

GIRL WITH PISTOL TRAPS BURGLARS ATTACKING SAFE

Eighteen-Year-Old Grace Burnham Fires at Pair, Ordering "Hands Up."

WALKS IN UPON THEM.

Finds Thieves Flat on Faces and Marches Them Out to Policemen.

UNIONVILLE, Conn., March 15.—Armed with a revolver, Miss Grace Burnham, a pretty eighteen-year-old girl, took a spectacular part in the capture here early this morning of two men who had broken into the station of the New York, New Haven & Hartford road.

Miss Burnham is a daughter of A. A. Burnham, the local station agent, who has a record for risking his life in defense of the property committed to his keeping. About four years ago Burnham surprised a burglar who was trying to open the safe containing tickets and cash. Both men drew their pistols and fired. The burglar dropped dead with a hole in his brain. Mr. Burnham wasn't touched. About a year ago he found two men prying open a window late one night. There was another exchange of bullets, but the intruders got away unhurt.

About 3 o'clock this morning an automatic alarm connected with the station went off in his bedroom at the Burnham home, a few rods from the depot. Carrying a repeating rifle and accompanied by his daughter, who had a pistol, he made his way to the station. Peeping through a window he saw two men crouched in front of the safe door, working away at the lock by the light of a small electric pocket lantern.

Mr. Burnham and the girl backed off and began sending shots through the window in the direction of the safe. Miss Burnham, who is an adept at small-arm practice, twice struck the safe door with her bullets, as marks on its surface proved.

Then the girl, at her own suggestion, did a remarkably plucky thing. While her father stood at the window, ready to pump a stream of Winchester bullets into the interior at the first hostile move, Miss Grace unlocked the door, walked calmly into the office, switched on the lights and then faced about, with her revolver extended, prepared to begin firing, and ordered "hands up."

It wasn't necessary. Two white-faced, trembling men were lying flat on their faces behind the safe, bawling for mercy. Just as the young woman marched her quivering captives out at the muzzle of her gun citizens who had been aroused by the fusillade began to

appear, half-dressed, from all directions. In the crowd were Deputy Sheriff W. A. Robertson and Constable G. E. Horsefall. The two officers took charge of the girl's prisoners and locked them up. One of them had a burglar's kit, they gave their names as Frank Lutz, twenty-two years old, and Thomas Carlson, twenty-five years old, both of no where in particular.

A DANGEROUS COUGH

Wife of Newark, Ohio, Man Had Symptoms of Consumption. Was Badly Run Down and Reduced in Flesh.

RESTORED TO HEALTH BY VINOL.

"About two years ago my wife was in very poor health. She had no appetite, was much reduced in flesh, and for three months had a very bad cough, with all the symptoms of consumption. Vinol was recommended and she began taking it. Before the first bottle was used her appetite was better, and she was improving in health; by the time she had taken three bottles the cough was gone. She is still taking Vinol and cannot say too much in its praise." N. L. Stebbins, Newark, Ohio.

The reason that Vinol is so successful in such cases is because it is the only preparation that contains tonic iron together with all of the healing, body-building elements of cod liver oil, actually taken from fresh cod livers, but no oil.

Without hesitation we proclaim our faith in Vinol for chronic coughs, colds or bronchitis and as a body builder and strength creator for old people.

Any way, if you try it and it does no good we will refund your money on demand.

Tomorrow—A Preliminary Exhibition Of SPRING MILLINERY. An early showing of much interest will be held tomorrow, of the styles which will prevail in Spring Hats and Bonnets. Paris designers and our own milliners—in close contact with the Paris trend of ideas—have contributed jointly. Most of the hats shown are big—some are quaint, others dashing—all are fascinating. Taking them at random, here are the new jet turbans and hats, the original "colossal" hat fromorgette, and our delightful copy of it. The other extreme of size is illustrated in the charming small "Continental" or "Napoleon" hats, and the tiny Dutch bonnets. Among the larger hats is a beautiful design of heavy lace; the high crown trimmed all around with a coronet of osprey. Another is of lace, with silver band and seven white willow plumes. A hat of moderate size is of white straw, with tan and white feather trimming and "Mephisto" quills; a Leghorn hat is trimmed with jet and plumes—a happy combination. A beauty is of black hemp, with high crown, and lavish trimming of white bandeau and plumes, and one tiny rosebud peeping out from among the feathers. Characteristic of the gathering are the pastel shaded plumes—some as delicately tinted as the rainbow in a waterfall—the dull roses, including the "Marie Louise" and the "Rococo," the great clusters of fruit, and the new metal ribbon. This is a cordial invitation to see the hats tomorrow morning. The MOURNING SALON also shows a varied collection of Mourning Bonnets and Hats from Paris and our own workrooms. Second floor, Old Building. The Wanamaker Galleries Furnishings & Decoration. Store Opens at 8.15 and Closes at 6 P. M. New Wanamaker Building.
