

ELIZABETH IS DRESSED UP FOR OLD HOME WEEK

Merchants and Other Business Men Spend \$100,000 for the Celebration.

GREAT WATER PARADE. Mardi Gras Festival to Be Finest Ever Seen Outside New Orleans.

(Special to The Evening World.) ELIZABETH, N. J., Sept. 30.—That the coming celebration of old home week in Elizabeth will eclipse any effort made by its citizens is apparent from the decorations already up, and the busy merchants who are putting out displays of bunting and flags on their premises.

Various committees of prominent citizens are preparing the carnival grounds at Third and Trumbull streets, where every imaginable freak and industrial exhibit will be seen. The grounds will be brilliantly lighted at night by almost every conceivable electric device, while bands of music will enliven the occasion.

On Sunday next the first day of the celebration will be ushered in by the firing of salutes by Battery B. Then will follow special services in all the churches, including organ recitals in St. Patrick's. There will be a parade of all the Catholic societies of the city and county.

Programme of the Week. The following programme has been mapped out for the balance of the week. October 1.—Opening of carnival grounds, 9 A. M.; crowning of the Queen at 1 P. M.; military and civic parade including local clubs and many floats, allegorical and commercial; professional game of ball between celebrated teams on grounds of Atlantic League Club, 2 P. M.

Oct. 2.—Professional baseball, same grounds, 1 P. M.; convention of Catholic National Young Men's Union, represented by delegates from twenty states. At hall of Y. M. C. A. Lyceum.

Oct. 3.—Parade of delegates to Catholic National Young Men's Union; songfest and entertainment of Liederkreis; Manchester and Trenton societies on the carnival grounds at 3 P. M.; professional baseball at 7 P. M.; Union meeting of all uptown churches in First Presbyterian Church in the evening.

Oct. 4.—Ball game at 2 P. M. at Atlantic League Club; water carnival and parade of many elegantly decorated craft on Staten Island Sound at 7 P. M.; concluding with feast of Capt. W. T. Cox, concluding with feast of exhibition of pyrotechnics from a barge anchored in middle of bay.

Oct. 5.—Mardi Gras Carnival at 7 P. M. To Be the Big Feature. This nature of the celebration will eclipse anything of the kind ever seen this side of New Orleans. The beautiful pageant will be headed by the moving palace in which on horse throne will be seated the Queen of the Carnival. Twenty floats, ranging in size from ten to thirty feet and richly ornamented with horses richly caparisoned, will compose this part of the most spectacular procession ever seen in New Jersey.

Oct. 12 will be devoted chiefly to field sports in which a number of record holders will compete for valuable prizes and national honors. There will be a parade of local clubs and many floats, allegorical and commercial, and the ringing of bells and firing of a salute at sunset. It is expected that the week's festivities will cost \$100,000 defrayed by public subscriptions and sale of concessions. Gen. D. F. Collins will be Marshal of the Military Parade.

JAPAN MAKES MORE DEMANDS ON THE CHINESE

Latter Are Resisting Since the Order for American Warships to Go East.

PEKIN, Sept. 30.—There has been a complete deadlock between China and Japan over Manchurian affairs since June last, and the attitude of the United States toward Japan has now become a feature of the situation. The new administration at Mukden and at Peking welcomed what the officials call a "revival" of America's spirit in sending the battleship fleet to the Pacific, after apparent indifference to the Far Eastern situation, and as a result the Chinese officials are resisting the demands of the Japanese.

After four months' fruitless negotiations, the Viceroy of Manchuria, Hsu Shih Chang, has arrived in Peking to explain the state of affairs in his jurisdiction. The reorganizing of Manchuria is in progress. The Government is adding 20,000 troops, drilled in modern tactics, to the 10,000 oldtime troops now in that part of the empire. All these troops are being equipped for winter service. The authorities being determined to suppress the Chinese bandits, whose activity has always been a source of annoyance to the government, and which furnished a diplomatic weapon to the opponents of the authorities at Peking.

Japan has met these activities of the new Chinese administration with increased demands, adding to the original questions—the posts, customs, timber concessions, the Shinkiang mines, the restoration of the telegraph lines and public buildings, and the control of rights to reside in Manchuria—another question, namely the delimitation of the Korean-Manchurian boundary.

Yuan Shih Kai, of the Board of Foreign Affairs, formerly Viceroy of the Province of Chihli, is reported to be advising the government that it must realize the situation regarding Japan and do everything possible with a view of bringing about pleasant relations between the two countries.

CHURCH AND STATE MUST SEPARATE IN ALGIERS.

PARIS, Sept. 30.—An administrative decree, issued to-day, provides for the separation of Church and State in Algeria from Jan. 1, 1908. The decree follows closely the terms of the French law on the subject, but allows more latitude in its application as the Government recognizes the great civilizing work done by the missions in that part of Africa. Nevertheless, it places Catholics, Protestants, Israelites and Mussulmans on an equal footing. If cultural associations are formed, the Catholics can retain their church property and their clergy will enjoy the benefits of pensions and so on just as they could have done in France, but no doubt is entertained that the Vatican will withhold the acceptance of the decree by the Catholics in Algeria, as it did in the case of Catholics in France.

