

POPE MANUFACTURING COMPANY PLACED IN HANDS OF RECEIVER

Big Hartford Concern's Specialty Was Making of Motor Vehicles.

HARTFORD, Conn., Oct. 28.—An announcement was made here today that the Pope Manufacturing Company had been placed in the hands of a receiver.

New York bankers familiar with the affairs of the Pope Manufacturing Company said the corporation's troubles were primarily due to a lack of working capital.

"WIFE WON'T LET HIM;" HE'S ON ELLIS ISLAND

Frenchman's Romance on Ship With Affinity Gets a Rude Shock.

Herr E. Eleftheron and Frau Eleftheron were passengers on the Kronprinzessin Cecile, according to the booking on the steamer, arriving this morning from Bremen, by way of Cherbourg.

The romance of the pair was rudely shattered when the Immigration inspectors lined them up. The inspectors had a cablegram from the man's wife in Paris, telling of the relations of the couple.

"Is this your wife?" they asked the big man.

"Oh, no, no!" he replied. "This is my dear friend."

Herr Eleftheron's indignation knew no bounds when he was informed that the excursion would terminate at Ellis Island.

But Miss Helene Souri, which was the frau's real name, smiled sweetly and looked very demure when they told her that she must go to the island.

Paralyzed by Auto, Gets \$3,500. A jury before Justice Keby in the Brooklyn Supreme Court decided today that a man who has been partially paralyzed and will be unable to support himself by labor for the rest of his life is entitled to just \$3,500 damages from the owner of the automobile which was

responsible for his injuries. The winner of this verdict was William H. McKinley, who was knocked down on Dec. 2 by Walter P. Carpenter's automobile. He has been unable to use his hands and legs since. He sued for \$500.

Stork Leaves a Future Commodore. There's a new "Commodore" in the home of Commodore J. Stuart Blackton of the Atlantic Yacht Club. He arrived yesterday at the Blackton home at No. 140 West Fifty-seventh street, and if any of the Blackton racing motorboats had been handy around the premises they would have been dressed appropriately for the event. Mrs. Blackton and the youthful future commander of the fleet are both doing nicely.

That Style? Your Figure? Impossible!

Fat women who are contemplating a new gown in the mode will have to contemplate a reduction of their flesh before they visit the dressmaker. Fortunately this is nothing like the hard labor it was when one had nothing but exercising or dieting to get results with. Nowadays a short course of the Marmola Prescription Tablets should bring any woman, however fat, to the proportions necessary for her to wear a Dicotride gown.

Dr. Bull's Cough Syrup. For a hoarse, deep cough and raw, sore chest—cold attacking bronchial tubes or lungs, there is nothing better nor so soothing. Price, 25 cts. No Morphine or Chloroform. TAKE NO SUBSTITUTE.

The Sick Room

Synol Soap has been the principal antiseptic toilet soap in sick rooms and hospitals for many years. When one of the family is suffering from a contagious disease, Synol should be used freely, not only upon the body of the sufferer, but the whole family should use it in order to keep the disease from spreading. It is the soap that physicians prescribe and use upon themselves to avoid infection.

People often wonder how a doctor escapes diseases. They think he is endowed with resources that ward off contagion and infection. If you will ask your family doctor he will say—"I wash my hands in Synol. It sterilizes and is an excellent antiseptic."
