## PRICES TAKE BIG SLUMP AS EUROPEAN INVESTORS RUSH TO SELL STOCKS HERE

Call Money Up to 6 Per Cent., but There's Plenty to Be Had.

**\$9,000,000 FOR ABROAD.**

Great Excitement on 'Change as 1,000,000 Shares Pass in Three Hours.

The New York Stock Exchange to day again was the only open market for the sale of securities in the world.

Prices of American stocks and bonds slumped heavily this afternoon and were at the lowest figures in many years. Foreigners continued to dump their holdings on this market and bear speculators helped the slump.

All government banks in Europe advanced discount rates.

European banks continued to purchase American gold, \$9,000,000 having been ordered for tomorrow's shipment.

The foreign exchange market in New York was so thoroughly demoralized by war uncertainties that no open business was done. It was practically impossible to purchase bills of exchange.

Wheat prices rose extensively on the Chicago Board of Trade. On the other hand, cotton and coffee prices went down to low levels.

Specie payment has been practically suspended by French

banks. Gold is difficult to obtain in Berlin. In most of Europe gold was quoted at a premium. Call money in New York rose to 6 per cent. Large banks made generous loans to prevent any financial difficulties.

The fourth day of the European war panic that has demoralized the financial markets of the world produced the heaviest declines yet experienced on the New York Stock Exchange. There continued the dumping of American securities held for foreign account, renewed purchases of gold for shipment abroad and complete demoralization of the foreign exchange market.

While the battlefields for armed forces are in Europe, the battlefield of world finance is here in New York. It centered on the floor of the Stock Exchange, where there was pandemonium of excitement all the day, while tremendous transactions in stocks and bonds were being carried on. More than a million shares of stock were sold in three hours.

Apprehensive lest the continued strain of European pressure on the world's open market, coupled with the demoralizing fluctuations of prices might upset the balance, quiet reassurance was given this afternoon that unlimited resources were ready to maintain the prestige of American finance and save this country from the half paralyzed condition of European nations.

From the Standard Oil Building came one of those mysterious intimations that large sums of money could be had on call at prevailing rates. The National City Bank put out several millions. There was no formal meeting of bankers like in times of money panic, because no situation yet exists which needs special support. Wall street is still meeting

## Kaiser's Note Gave the Czar Twenty-four Hours to Stop Mobilization of His Armies—Russia Replies That the Mobilization Has Gone Too Far to be Stopped.

**Peril of General War Rendered More Dangerous Owing to Strain Between Germany and Russia—England Prepares Her Fleets to Be Ready to Strike—France Sees No Hope of Peace.**

**LONDON, July 30.**—Two Servian victories in the preliminary struggle between Austria and Servia were reported by the Servian Legation here to-day. They are regarded by Servian strategists as important because they indicate the failure of attempts on the part of Austria to cross the Servian border.

After an unsuccessful attack yesterday on the Servian troops and artillery at Semendria on the Danube, twenty miles east of Belgrade, the Austrians renewed hostilities to-day, seeking to invade Servia at that point and penetrate the country by way of the Morava River valley.

The Servian forces not only resisted successfully again to-day but forced the Austrians to fall back to their position on the north bank of the river. Long distance artillery fighting is being carried on there.

A telegram to the Servian Legation announces the defeat of an Austrian force which attempted to cross from Slavonia into Servia at Losnitsa to the southwest of Belgrade. This, also, was a second-day battle in which artillery was used.

All foreign pupils at the big German schools were informed yesterday that they must leave Germany immediately. A number of English students left last night and arrived in London to-day.

One who came from Bonn on the Rhine said that between that town and Cologne the train in which he was travelling passed eight trains loaded with German soldiers going toward the French frontier. The bridges and all the lines were closely guarded, and intense excitement prevailed in all the towns in the district where it was understood the schools were to be converted into military hospitals.

The Austro-Hungarian force invading Servia totals 500,000 men, according to a newspaper despatch from Rome. Of these, 150,000 are operating from Semlin, opposite Belgrade, the Servian capital; 100,000 from Svrnik, on the River Drina, in Bosnia; 150,000 from Sarajevo, the

## KAISER GIVES THE CZAR 24 HOURS TO BACK DOWN

**BERLIN, July 30.**—A note despatched by the German Government to St. Petersburg this morning gives Russia twenty-four hours to explain her intentions with regard to mobilization.

In diplomatic quarters it was stated that the note to Russia asked three questions—the object of the mobilization, whether it was directed against Austria-Hungary, and whether Russia was willing to order a stoppage of the mobilization.

In the meantime all preparatory orders for mobilization of the German army were issued. All the officers were recalled and no leave is to be granted. The railroad battalions have been given special orders. It is said Grand Duke Ernest of Hesse, brother of Empress Elizabeth Feodorovna of Russia, was sent by Emperor William to St. Petersburg to-day in a last endeavor to arrange for peace.

**"TOO LATE!" IS RUSSIA'S REPLY.**

**ST. PETERSBURG, July 30.**—Orders for Russian mobilization have gone too far to be stopped now, was the answer made to-day by Minister of Foreign Affairs Sazonoff to a protest by the German Ambassador against the concentration of the Czar's forces. Sazonoff declared the mobilization was only partial.
