

**WILL STUDY MONT PELEE.**

Dr. Eduard Otis Hovey of the American Museum of Natural History will study the volcanic regions of the West Indies, including Mont Pelee in Martinique and the Grand Soufriere in Guadeloupe.

The expedition is financed by the Angelo Hellipin fund, provided by Mr. and Mrs. Paul J. Sachs. A feature of the work will be photographic records taken within the crater.

**You Owe Your Face a Good, Clear Skin**

And Stuart's Calcium Waters in a Very Short Time Will Clear Up Your Complexion Naturally.

Just in a few days you may clear the skin of all manner of blemishes such as pimples, freckles, red spots, etc. If you will use Stuart's Calcium Waters.

Don't use costly lotions and creams to get up the pores when they are working constantly with the blood to throw off the impurities of your system.

"Before I did my face of pimples I was not thought to be pretty. But all the change I made was to clean my blood with Stuart's Calcium Waters."

Many a face is made with beautiful complexion and artistically lined, but when the skin is discolored one cannot see the beauty of the face lines. One notices only the skin blemishes.

It is because pimples and eruptions come from the inside—from impure blood—and you can't cure them by rubbing stuff on the outside of the face. Purify the blood and the blemishes will disappear.

Stuart's Calcium Waters will clear the complexion in a few days' time. That's the wonderful part of it—they act right off—in a hurry. That's because they're made of just the elements needed to drive all poisons and impurities from the blood. That's why doctors prescribe them so constantly.

You will speedily enjoy a beautiful complexion if you use these wonderful little waters. Your face will become as clear and pure as a rose. Nobody likes to have pimply-faced people around. With Stuart's Calcium Waters you don't have to wait for months before getting results.

From both have been cured in a few days' time with these remarkably effective blood purifiers. Your whole system will feel better in a marvellously short time, and you'll see a difference in your looks!

You can get Stuart's Calcium Waters of any druggist at 50 cents a bottle. Small sample package mailed free by advertisement. E. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich.

**ABOUT PLAYS AND PLAYERS**

**BIDE DUDLEY**

There is little chance that it will ever be formed, but some of the theatrical press agents along Broadway are talking of organizing a sort of "union" to keep salaries up in their profession. The publication of an item in this department yesterday stating that two women had been employed by a big producing firm to exploit four theatrical productions started the blood of a number of unemployed publicity disseminators boiling. They were sure the women were working for small salaries. That was why they were employed, they said. They could see, they thought, where women will be supplanting the men press agents altogether if something is not done to avoid such a calamity. And then they began to talk of the "union." These men thought they could see the finish of the \$100 press agent and were greatly worried.

The two women mentioned here are capable press agents and, while they may be accepting small salaries, they are probably earning what they get. A "union" of press agents would hardly last. It would be about as substantial as some of the press stories that are sent out by those eligible for membership.

**DUNN CONTRIBUTES.**

E. Wallace Dunn observed Bunde Day yesterday in a fitting manner. He sent a yellow striped vest, a straw hat and a bathing suit to the police station near his home.

**A NEW MEGRUE COMEDY.**

Belwyn & Co. are preparing to try out a new comedy by Roi Cooper Megrue in a few weeks. William Courtenay, now appearing in "Under Cover," will probably have the featured role. The play, which is as yet unnamed, will be tried in Atlantic City.

**ANOTHER FUND BENEFIT.**

Daniel Frohman announces that another benefit for the Actors' Fund will be held at the Century Theatre Sunday evening, March 7. The bill will be made up almost wholly of vaudeville acts. Mr. Frohman is to have the assistance of A. Paul Keith and E. F. Albee in preparing the show. The benefit is to be vaudeville's contribution to the Actors' Fund.

**HE LAUGHS BEST, &C.**

George Hanning is very much distressed about his wrist. A day or two ago he was out walking when he saw a fat man slip on the icy sidewalk and fall. "Ho! ho! ho! hawl" came from the delighted George Hanning (or ejaculations to that effect). The next instant his own foot refused to behave and the sidewalk flew up and smote him. In falling he struck on his hands and injured his wrists. The fat man just sat there and laughed.

