

BLAMES THE ROCKEFELLERS FOR COLORADO STRIKES, RIOTS, MURDERS AND ARSON

Industrial Commissioner West Scores "Their Potent Will and Conscience."

LAW OF NATION DEPIED.

Formulated Labor Policies That Brought Arson, Terror and Bloodshed.

CHICAGO, Aug. 27.—George P. West of the United States Commission on Industrial Relations made public here to-day a forty page abstract of his report on the causes and effect of the miners' troubles in Colorado. The abstract is exhaustive and quotes liberally from testimony taken by the commission in New York, Washington and Colorado.

The responsibility for the strikes in Colorado in 1913 and 1914 is placed by Mr. West directly on the shoulders of the operators. The operators are also blamed for the disorder and murders and arson that were associated with the strike, and Gov. Ammon of Colorado, various State and county officers and the militia are scathingly condemned.

The Colorado Fuel and Iron Company, controlled by John D. Rockefeller, is declared to have been the leader in formulating and carrying out strike policies. Mr. Rockefeller and his son, John D. Rockefeller Jr., are charged, first, with the selection of incompetent and reactionary agents to serve as executive officials in this company, and, second, with giving their heartiest indorsement and support to these officials after they had taken action that precipitated the worst of the troubles.

PRESS CARTOONS AND STRICTURES TOUCHED RAW SPOT. Mr. Rockefeller Jr. is charged with having approved measures to coerce the State Government of Colorado and with having flouted the will of the President of the United States.

One of Marauders Is Fatally Wounded in Battle With Peace Officers—Ranch Is Seized.

CORPUS CHRISTI, Tex., Aug. 27.—Mexican bandits and American peace officers fought in a "public road" leading into Fairfairs, Brooks County, and one of four armed Mexicans was probably mortally wounded. None of the Americans was hurt.

Another appeal for protection along the border has reached the Southern Department army headquarters from Del Rio. A troop of cavalry now is stationed there, but this is deemed insufficient, as more than 1,500 Mexicans have reached Del Rio in the last three months.

Smoke Turns Out Heavier. Smoke from fire in the woodbin in the basement of a modern tenement at No. 124 East Fourth Street, drove scores of tenants to the street and to the city.

Poslam Just What You Need When Skin Ails. When you need a remedy for any skin trouble, let Poslam be your first thought. It is most rapid in action, intense in healing power and always dependable.

Poslam Soap is the absolutely safe soap for tender, sensitive skin—a daily delight for Toilet and Bath.

For samples, send 4c stamps to Emergency Laboratories, 31 West 48th St., New York City. Sold by all Druggists.—Adv.

All "Lost and Found" articles advertised in The World or referred to "Lost and Found Bureau," Home 118, World Building, will be listed for thirty days. These lists can be seen at any of The World's Offices.

Young Rockefeller, Who Is Badly Scored In Report of the Industrial Commission

ALFONSO, BOY SLEUTH, FIGHTS ALLEGED 'DIP' IN SUBWAY CROWDS

Then Tells Police Where "Victim's" Pocketbook May Be Found.

Crowds of persons near the subway entrance at Canal and Lafayette Streets this afternoon saw Alfonso Piefer, sixteen, of No. 196 Richmond Street, Cypress Hills, battle with an alleged pickpocket, whom he had trailed from a subway train. The boy was getting the worst of the encounter when Policeman Rusbach came along and arrested his antagonist, whom Inspector Joseph A. Faurat at Headquarters recognized as James Romano, alias Russo, who has served time in the Catholic Reformatory, the Elmira Reformatory and Sing Sing.

Young Piefer said he was riding downtown in a local train when he saw Romano jostling another passenger, who afterward told the police he was George Bowne, a dry goods merchant of Wilmington, N. C. When Bowne left the train at Canal Street, followed by Romano, Alfonso went along behind them. The men were mounting the steps of the subway station when Romano, according to Piefer, suddenly tripped Bowne, then helped him to his feet, brushed off his clothes, apologized—and took his purse.

It was then that Alfonso, the boy detective, sprang forward and seized Romano. When Rusbach appeared and arrested the accused man, young Piefer shouted: "He's just put the pocketbook in the side coat pocket of his victim." Rusbach looked in the pocket and found the purse.

HUSBAND STICKS TO SLAYER. Bellina Will Aid Wife Who Killed Brooklyn Artist.

Antonio Bellina, the Baltimore contractor, the husband of Rosa Bellina, who yesterday shot and killed Joseph Montilio, an artist, in his studio at No. 24 First Street, Brooklyn, hurried to Brooklyn today to visit his wife in Raymond Street Jail. He disowned her on Monday on hearing stories from his brother, Frank, of visits she had made to Montilio last June.

