

MANAGER MCGRAW NOW THE LEADER IN BIG CONTEST

Giants' Scrappy Boss Closely Pushed by Mathewson and Donlin.

MARQUARD GETS VOTES

Only Fifty-two Votes Difference Between First Three in the Race.

TWO GIANTS WHO ARE GAINING IN THE WORLD CONTEST

man of the Giants. Just because he deserves them all a bit more too. He is the man that would not doubt win out in the end. Ray for long time Larry.

A COCK-TAIL FOR THE FEET.

Use Allen's Foot-Ease, a powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have tired, aching feet, try Allen's Foot-Ease. It rests the feet, and makes new or tight shoes easy.

TO-NIGHT Cascarets THEY WORK WHILE YOU SLEEP

manager in the country. This is only a starter. More to come. You bet he is. "Isn't he just grand?" You bet he is. MISS GRIFFIN, Brooklyn.

SELLS WIFE'S FALSE TEETH.

Husband Does So Often that She Asks for a Divorce.

MILWAUKEE, Sept. 19.—Starving to death because her husband persisted in stealing her false teeth, was the charge made in a divorce complaint filed yesterday by Mrs. William Sellesinger.

William, his wife declared, was a good husband when they were first married. But once he went on a vacation day spree, and when she went to see the condition in which he returned, he struck her in the mouth, breaking several of her teeth. While her mouth healed she was slowly starving, but finally she was able to buy a set of false teeth.

Her husband, instead of showing remorse for his act, went from bad to worse. After she had been using her false teeth a few days they disappeared. Her husband had disposed of them. She bought another set, and these, like the others, vanished. Now she asks that she be granted a separation, so that she can buy one more set of teeth and then eat to her heart's content.

REAL ESTATE FOR SALE—BROOKLYN.

MIDWOOD MANOR THE BEST OF BROOKLYN THE BEST OF FLATBUSH BRIGHTON BEACH EL. AV. J STATION

EVERY property we have opened this year was swept off the map by an eager army of buyers keenly alive to what Brooklyn is to be. The Flatbush Gardens sale of three-quarters of a million in August literally smothered a twenty years' record of big achievements.

The Best Is Yet to Come

The Globe, Sept. 12, says—"The remarkable progress made in Flatbush in the past few years is about to be carried still further through the instrumentality of Wood, Harmon & Company, who have already contributed largely to the development of this section of Brooklyn."

The New York Times, Sept. 13, says—"Within the last three weeks a small army of engineers, surveyors and laborers have wrought great changes on this tract (Midwood Manor). More than a mile of streets have been built, 35,000 square feet of sidewalk have been laid, a quarter mile of sewer been completed, 18 new houses under way, 4,520 feet of curbing have been set."

"The decision to open it was reached only after the successful sale of Flatbush Gardens had demonstrated the strong demand. That property, consisting of 1,000 lots, was practically all disposed of within two weeks, for a total of \$600,000, the largest sale in the firm's history."

New York Herald, Sept. 12, says—BUILDING A NEW BROOKLYN TOWN

"Usually a development like this is a matter of years of patient work, but Midwood Manor is growing at wonderful speed. Three weeks ago green grass and daisies covered the Shults Driving Park on Ocean Boulevard. Already streets have been made, sewers installed, houses rising in all directions and acres of shrubs and foliage plants have been transplanted in full flower and leaf."

The Evening World, Sept. 12, says—RUSHING MIDWOOD MANOR

"Midwood Manor will be completed practically by October. It is highly restricted—dwellings are designed to set the type for later construction. Building in quantity, he (John R. Corbin) can make a handsome profit, and still sell far cheaper than the individual can build for himself. An instance is shown four blocks away, in South Midwood, where a \$14,500 house is being duplicated at Midwood Manor for \$11,000—both are of identically the same plan and construction and built by the Corbin Company."

New York Journal, Aug. 6, says—"The lots are certain to increase in value within a few years, and the investor will not only have a pleasant living place, but a certain assurance against want in the future."

MIDWOOD MANOR is not only the best property in Flatbush---it is the best in Brooklyn---the best in Greater New York---the best we have ever offered for sale. You may not know this---inquire of any Brooklynite and you will. If you put off inquiry three or four weeks you may not learn it soon enough, but that will be your fault.

To-day the opportunity is yours. One million dollars' worth of perfect property, perfectly restricted, perfectly improved, will be sold in the next three weeks at half value. Proper reference as to character and a \$10 bill will start you.

Later we will tell you all about the magnificent improvements we are putting in free of cost to you; how the electric light and telephone wires are put in conduits so as not to disfigure the streets; how the sewers are being installed under city inspection, and all about sidewalks, curbs, gutters and acres of flowers. But to-day all we want to say is, Go down to MIDWOOD MANOR---take a thirty minutes' ride on the beautiful Brighton Beach "L," and see the hundreds of workmen in every direction; the great entrance gates lifting up in the air, and the houses rising on all sides. It is worth your while. There are 1,150 Choice lots on the property, all going at ridiculous prices compared with neighboring values, but you might as well have the first choice as the last. There is really a great advantage in the first choice of 1,150 lots of apparently equal value.

Midwood Manor is a good name, but not a perfect one. \$1,000 will be given for a better name. Full particulars at our office on Midwood Manor---reached by Brighton Beach "L," Avenue J station, or any line of trolleys running down Coney Island Avenue.

The newspaper extracts published on either side indicate the interest which the most important papers in New York City are taking in the greatest real estate development of modern times.

WOOD, HARMON & CO., 261 Broadway, N. Y.

The Brooklyn Eagle says—"In an exclusive article Aug. 28 the Eagle announced it to be the purpose of Wood, Harmon & Company and the John R. Corbin Company to unite for the development of the extensive Wood, Harmon & Company's real estate holdings in this borough. This announcement means the combination of the largest real estate owning company in the United States and one of the largest building companies.

"The first step is the improvement of a tract of some eighty acres fronting on Ocean Parkway and Coney Island avenue, in the Flatbush section, which, together with 100 dwellings to be immediately erected upon the property, and work upon which has commenced by the John R. Corbin Company, will be offered the public within the next few weeks.

"This must take its place as probably the greatest real estate operation that has ever been undertaken in this borough.

"Houses will be a replica of the various models of the John R. Corbin dwellings at Midwood, South Midwood, Vanderveer Park and elsewhere.

"The decision of Wood, Harmon & Company last spring to actively re-enter the Brooklyn real estate market as a selling factor has been one of large influence upon the activity of this market, and the conviction of William E. Harmon of a satisfactory demand for Brooklyn investments has been abundantly realized.

"The firm's purpose to enter at this time upon a series of the most important developments in its history is expected to have an important bearing upon general realty conditions.

"No property will be sold to any one whose acquisition as a resident would be detrimental to the development.

"When values reach a still higher level the firm will again withdraw temporarily from the sales market.
