LUSITANIA GETS FIRST REPAIRS ON FIFTH BIRTHDAY

Big Liner Sails on 75th Trip After Doing 500,000 Miles Without Mishap.

The Lusitania of the Cunard Line left for Liverpool and Liverpool at 1 A. M. today. At Liverpool she will lay up until Dec. 11 to be overhauled and have some repairs made to her engines.

In that way the big liner will celebrate her fifth birthday. She has made seventy-five voyages between Liverpool and New York since she was put in commission five years ago, and has never been laid up for repairs. Roughly, she has travelled nearly half a million miles.

Among the 280 first cabin passengers to leave on her this morning was Walter Assier, who came here a few weeks ago. He has left his wife at her old home in Virginia for a short time. He said he has had a busy time during his visit looking after his real estate interests, and hoped to make another trip next year.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving 85 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$1.00—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 1/2 ounce of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in gualic acid and all the natural healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Joseph Lancaster, purser of the Lusitania, was making his last trip. He has been in the service for forty-four years, and when the liner reaches the other side he will retire to his home in England.

TAFT RIDES AND SPEAKS IN GREEN MOUNTAIN STATE.

MONTEPELIE, Vt., Oct. 9.—After a run of more than 120 miles in the face of a keen wind that whistled down through the mountain valleys, President Taft motored into the capital of Vermont last night from Manchester. During the day the President made speeches in many little towns in the Green Mountains, but in all of them he kept far away from politics.

There were few villages on the day's journey that were not decorated for the occasion, and many were the little red school houses in the hills whose pupils were lined up and waiting for a look

at the cloud of gray dust as the President passed. The President and Mrs. Taft, Miss Mabel Boardman, their guest, and Mal. T. E. Rhoades, the President's aide and physician, were guests to-night at a hotel of Governor-elect Fletcher. Mr. Taft shook hands with a long line of Vermonters. The President will address the Joint Assembly in the State House to-day, but will not talk politics.
