

### BRYAN'S HOPE FOR NEGRO VOTE LIES IN FORAKER FIGHT

If Senator Keeps Aloof From Taft Democrats May Capture Ohio.

"FAIRVIEW," LINCOLN, Neb., July 20.—According to Democratic leaders who have been to "Fairview" and conferred with Mr. Bryan, the ability of the Democratic ticket to secure the negro vote in Ohio will depend largely upon the attitude of Senator Foraker. So long as he remains outside the Republican breastworks, at least as far as Judge Taft, the Democrats feel assured of large negro support in that State.

Holding, as they do, the balance of political power, there being something like 70,000 of them, the negroes in the Ohio campaign will be a most important factor. Should, however, Senator Foraker become reconciled and lend his support to Taft, it is concluded that there is little probability of enrolling a sufficient number of negro voters in the cause of Democracy to materially affect the result.

Former Attorney-General Frank S. Monnet, of Columbus, and E. H. Moore, of Youngstown, who was chairman of the last Democratic State convention in Ohio, are to-day speeding home after a conference with Mr. Bryan last night with instructions to size up the situation and take every advantage of the Foraker-Taft feud.

The first feeling of hopefulness with regard to Illinois is not gaining ground, and while that State will be carefully looked after, it has been practically determined that the main efforts in the Middle West will be directed toward Indiana and Ohio, where the Democratic leaders are counting on wresting the majority vote from the Republican column.

A novel method of ascertaining the sentiment of the country toward the two candidates is being adopted by a number of Democrats traveling on the transcontinental trains through Lincoln. For the past several days visitors to Fairview have kept Mr. Bryan informed of the result of polls made by them of passengers aboard their trains. It is said that the figures presented were highly gratifying to Mr. Bryan.

One thing is definitely settled, and that is that the chairmanship of the National Committee will not go to a Southern man, because of the attitude of the Southerners toward the negro. Although Mr. Bryan thinks highly of Mr. Ollie James, of Kentucky, and his name was prominently considered for the place, the position taken by Mr. James some time ago in favoring the disfranchisement of the negro made his appointment out of the question.

### WEE GIRL'S MATCH MADE FIRE PANIC

Six-Year-Old Clara Michelson Set Herself Ablaze in Big Apartment.

Clara Michelson, a blonde miss of six years, was left alone for a minute by her mother to-day in their apartment on the sixth floor of No. 60 East One Hundred and Twelfth street. The child has learned that by scratching a match a pretty blaze will follow, and the matches in the Michelson house are carefully kept on high shelves. To-day, however, one escaped notice and what Clara did with it was this:

Threw the thirty families that live in the house into an uproar.

Summoned the reserves of the East One Hundred and Twenty-sixth street station.

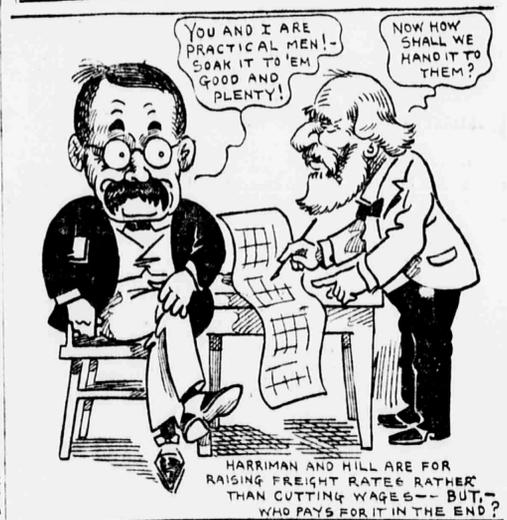

Called out four fire engines and their complements of men and trucks.

Burned her hands badly enough to run up a big bill with the doctor and druggist.

Hunted one new dress in which she was to have been taken on an excursion.

Fortunately for Clara, her mother heard her scream when she scratched the match and set her light dress in a blaze and put it out with a bucket of water, but not in time to head off the list of exciting happenings enumerated.

They were arraigned before Judge Farmer Milpaugh had a talk in court with his wife. He seemed disposed to forgive the woman and she appeared willing to return to her husband. Judge Farmer put the case over until to-morrow.

### CYCLIST CRUSHED TO DEATH IN HIS LEAP FOR LIFE

Fearing Collision, He Hurls Himself From Machine and Falls Under Car Wheels.

PATERSON, N. J., July 20.—Henry Vandenberg, thirty-five years of age, of No. 40 East Twelfth street, this city, met a horrible death last night while riding his bicycle down the Hudson Hill. The machine got beyond the man's control and dashed down the hill. A collision with a trolley car seemed unavoidable, and Vandenberg threw himself from the wheel, but instead of avoiding the collision his body fell directly in front of the car, and the wheels passed over him, mangleing his body.

