

**ITS ALL OVER IN OHIO; TAFT WINS! HERRICK SAYS SO**

'Very Best Information' Moves Former Governor to Make His Prophecy.

Former Gov. Myron T. Herrick, of Ohio, came all the way to New York today to positively assert that Ohio is safe for Taft. Ohio is safe for Taft, Mr. Herrick declared, not only because they are afraid that if he is defeated there never will be another Ohioan nominated for the Presidency. Mr. Herrick was introduced to the reporters at the Republican National Headquarters by Chairman Hitchcock. It was recalled that Mr. Herrick was J. Perpont Morgan's representative on the committee of trustees that Knickerbocker Trust Company.

"There is no longer any doubt about Ohio," declared Mr. Herrick. "The election is over there, so far as Taft is concerned. I have the very best of information to justify me in saying this."

**How He Figures It.**

"Just before I left Cleveland a locomotive engineer and fireman took a poll of two big shops there. This poll shows how the intelligent laboring men of Ohio regard Mr. Taft. In one shop the preferences were expressed as follows:

For Taft ..... 915  
 For Bryan ..... 258  
 Doubtful ..... 228

The other shop was as follows:  
 For Taft ..... 831  
 For Bryan ..... 252  
 Doubtful ..... 265

"It is true that there was considerable sentiment for Bryan in Ohio early in the campaign. But Mr. Taft's manly and illuminating speeches have set him right before the people. They have awakened to the fact that in supporting Taft they are supporting the policies of the martyred McKinley.

**Their Industry Threatened.**

"And there is another strong factor. You know the people of Ohio are very proud of the number of Presidents their State has furnished to the nation. They have no desire to break the record by helping to defeat Taft. They realize that if Mr. Taft should not be selected it would probably be a long time before another son of Ohio could hope for a Presidential nomination. State pride is a powerful influence in Ohio."

Cornelius N. Bliss and Senator Crane, of Massachusetts, were in charge at National Headquarters to-day and Chairman Hitchcock was somewhat submerged. When Mr. Bliss and Senator Crane are on the job there is not a great deal of outward show of activity, but there is something doing behind closed doors every minute.

**HAMMERSTEIN'S LEADER FOR PHILADELPHIA HERE.**

Giuseppe Sturani, the orchestra leader for Mr. Hammerstein's new Philadelphia Opera House, arrived from Europe yesterday on the Kronprinzessin Cecilie. He will begin rehearsals next Monday. He is only thirty-one years old, but he has conducted operas in several Italian cities and in many South American capitals. He is the first Italian to conduct "Salome" in Italy. It was produced in Turin, and Strauss yielded the baton to him after the first night. He comes to America from the San Carlo Opera House in Naples.

Sturani is a native of Bologna and was graduated from the musical conservatory there. He has played the violin in orchestras conducted by Mascagni, Mugnone and other eminent Italian conductors.

Mary Garden has called Mr. Hammerstein that she is sailing for New York on the Adriatic to-day.
