Batteries—Shore and Cady; Alexander and Burns. Umpires—Klem, O'Loughlin, Evans and Rigler.

THE BATTING ORDER.

Phillies	Houston
Stock, 3b.	Hooper, rf.
Bancroft, ss.	Scott, ss.
Paskert, cf.	Speaker, cf.
Cravath, rf.	Hobbitel, 1b.
Luders, 1b.	Lewis, lf.
Whitted, if.	Gardner, 3b.
Niehoff, 2b.	Harry, 2b.
Burns, c.	Cady, c.
Alexander, p.	Shore, p.

Umpires—Klem behind the bat; O'Loughlin on the bases; Rigler in right field and Evans in left.

By Bozeman Bulger

Special Staff Correspondent of The Evening World.

The game started shortly after 2 o'clock, the Bostonians going to bat and the Phillies taking the field.

FIRST INNING—The first ball pitched by Alexander was a fast one, wide at the plate. The second one came over straight as a string.

Hooper smashing it on the nose for a single that skipped over second base like a shot. The Philadelphia crowd was dumfounded. Scott deliberately bunted the next offering for a sacrifice, and as Alexander threw him out at first, Hooper raced to second.

Alexander fooled Speaker badly with a slow curve and crossed him again with a fast one which split the plate. Saving the advantage, Alex began toying with the Boston star, forcing him to foul off three bad balls. In a moment the count stood two and three and Burns walked out to confer with him. Again Speaker fouled one into the stand. Alexander pitched the next one several inches wide of the plate and Speaker walked.

The Philadelphia crowd was playing their nervous role. Hobbitel swung on the first ball pitched, smashing a grounder toward Bancroft, who threw to Niehoff, forcing out Speaker. Alexander then put the Philly crowd on its feet by shooting the ball to Luders and catching Hobbitel off the base. NO RUNS, ONE HIT, NO ERRORS, ONE LEFT.

Shore's first offering went wide, but he put the next one over, making the count even on Stock. Stock went after a wide curve, lifting a weak fly to Cady for the first out. Bancroft took a clean strike over the plate and then popped out to Harry. Shore pitched a wide one to Paskert, but Dode was overzealous and swung at a bad one, lifting a puny foul fly to Hobbitel. NO RUNS, NO HITS, NO ERRORS, NONE LEFT.

SECOND INNING—Lewis went after a fast ball and smashed a foul liner into the left field stand that came very close to being a home run.

U. S. CONSUL SKINNER MAY LOSE LONDON JOB

British Are Said to Be Angry Over His Report on Hold-Up of Cargoes.

WASHINGTON, Oct. 8.—British anger at American Consul General Skinner of London may prevent his return to that post. He is en route here to confer with State Department officials regarding British interference with American trade.

A recent report from Skinner that American exports to neutral ports were being held up, while British merchants were exporting the same merchandise, is said to have caused displeasure among British officials.

Secretary of State Lansing stated today that he did not know whether Skinner would return to London, and that this would be determined after Skinner confers here.

THREE WERE KILLED IN FALL OF SCAFFOLD

Many Others Have Narrow Escape When Bronx Support Crashes to Street.

A hanging scaffold on which fourteen bricklayers were at work at the sixth floor level of an apartment house under construction at the southeast corner of St. Pauls Place and Park Avenue, the Bronx, was hurled to the ground this afternoon by the collapse of a terra cotta coping. Fourteen of the men saved themselves by leaping over the wall into the building, but three went to the street and were instantly killed.

They were John McCourt of No. 65 West One Hundred and Sixteenth Street; John Handell, No. 145 Van Cortlandt Avenue, and Casareo Soratti, No. 331 East One Hundred and Sixth Street.

Coroner Healey instructed Patrolman Patrick Murray to arrest Frank Ryan, No. 288 West One Hundred and Eighteenth Street, the foreman of the job. The coroner says his investigation showed that the terra cotta coping was not securely anchored. About a ton of it dropped on the scaffold.

TRAIN BANDITS GET \$500,000 IN BANK CURRENCY

Notes Stolen in Hold-Up of New York Flyer Are Unsigned but Good.