The bicycle did not strike the trolley car, and if Vandenberg had not jumped from the wheel he might have escaped injury. There were a number of women on the trolley when they saw Vandenberg fall under the car. Some of them grew hysterical.

The car had to be jacked up to release the man's body. Some forty men passengers on the car, together with a number who gathered about the scene, lifted the trolley before a wrecking crew arrived.

Two friends who were with Vandenberg on a trip to Pompton came along about five minutes after the accident. They said they had the trouble and Vandenberg went on ahead of them. When they arrived at Belmont avenue, the scene of the accident, they saw the crowd about the car and were greatly shocked to learn their friend had been killed.

### WOMAN DIVES FROM WINDOW TO ESCAPE FLAMES

Husband Follows and Both Are Later Found in Area-way Unconscious.

Outside of the frantic tenants Dr. Mary Crawford, Brooklyn's woman ambulance surgeon, was the busiest person at a fire in the six-story double tenement, Nos. 228-230 South Third street, Williamsburg, at 4 o'clock this morning.

When the blaze was discovered in a candy store run by Ben Piegol and his wife the two latter took a header out a rear window to the area-way, ten feet below, and remained there unconscious. Somebody in the street shouted "Fire!" and the twenty-four families in the big double-decker began crowding the stairs and fire-escapes. Many were trampled in the rush, and before they could get out were overcome by smoke.

Solomon Katz, a tailor living on the third floor of No. 230, tried to jump through the glass door, and received cuts and bruises on the face and body. While a man was sending in an ambulance call, Mrs. Sarah Morganstein, who lives on the sixth floor, appeared in her night clothes and suddenly remembered that she had forgotten her children, five and three years old.

Engine Company No. 151, from the station a block away, had extinguished the fire but the house was still filled with smoke. Several firemen rushed to the sixth floor and found the two children asleep.

Dr. Mary Crawford had arrived in

the mean time from the Williamsburg Hospital, and was busy reunitating those who had been overcome, and dressing Katz's injuries. Somebody missed Piegol and his wife, about the time all the excitement was over and a search revealed them still unconscious behind the store. They had struck on their heads, but when revived were found to have no fractures. The damage was \$800.

### ARIZONA'S JEAN VALJEAN WAS A THIEF HUNTER.

WILLIAMS, Ariz., July 20.—With a pistol pressed to his abdomen by Ranger H. E. Woods, Frank Sherlock, alias Charles By, recognized as a convict, who rode away from the New Mexico penitentiary on the warden's horse eleven years ago, yesterday exclaimed: "Guess you got me, kid," and quietly surrendered. He was handed over to Capt. Christmas, of the New Mexico penitentiary, last night and immediately started on the overland train for Santa Fe, where he has two years to serve on a four years' sentence for horse stealing. Sherlock was betrayed by a fellow convict whom he discharged from a position with the Grand Canon Lime and Cement Company at Nelson, Ariz. Where Sherlock had taken a contract, Sherlock has been a Jean Valjean from expediency. He for eight years he served as a deputy sheriff of Mojave County and in that time ran down many desperate criminals.

### QUEBEC BRINGS OUT ITS MEN OF THE OLDEN TIME

Streets Present Quaint Scenes as City Begins Celebration of Its Founding.

QUEBEC, July 20.—Although the Prince of Wales does not arrive until Wednesday, the week's festivities commemorating the founding of Quebec began in earnest to-day with the appearance in the streets of mounted heralds, armed men of the watch, in the quaint costumes of the days of Champlain, announcing the events of the celebration. The city has taken on a carnival aspect, and besides 15,000 redcoats, highlanders and blue jackets, some 5,000 of the population are arrayed in costumes of the middle ages, representing the

phases of Quebec's history from the time of Cartier and Champlain down to the battle on the Plains of Abraham. Large parties of Troopists and Orléans Infantry have been brought here to lend reality to the scenes depicting the struggles of the French with the Indians. The battleship New Hampshire is steaming slowly up the St. Lawrence, and is expected soon to join the fleets of British and French warships. She passed the Saguenay River yesterday, and would reach here to-day unless slowed down to arrive at the same time as Vice-President Fairbanks, the official representative of the United States. To-day and to-morrow are largely days of preparation for the arrival of the Prince of Wales on Wednesday to be the signal for the real opening.

### DOCTOR ACCUSES DOCTOR.

One Physician Says He Was Beaten In Another's Office.

Bornstein claimed that a Mrs. Allison told him she had been refused treatment by Dr. Fischer when she went to his office. The woman is a member of the society, each of whom pays \$4 a year for medical service, and Dr. Fischer was a physician of the organization. Bornstein said that he went to Dr. Fischer's office to consult with him, and was assaulted. Magistrate House discharged the prisoner.