**SEELEY GETS A FALL.**

James Seeley, who plays the doctor in "The Law of the Land," is another victim of slippery sidewalks. He is out of the cast because of a sprained ankle. Arthur Fitzgerald is playing the part. He is the stage manager. Mr. Fitzgerald essayed the role without a rehearsal and did so well that they're talking of running him for Alderman in his ward.

**LUCKSTONE COMES.**

Isidore Luckstone, vocal teacher and coach, has composed the music for a romantic light opera called "The Flirting Duchesse." The book and lyrics are by A. Lincoln Pollak. Several producers are considering the piece.

**COULDN'T BE AMERICAN.**

A one-night stand theatrical troupe struck a small Western town recently where there was but one hotel. The manager asked a native if the hotel was run on the American plan. "American?" replied the native.

**COLD GONE! HEAD CLEAR AND NOSE OPEN—IT'S FINE!**

"Pape's Cold Compound" ends colds and grippe in a few hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. —Advt.

**"Now! The proprietor a Swede."**

Ned Wayburn is staging a new act with Singer's midlets. Amedeo Collecchi, an Italian tenor, will make his American debut in Barney Gerard's show at the Columbia to-night.

The Board of Trustees of the Actors' Fund has referred to a theatrical agency to the Finance Committee.

Granville Barker has postponed his first performance of "A Midsummer Night's Dream" at Wallace's until Feb. 16. He has also put the special stage Society rehearsal over until Sunday night, Feb. 14.

Henry Blossom may rewrite the book of "The Girl of Girls," the musical play which closed on tour last Saturday. The score is said to be excellent.

Mr. and Mrs. Jerry J. Cohan have received a "perpetual" pass to all Keith theatres with the compliments of E. F. Albee and A. Paul Keith.

**THEY'D NEVER HEARD OF IT.**

Bert Levy, cartoonist, was whistling an air from "The Mikado" in his dressing-room at an uptown theatre

**GOSSIP.**

recently when an acrobat came in and asked what the tune was. Mr. Levy told him and he said he'd like to use it as incidental music for his act.

"Where can I get a copy?" asked the acrobat.

"At any music store," replied Mr. Levy. "Just ask for Gilbert and Sullivan's 'Mikado'."

The acrobat thanked him and retired. Next night he again appeared in the cartoonist's dressing room. "I couldn't get that music anywhere," he said.

"Why not?" asked Mr. Levy. "The music dealers said they had never heard of Sullivan & Considine's 'Cockatoo,'" replied the acrobat.

**An Open Letter**  
(About Bronchitis)

TO THE PUBLIC:  
In March, 1914, I became afflicted with an attack of Bronchitis which forced me to remain in bed for two months. The doctor in attendance changed the medicine several times and instead of improvement, I seemed to grow worse. For awhile I was despondent, until my wife read a little pamphlet advertising the "Essence Mentho-Laxona." Discouraged with what I had been using without effect, I was willing to try almost anything that sounded like a cure. The Mentho-Laxona was bought, the syrup prepared according to directions, and before half of the quantity was consumed the cough had ceased and I was able to get up and get around the house. To make a long story short I was at work four days after, and have never felt any symptoms of the dread disease since. All who are acquainted with Bronchitis will understand how hard it is to subdue the cough, but to-day I am willing to take an oath, or make an affidavit to the effect that my case of Bronchitis was as severe as ever afflicted man, and that I was positively cured of it in less than four days, all due to the wonderful curative powers of the "Essence Mentho-Laxona." Since then I have recommended it to all sufferers as I was, or to those who were subject to coughs of any kind. In such cases the medicine sustained the reputation I had given it, and all were loud in their praise of this truly valuable prescription. All who may be sceptical in its use can write me, and I will cheerfully give them all the information they desire above my personal signature.

Very respectfully,  
2447 Lafayette St., DENVER, COLO.  
A. CAMPBELL

For the benefit of readers: Essence Mentho-Laxona can be obtained at any drug store. A 25c. bottle makes a full pint of cold and cough syrup. Full directions are with each bottle.—Advt.