OTHER PLUNDER TAKEN.

One Hundred Packages of Registered Mail Carried Off by Two Masked Men.

WHEELING, W. Va., Oct. 8.—Two masked men early today held up and robbed a Baltimore and Ohio express train from New York to St. Louis two miles west of Central, W. Va. Their booty was taken from mail cars and was reported to be considerably over \$500,000.

They got, it is said, ninety packages of unsigned bank notes totaling in all \$500,000 and a hundred registered mail packages. The currency had been shipped from the Treasury in Washington to Western banks. While unsigned, it is declared negotiable.

The train was due at Parkersburg at 1 A. M., and it was nearly an hour later when Grant Helms, the engineer, was attracted by a noise from the tender. Looking over his shoulder he saw two masked men climbing over the coal, each carrying an automatic shotgun. They called to him not to move, and a minute later he and the fireman were facing the guns.

One of the men ordered Helms to cut off the engine and through mail from the remainder of the train and then stood by the engineer directing the distance he should run it. When two miles to the west had been covered the highwaymen ordered Helms to stop and climb down, while the fireman was compelled to do the same.

The other masked man then took the throttle, and as though well acquainted with the operation of the engine ran the train a mile or two farther westerly.

There the robbers went through the mail car, paying particular attention to the registered mail which they looted completely. They then deserted the train, going across the hills in the direction of the Ohio River.

A special train carrying detectives was sent to the scene of the robbery, and passes aggregating more than a hundred men were scouring the country before daybreak in Harrison, Dodge and Pleasant Counties.

The train is one of the best on the Baltimore and Ohio system. It left New York yesterday morning at 10 o'clock. Usually it carries large numbers of through passengers and important mail and express.

WASHINGTON, Oct. 8.—No word had reached the Comptroller of the Currency early today concerning the West Virginia train robbery, and officials were at a loss to determine to what banks the stolen notes were destined.

Unsigned bank notes, under the law, are legal tender and must be redeemed when presented at the Treasury. Under the old method of delivering them to the banks the banks themselves were liable for redemption of stolen notes, recovering their losses from the express company. The express companies were regarded as the agents of the banks, and the Government ceased to be responsible for bank notes delivered to them.

Under the present system of shipping bank notes by registered mail or parcels post the question of whether the Government or the banks shall be liable for redemption of stolen notes has not been determined. In cases of such shipment there have been no transfers to an agent of the bank.

BATTLE AIRSHIPS, CRUISER PLANES, CARRY 3-INCH GUNS

France Has Organized a Marvelous Fleet for Fighting in Air.

MANY SCOUT PLANES.

Divided Into Squadrons, Each Containing Nine Airships Representing All Types.

PARIS, Oct. 8.—An aerial army formed in divisions and squadrons, with battle aeroplanes, cruiser-aeroplanes, scouts and torpedo-planes, all armored heavily and carrying three-inch cannon and rapid-fire guns, is a reality. It has been made possible through the remarkable development of military aviation in France.

The French Government today permitted the first inspection of its new fleet of aeroplanes. Opportunity was given to inspect the large and small types of the new battle-planes and watch them as they were manoeuvring high in the air, firing round after round from their three-inch rifles while they soared, looped and darted about.

The Minister of War, Alexandre Millerand, assigned two military experts of the staff of the Aviation Service—Capt. de Lafargue and Lieut. Parut—to conduct the correspondent part to the place where the new fleet of battle craft had been assembled, and later to the aviation school, where 100 military aviators were learning to navigate the new war craft.

The aviation field is ten times the size of Belmont Park. Entering the field, a monster battle plane loomed up thirty-eight feet high, with a number of planes stretching 180 feet across. Further back was ranged the fleet of battle cruisers and scout planes. They were formed like a battalion, twenty planes in a row across the front, and ten deep. Their huge wings made a front half a mile wide.

The battle planes and all the cruisers were heavily armed. Each carried both the three-inch cannon and the rapid-fire gun.

SUIT TO FORECLOSE \$200,000,000 MORTGAGE

Court Action Taken Against the St. Louis, Iron Mountain and Southern Railway.