Bellina embraced his wife, kissed her and told her he was proud of her and there was no longer any man between them. He promised to get legal help for her at once. The young wife showed emotion for the first time since the shooting and cried profusely after her husband left.

JAPAN ARMY OFFICERS GIVE AID IN MAKING MUNITIONS FOR ALLIES.

TOKYO, Japan, Aug. 27.—The decision of the Government to utilize all available means for increasing the production of war munitions for the allies, particularly Russia, has aroused the greatest enthusiasm. Army officers of high rank are arranging the details with manufacturers proprietary to enlarging arsenals and factories.

It is understood that France and England have guaranteed payment for these supplies.

200,000 PRISONERS TAKEN BY GERMANS SINCE WARSAW FELL.

BERLIN (via The Hague), Aug. 27.—More than 200,000 prisoners, several thousand cannon and enough rifles to supply several army divisions have

TEUTONS TAKE OLITA IN DRIVE TO CONTROL LINE TO PETROGRAD

Old Russia, beyond the political borders of ancient Poland, but have penetrated well beyond the district of Russia proper, inhabited by the Poles. This enormous advance has now reached a stage in which the troops of Emperor Nicholas are fighting for existence on the soil of White Russia, which for the first time during this war is feeling the effects of invasion.

The main object of the German attack around Brest-Litovsk for a number of days has been the railroad running eastward from the fortress toward Moscow. This line, with a branch running in a southeasterly direction, provided the means for Russian evacuation of the fortress. The Austro-German advance against this railroad has been so slow that it is believed here the evacuation was accomplished successfully before the fortress surrendered.

The Petrograd official statement is silent as to the capture of Brest-Litovsk, but other despatches had foretold its evacuation.

The Berlin official statement gives almost no details of the capture of the great stronghold, beyond saying that "German and Austro-Hungarian troops stormed the works on the western and northwestern front and later succeeded in entering the center fortress."

The fact that no statements are made regarding prisoners or war material captured, as well as the ease with which the fortress was entered—within three days of the arrival of the German forces before the outer works, dispose military experts here to believe that the Russians, as at Warsaw and Ossowiec, only held on long enough to make sure of the retreat of their main army and to remove everything possible of value, and then abandoned the fortress.

80th-3rd Sightless Men Get War Crosses or Military Medals, in Hospital.

PARIS, Aug. 27.—Impressive ceremonies were held at the Convalescence Hospital to-day when eighty-three soldiers, blinded in the fighting at the front, received decorations for gallant conduct. Upon sixty-two sightless men were conferred war crosses; the others were awarded military medals.

FRENCH AIR FLEET BOMBARDS GERMAN RAILWAY TOWNS

Big Gas Tank at Domach Is Also Raided by Aviators.

TAKE GERMAN TRENCHES

Kaiser's Airmen Also Throw Bombs Over the Allies' Lines.

PARIS, Aug. 27.—French aviators continue their activities against certain positions in possession of the Germans in the eastern portions of the French line, according to the announcement made to-day by the French War Office. German aviators also are taking offensive measures in this territory.

French airmen have bombed two railroad stations in the Argonne in German possession, and German aviators have thrown down explosives on Clermont-en-Argonne. A French aviator last night bombed at Domach a plant where the Germans manufacture anhydrous gases, and this morning a French squadron of airships bombed the railroad station at Muelheim, in the Grand Duchy of Baden.

All the French flyers returned unharmed. The official statement says: "In the sector to the north of Argonne the artillery firing last night was less violent, but it was very spirited in the vicinity of Roze and on the plateau between the Oise and the Aisne. In the Champagne district, in front of Auberville-Surrupte, an offensive reconnaissance was repulsed. In the Argonne there has been reported nothing more than fighting by means of mines, in which we had the advantage. In the Vosges, to the north of Soudernach, we have straightened our front and accelerated our installation on the mountain top between Soudernach and Landersbach. This we did by taking possession of several German trenches. A counter-attack on

the part of the enemy was completely repulsed. During the night of Aug. 25-26 our aviators, in the Vosges, in the Argonne and in the Champagne, have bombed and destroyed several German positions. This followed an attempt on the part of German aviators to bombard our lines in the Champagne district, by the Germans caused no damage. During the night of Aug. 25-26 a French aviator threw down his bombs on a factory at Domach, where the Germans make gas manufacturing apparatuses. During the morning of to-day a French squadron of airships bombed the railroad station and the electric power house at Muelheim, in the Grand Duchy of Baden. All the aviators returned unharmed."
