong when Youthful closed. Fresh won by a head from Youthful, who beat C. H. Shillings three lengths.

Easy Race for Okenite. George S. Davis rushed to the front in the stake and set a hot pace. Followed by Okenite, the Highlander and Boston was postponed owing to rain and cold.

Pittsburg-Chicago National League game postponed on account of snow. The game scheduled for Brooklyn with Philadelphia was also postponed.