FOOTBALL PLAYER DIES OF INJURIES

HANOVER, N. H., Sept. 30.—Leonard J. Clark, manager of the Norwich University football team, died at the Mary Hitchcock Hospital here to-day as a result of an injury received in the football game between Norwich and Dartmouth Saturday. In the game Clark sustained internal injuries. His home was at Portland, Conn.

DEVERY UNDER BINGHAM'S PROBE ON GRADY STORY

Commissioner Says He Will Dig to Bottom for Facts.

Police Commissioner Bingham to-day announced that he was investigating the charges and counter-charges made by former Police Chief William S. Devery and his former right bower, Lieut. Dennis Grady. The acrimonious dispute between the "beat" Chief New York ever had" and his old wardman, growing out of the arrest by Grady of Mrs. Bella Mink and Elizabeth Dyer, of No. 22 West Fifteenth street, led to a statement by Grady that he knew a lot about Devery and would try to have him indicted. Devery replied in kind, saying he knew a few things about Grady when the latter was in Capt. Diamond's precinct, at the time Diamond was broke.

When asked to-day what steps had been taken to prove or disprove the stories the Commissioner said: "Don't be worried. The investigation is in competent hands and we will leave a stone unturned to learn the truth of the matter. I can't tell just what action has been taken, but we are going to dig and dig until we get to the bottom. All we want to find is whether the statute of limitations has run out. Lieut. Grady didn't wait at the Detective Bureau. If he turned up to-day, an Evening World reporter would search for him in vain to learn if he was trying to deny the statement he gave to

BINGHAM FACES THREAT OF PRISON

Ordered to Reinstate Elder or Go to Jail for Contempt.

Police Commissioner Bingham was served to-day with a Supreme Court order directing him to either reinstate Anthony Elder, a policeman formerly on post at the Fifth avenue station, Brooklyn, or go to jail for contempt of court. Elder was dismissed from the force almost two years ago, on a charge of being absent from roll call five days without leave. He took his case into the Supreme Court and Justice Garson, of Brooklyn, decided in his favor. The Appellate Division sustained the decision.

Gen. Bingham then fought the case to the Court of Appeals and was beaten again. Last June he was served with an order directing him to reinstate Elder. He failed to do so and has put himself in contempt of court. If he does not obey the court's instructions now an order of arrest will be served upon him.

To Good Wives and Mothers.

Do you know you risk the health of your entire family by not following the simplest rules of sanitation? A mother who neglects to use a reliable disinfectant in the home cannot provide a healthy—yes, not even an absolutely clean—home for her dear ones. A non-poisonous disinfectant like C-N should be added to all cleaning water and used everywhere about the house to keep it clean and healthful. It will also keep insects away.

GEE, WHIZ! BUT DIDN'T IT LOOK LIKE A BIG FIRE?

There Was Lots of Smoke and a Great Crowd Down in Lafayette Street.

She stood at Lafayette and Pearl streets this afternoon—a big wheeled tank full of coal tar. And when the laborers who were caulking the surface above the roof of the Subway to keep all the smells in this winter had gone away to lunch some head in human form dropped, a match in the tar. You know how coal tar does when it catches fire. A volume of smoke as big as all outdoors curled upward into the air, lowering in a black torch over the roof of the New York Edison Company's building. An excited citizen turned in an alarm. Another excited citizen turned in a second alarm. Eight mounted policemen. Twenty-five plain policemen. Fifteen reporters. Ten photographers. One G. A. R. post, members of the Board of Aldermen, city and county officials, deluged from civic bodies, including the Black Hand, the Cops, the Paul Kelly gang and citizens in general to the number of 5,000. The parade was fifty minutes past

ing a given point. After it got by a thoughtful laborer put out the fire with a shovel load of sand. The procession then retreated, marching past the reviewing stand and disbanded.

ATTACK ON RUSSIAN OFFICERS NOT MUTINY.

Chief of Navy Admits Shooting, But Puts Blame on Disguised Terrorists. ST. PETERSBURG, Sept. 30.—The chief of the Naval Staff to-day cited the report from Odessa that a mutiny had occurred in the Russian fleet at Sebastopol, during which many officers were reported to have been killed or wounded. But the official added, in view of the excitement caused at the Sebastopol barracks yesterday, when three Terrorists disguised as officers penetrated into the barracks in an attempt to provoke a mutiny among the troops, and the disclosure that a revolutionary propaganda was in progress among the crews of the warships, it had been deemed wise to send the fleet to sea on a practice cruise. The men who entered the Sebastopol barracks fired upon the officers, mortally wounded Capt. Novikov, severely wounded another officer named Polietoff and succeeded in escaping.
