This new 1915 model Walters Piano is by far the handsomest instrument ever built by the Walters Piano Co. The scale is ideally even—the volume of tone is the fullest that can be obtained in an upright piano, at the same time it possesses a rare delicacy, clearness and refinement. The action is of the very latest type, responding quickly to the touch of the most skilled pianist. It is truly an ideal instrument for refined homes, and cannot be matched elsewhere for \$350, or more.

The values offered in our Election Week Sales for many years have set a standard never equalled by any other house. This year we have surpassed our greatest previous efforts. Never before have such savings been offered, never again may they be possible.

One of the many exclusive features contained in this exquisite Player Piano is the "Tri-Solo Melodist," a marvel of mechanical ingenuity, and a distinct advance towards player perfection. It enables you to give almost human interpretation to your favorite music. The motor works with the utmost ease and precision; the tubings are of metal, which is more durable than rubber. We say without hesitation that this Player Piano is equal in construction and workmanship to any instrument offered elsewhere for \$550 or more.
