

POLICE SEEK BOY CAUGHT IN WHIRL OF THE GAY LIFE

Rich Aunt of Henry Deboec Defers Voyage to Hunt for Him.

The gay whirl of Broadway and the bright eyes of stage beauties came into the life of Henry Deboec just at the time when his footsteps were upon the threshold of a promising career and today the police sent out a general alarm for the young man.

Mr. Deboec is twenty years old. His parents were persons of wealth and station. Eight years ago his aunt became so fond of the youngster that she sent him to this city to acquire an education.

Mr. Gonzalez wrote the aunt in Santo Domingo of the turn in the affairs of the youth, and she came to this city. Saturday morning absolutely nothing has been heard from him and a general alarm has been sent to all police stations asking them to look for a youth of twenty, with black hair, brown eyes, five feet, nine inches tall, and weighing about 160 pounds.

We have been selling pianos in Brooklyn for 34 years Club Pianos delivered to all parts of New York City without charge

The facts and figures of the Anderson & Co. Piano Club

This is the largest single piano transaction ever made in this country. This is the largest piano club ever formed. This is the largest piece of spring work ever laid out by a piano house.

We bought 500 pianos—all of one grade and all from one manufacturer. (There are seven styles and each style comes in mahogany, walnut and oak, really making 21 styles in all.)

We bought these pianos cheap. We saved big money in buying them. Many a piano dealer is paying twenty-five to thirty-five dollars more for the same identical pianos.

And we are selling them cheap.

It's our spring work to sell these pianos. Not our exclusive work, however. Selling these 500 pianos is our spring task in addition to our regular day to day piano business.

To facilitate this work we are forming a gigantic piano club. A piano club of 500 members, each and every one of whom will enjoy precisely the same advantages and privileges.

Such a gigantic work means many economies. It means a saving in the initial cost of the piano. It means a saving in the freight, in the cartage, in the selling expense. It means a willingness on our part to take a smaller percentage of profit than we can regularly afford to make—in other words, a spring profit.

So, taking all these things into account, it means an enormous saving to the individual buyer or club member.

To be exact, it means a clean cut saving of ninety-two dollars and fifty cents to each and every member of the club—nearly a hundred dollars—to say nothing of the other innumerable advantages and privileges the club carries with it that piano buyers do not ordinarily get.

The whole story

The regular selling price and actual value of these pianos is \$350 each. The Anderson & Co. Club price is \$257.50 each. The club price includes everything. There are no extras of any kind. No interest to be added. Nothing to be added for drayage freight, stool, scarf—absolutely no extras. Two hundred and fifty-seven dollars and fifty cents is the price, and the price includes 202 weeks' time in which to pay it.

The club price—\$257.50—is payable \$5.00 when you join the club, then weekly payments of \$1.25. If you will figure a little you will see that this gives you exactly 202 weeks in which to pay for the piano. Your payments are less than if you would rent a piano. The piano is delivered immediately. You do not have to wait until the club is filled. You get your piano when you join.

We said above that \$257.50 includes everything. So it does. But a Club Member can reduce this price by paying faster.

The Club Member's Agreement has 202 Coupons attached to it—very much like a bond. A Coupon represents a week. Two Hundred and Two Coupons represent 202 weeks, or the life of the club. Every time a payment is made one of these Coupons is stamped "Paid." If payments are made in advance—that is, before they are due, a reduction of 15 cents is made for each and every week, and this reduction is handed over to the Club Member in cash.

You can therefore see that the club price (\$257.50) can be reduced just as many times Fifteen Cents as you will pay weekly payments in advance or before they are due. The table in the upper right hand corner will illustrate this feature. Thus, if you will pay one week in advance, you will get a reduction of 15 cents in cash, and so on.

If this Club piano is not satisfactory after 30 days' use we will give you your money back.

It is our belief, however, that a person cannot get a satisfactory trial of any piano, either good or bad, in thirty days. If, though a 30 days' trial does dissatisfy a Club Member, we will give him his money back. On the other hand, we have arranged a trial for each and every Club piano that will show whether or not this Club piano is worthy of a permanent place in your home.

Printed across the face of the contract is an agreement that gives to each and every Club Member the privilege of exchanging his Club piano, at any time within one (1) year, without one penny's loss.

This table will show just how much less than \$257.50 a Club Member can get his piano by paying faster than at the rate of \$1.25 a week. For every week's time that a Club Member lessens his contract he is entitled to a reduction of 15 cents from the club price.

If a Club Member dies during the life of his contract we will immediately send a receipt in full to his family for the instrument.

It has been said of Chopin that he was the fairy godmother of the piano. That until his time it had been the Cinderella of instruments, and that he raised it from its former humble station to be the greatest and most comprehensive of instruments.

you join the Club—You then, as a Club Member, become entitled to all its advantages and privileges.

One of these privileges is a year's trial of the piano. In other words—the Club Member has one full year's time to fully satisfy himself as to the character of the piano he is getting. At the end of the year the Club Member can come to our store and make another selection. He can select a piano of equal or better grade, and whatever money he has paid, whether it is \$40, \$50, \$60, \$100, or whatever the amount, will be credited to the price of his new piano, and we will take the original Club piano back without the loss of a single cent to him.