ST. LOUIS, Oct. 8.—A bill to foreclose the \$200,000,000 first refunding mortgage of the St. Louis, Iron Mountain and Southern Railway was filed in the Federal District Court here today. The suit was filed by the Union Trust Company of New York, and Benjamin F. Edwards, trustees for the bondholders. A similar suit against the Missouri Pacific was filed by the Guaranty Trust Company of New York a few weeks ago.

Both roads now are in receivership. Frederick W. Judson, who filed the Iron Mountain foreclosure petition said the suit will not affect the receivership.

The \$200,000,000 bond issue was authorized July 1, 1912, and the bonds are payable in 1922. About \$25,000,000 of the bonds have been sold, the rest being pledged to secure Missouri Pacific note issues, or are held in the Iron Mountain treasury.

PRESIDENT HERE WITH HIS FIANCEE FOR SOCIAL VISIT

Warmly Greeted at Pennsylvania Terminal, Where Guard of Detectives Meet Him.

COL. HOUSE HIS HOST.

Famous Cook Prepares Southern Meal for Mrs. Galt on Way From Washington.

President Woodrow Wilson, accompanied by his fiancée, Mrs. Norman Galt, and a party consisting of members of his family, his secretary, Mr. Tamm, and Dr. Grayson, the White House physician, arrived at the Pennsylvania station this afternoon from Washington. The party went in automobiles to the home of Col. E. House, the President's closest friend, at No. 115 East Fifty-third Street.

The time of the President's arrival had not been announced and there was no crowd to greet him beyond the usual throng of travelers. But all who saw the President's party stopped and took part in a kindly demonstration.

By direction of Commissioner Woods, Acting Capt. Glida had a detail of detectives at the station and detectives will guard Col. House's home during the stay of the presidential party. Chief Flynn of the Secret Service with a big staff of his best operatives has made cheerful preparations to save the President from annoyance.

Col. House will give a dinner and theatre party in honor of the President and his fiancée to-night. The President and his party will leave New York at 11 o'clock to-morrow morning for Philadelphia, where they will witness the ball game in the afternoon, resuming their journey to Washington in the evening.

While here, it is reported, the President will procure an engagement ring, which he will present to his fiancée. It is hardly probable that the President will run the risk of assembling a great crowd by appearing on Fifth Avenue to-morrow with the jewellers to call at the House home, where the President will make his selection.

On the arrival of the President's train here this afternoon it was learned that Adolphus Green, cook on the private car Superb and private car cook for presidents for the last quarter of a century, prepared a special Southern luncheon in honor of Mrs. Galt, who is a Virginian. Mary.

GENERAL, SUCCESSFUL IN RUSSIA, WHO NOW IS ATTACKING SERBIA.

MARY GARDEN DENIES GOING UNDER KNIFE

Wires From Home in Scotland She Is Getting Back Strength After Breakdown Due to Army Work.

LONDON, Oct. 8.—From her country place, Strichen, in Scotland, Mary Garden, the American soprano, has telegraphed as follows:

"Miss Garden broken down this summer from the strain of her ambulance work. No operation was performed. She is now at her Scotch home getting back her strength to enable her to return to her duties in France."

Reports were recently published here that Miss Garden, who had been nursing in the hospitals near Paris and elsewhere in France for several months, was gravely ill in Paris following an operation for appendicitis.

John T. Ferriek and William Maloney, the ex-firemen convicted of stealing silk from a loft at No. 140 Mercer Street on Jan. 24 while supposed to be working to extinguish a fire there, were today sentenced by Judge Mulqueen in the Court of General Sessions to from two to five years in Sing Sing Prison. A motion on their behalf for a new trial was denied.

SERBIA HANDS PASSPORTS TO BULGARIAN MINISTER AS ARMY FIGHTS DESPERATELY

Turks Rush 250,000 Troops to the Border to Aid the Austro-Germans in Crushing Their Foes in the Balkan States.

