

### LUCKY GIRL AIDS FATHER IN BATTLE WITH HOLDUP MEN

They Leave Sharoff and Daughter Unconscious in Saloon, Escape With \$50.

POLICE PURSUE SIX.

Styly Shots Fired in Running Fight in Brooklyn—Four Are Captured.

Stella Sharoff, the nineteen-year-old daughter of Felix Sharoff, a saloonkeeper at No. 30 Gold street, Brooklyn, fought with six robbers in her father's saloon early this morning when the man attacked Sharoff and escaped with \$50. Stella was wounded unscathed and the girl's fighting was promptly torn off by the robbers.

Four of six men were captured a few minutes later after a running fight with three policemen in which several shots were fired and the entire neighborhood aroused.

Stella was just turning out his door at 1 o'clock when six young men burst up at the bar and demanded \$50. For answer she caught up a hot iron plate and threw it at the first man, who was in the saloon with her father. She then rushed to the door and passed out the door. She had just taken from the girl.

### WILLIAMS EXPLAINS DELAY IN SUBWAY WORK

Service Commissioner Replies to Questions Put by Citizens of Brooklyn.

Public Service Commissioner Williams to-day attended the conference on Brooklyn Transit in the Hotel Boscawen and answered questions about delays in subway work. The queries from the Brooklyn residents were about the Canal street connection, the Montague and Clark street tunnels, the Eastern Parkway, the Broadway subway to Fifty-third street and alleged discrimination against Brooklyn and Queens.

It was explained that the Canal street job presents one of the most difficult problems in the city, due to the fact that it is filled in land and under water level. Two complete sets of contract plans and contracts have been necessary.

The delay in work on the Montague and Clark street tunnels is due to the fact that the United States Government must remove a concrete reef in the East River. A government appropriation for that work is being arranged for through the efforts of Mayor Mitchell.

The Eastern Parkway delay, the Commissioner said, was partly due to complications over the St. Felix street route and the attitude of the Academy of Music.

The proposition to change the station at Times Square, Manhattan, to an express station, Commissioner Williams said, would cause a delay for several months. A general denial was made of discrimination against Brooklyn in the performance of subway construction work.

DOG GIVES FIRE ALARM.

The barking of her collie dog awakened Mrs. Mary Maher early to-day in her home on the water front of Greenpoint Bay in Bensonhurst in time to save herself from a fire which gutted the place.

In the summer time Mrs. Maher conducts the "Woodwicks" Hotel in the building, which is a three-story frame structure. Policemen George Griffin and Henry Walward assisted her from the burning house. There were no other occupants. The damage was about \$5,000.

### HOTEL KEEPER WHO PUT OUT A SAILOR IS HELD FOR TRIAL

Magistrate Upholds Right of Seaman in Uniform to Enter Restaurant.

The right of a sailor in the uniform of the United States Navy to go into any public place and participate in any public entertainment which is going on was upheld by Magistrate Appleton in Harlem Court to-day. The complainant, Seaman Albert D. Mullen of the battleship North Dakota, was backed by the commander of the battleship, Capt. Plunkett, and by Assistant District Attorney Pollette, acting under orders of District Attorney Whitman.

Mullen appeared before Magistrate Campbell late in December and said he had been directed by Mr. Whitman, to whom he had been sent by his superior officers, to make a complaint against Frederick C. Woolfien, proprietor of the Hotel Dolphin at Lenox avenue and One Hundred and Forty-fifth street.

On the night of Dec. 20, the sailor said he had entered the bar of the hotel and had been served with a drink. He then went into the restaurant, where there was turkey trotting and tango dancing. He found friends here and took a girl on the floor to dance. He was at once ordered to a seat. When he asked that drinks be served at the table he was told that he was not desired in the place in uniform and that his orders would be ignored.

The sailor had in court a number of witnesses who had seen him put out of the restaurant and who had followed him to the sidewalk to give him their names and addresses. Woolfien's defense was that Mullen was dancing offensively and that he was intoxicated. The witnesses denied these statements as do the officers to whom Mullen reported.

Magistrate Appleton held Woolfien in \$500 bail for trial for violation of Section 517 of the Penal Code, which makes it a misdemeanor to refuse men in United States army or navy uniforms the same privileges accorded to the public generally.

### HOLD RICH FRISCO MAN AS WHITE SLAVE LEADER

SAN FRANCISCO, Jan. 22.—Emile G. Ducoin, said by the police to be the leader of a white slave ring that has operated in San Francisco for the last two years, was arrested here early to-day in his handsomely furnished residence. The police refused to permit him to ride to jail in his automobile. He was booked on two charges of white slavery.

Ducoin is said to have amassed a fortune of \$300,000 in a short time. According to the police he openly boasted that he was enjoying police protection and defied arrest. Ducoin is alleged to have traded extensively in European women of the underworld, preventing their deportation by marrying them to insouciant men who willingly sold their names to the women for \$100.

### HARNDON, OCEAN HERO, BREAKS DOWN AFTER LINER VOLTURNO WRECK

Following Rescues From Burning Steamer He Aided Another Vessel in Distress.

PHILADELPHIA, Jan. 22.—Capt. Harndon, who commanded the British steamship Hapahannock when that vessel went to the rescue of the steamship Volturno, afloat in mid-ocean, is in a hospital here suffering from a nervous breakdown. He arrived in this port yesterday aboard the steamer South Point.

The latter steamship was picked up by the Hapahannock in a disabled condition about two weeks after the rescue of the crew of the Volturno and towed into Queenstown.

These happenings, it is said, caused a great mental strain from which Capt. Harndon has not recovered. He was obliged to take to his berth soon after the South Point, to the complaint of which he was transferred at Queenstown, had left port on a voyage here.