"BENEVOLENT NEUTRALITY" IS DECLARED BY GREEKS

BERLIN (via London), Oct. 8.—The Teutonic invasion of Serbia is proceeding favorably, progress in the crossing of the Drina, Save and the Danube Rivers by the German and Austrian armies under Field Marshal von Mackensen being reported by the German Army Headquarters.

The capture is announced of three cannon opposite Ram on the Danube River about 40 miles east of Belgrade.

PARIS, Oct. 8.—Desperate resistance of the Austro-German drives into Serbia across the Danube, Save and Drina Rivers was reported today in despatches from Nish and Rome.

Nish claimed the army which crossed the Save had been repulsed. Bulgarians were described as already active in Southern Serbia.

A Turkish army of 250,000 men is said to have been massed behind the Tchatalja line, on the territory in Europe left to Turkey after the Balkan War, ready to strike Serbia from the rear.

NISH, Serbia, Oct. 8.—(Via London)—The diplomatic rupture between Serbia and Bulgaria is complete. The Foreign Office has handed his passports to the Bulgarian Minister.

LONDON, Oct. 8.—A message to the Times states that the Greek Government has decided to issue a declaration of its attitude of "benevolent neutrality" toward the Entente powers.

AMERICAN WOMAN ARRESTED IN GERMANY

Mrs. Hildebrandt, Editor of a Magazine, Says She Was Imprisoned; Later Expelled.

GENEVA, Switzerland, (via Paris) Oct. 8.—Mrs. Merriet Hildebrandt of Louisville, Ky., author and editor of a woman's magazine, had an unpleasant experience recently in Germany, where she went to arrange for conferences in connection with her work. On reaching the German frontier, she says, she was arrested on a charge that was not made known and sent to the Lortach prison, where she was placed in a cell. She was then taken to Lindau prison. After twenty-four hours she was removed in the middle of the night to Munich, where the commanding officer before whom she was taken decided that she should be expelled. She was escorted to the frontier, where she was warned not to re-enter Germany.

Mrs. Hildebrandt returned to Geneva. She has sent a strong protest to Washington through Assistant A. Stovall, the American Minister to Switzerland.

FIREMEN SENTENCED FOR THEFTS AT FIRE

John T. Ferriek and William Maloney, the ex-firemen convicted of stealing silk from a loft at No. 140 Mercer Street on Jan. 24 while supposed to be working to extinguish a fire there, were today sentenced by Judge Mulqueen in the Court of General Sessions to from two to five years in Sing Sing Prison. A motion on their behalf for a new trial was denied.

The Fire Department has won a place of high esteem with citizens for the heavy of its members. Judge Mulqueen said, "and these men are traitors. They are in the class of men who would sell out their country in time of war."

The official German communication, "Balkan Theatre of War," indicating that these operations are to be abbreviated daily. Estimates of the strength of the Austro-German forces along the Serbian frontier range from 400,000 to 600,000 men.

Russian warships are already reported to be hurling shells at the Bulgarian port of Varna, on the Black Sea. French and British troops are being rushed northward from Salonica by express trains. Meanwhile, at the point where the railway approaches closest to Bulgarian territory, both an allied and a Bulgarian army are massing.

It is reported from Italian sources that as a precaution the Serbian Government is transferring all records and archives from Nish to Istep, in Southern Serbia, about fifty miles from the Greek frontier.

ITALY WILL SEND BIG ARMY TO AID OF ALLIES.

Italy will co-operate with the allies both in the Dardanelles operations and in Serbia. Lieut. Gen. Count Cadorna, Chief of the Italian General Staff, was strongly opposed to the participation in these sectors, maintaining that it would be a mistake to divide his army while the campaign in Salonica is still unsettled. The Italian cabinet, however, decided that Italy must further extend her participation in the war. A large Italian army, it is declared, will be embarked from Brindisi—on the "heel" of the Italian "boot"—and land at Avlona, in Albania, using the splendid Roman roads of centuries ago to press forward into Serbia.

Roumania still is mobilizing her troops and may later take her place with the allies, though there is no indication now that she will act.

In reply to a protest from the Austrian and German Ministers against obstacles being placed in the way of shipping goods to Bul-
