

TRAILS WIFE, NABS HUSBAND.

Waxenberg, Alleged Wiretapper, Had Jumped \$15,000 Bail. Detective Geagan was about to board a subway train at the Atlantic Avenue Station in Brooklyn yesterday when he caught sight of the wife of Louis Waxenberg, alleged wiretapper, known also as George Hobart. Geagan followed her to the One Hundred and Twenty-fifth Street Station of the New York Central Railroad, where she met a train. Her husband got off and Geagan arrested him.

Waxenberg was indicted in October, 1912, on a charge of participating in the swindle by which Duncan S. Curry of Winnipeg was separated from \$64,000. He jumped his \$15,000 bail last May as his case was about to be called for trial.

BABY DISFIGURED WITH PIMPLES

Got Worse. Large and Red. Pained So Could Not Sleep. Itching Was Terrible.

HEALED BY CUTICURA SOAP AND OINTMENT

"I noticed pimples all over my baby. Every day they got worse. They were very large and red, and were very itchy, because the child used to scratch them so that they would bleed. They pained him very bad so he could not sleep. My son was all disfigured. The itching was terrible and it lasted about one month. One day I thought I would send for a free sample of Cuticura Soap and Ointment. When the sample was sent I ordered a cake of Cuticura Soap and a box of Cuticura Ointment. Inside of two weeks he was healed." (Signed) Mrs. L. B. B. 314 Manhattan Ave., Brooklyn, N. Y., March 10, 1915.

Sample Each Free by Mail. With 25-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

FIREPROOFING USED IN FACTORY "TRAP" WAS SUBSTITUTED

Witness at Diamond Candy Works Inquest Admits He Did Not Use Material Specified.

A graphic word picture of the Diamond Factory fire, in which twelve girls and men lost their lives in North Sixth Street, Williamsburg, on Nov. 6, was given by the first witness at Coroner Wagner's inquest to-day.

Fire Captain Edward J. Connolly of Engine Company No. 221, in Driggs Avenue, testified that at 1:44 P. M. on Saturday, Nov. 6, he got an alarm from the box on North Seventh Street and Hamilton Avenue, one block from the Diamond factory. It was eight blocks from his house. He jumped out of the Chief's wagon when he saw the Diamond factory fire escapes crowded with many girls and told his driver to send in a third alarm.

"The whole first floor was afire, flames were issuing from a second floor window and smoke poured from every opening in the house," the captain said. "Citizens in the street were catching girls as they were jumping from the fire escapes. I ran up the balancing ladder at the foot of the fire escape and got a couple of girls down."

"All those above the second floor seemed paralyzed," said the Captain. "They just stood there with their arms stretched out and stayed till the firemen got them down, or else they died."

Capt. Connolly said he saw the locked trapdoor on the fourth floor over the front or westerly airway.

"Then that caused the rush that crowded the fire-escapes?" asked the Coroner. "Yes," said Capt. Connolly. "I tumbled over a girl on our floor," testified Jacob Ginsberg, "and I put her out on the fire escape. I saw a lot of girls lying on the fire escape. I crept over them and let myself down

the under side of the ladder, hand under hand, to the porch and crept over again and let myself down, and when I got to the last balcony the flames were blowing over my head. I dropped off the balcony."

Louis Shapiro, a carpenter, testified that he sometimes did fireproofing work for Mr. and Mrs. Diamond in their building. "What did you use?" asked Crosey. "Galvanized tin," replied Shapiro. "Didn't the order direct you to use plasterboard three-eighths of an inch thick and backed with metal?" "Well, I didn't do it," Diamond said he would pay me \$50 for the job."

Shapiro said there were trap-doors at the third and fourth floors. The one he and Sam opened was fastened with a bolt. Sam had to unscrew a nut to loosen the bolt.

FROM FATHER TO SON.

(From the Kansas City Star.) "Well, Bobby," said the minister to the small son of one of his deacons "what is the news?" "Toppers' got a new set of false teeth."

"Indeed," said the minister, restraining a desire to laugh, "and what will he do with the old set?" "Oh, I suppose," replied Bobby, "they'll cut 'em down and make me wear 'em."

A LIFETIME OF SICKNESS

Worn Out, Thin and Miserable Until She Took "Fruit-a-tives"

"Stomach Trouble and Distressing Headaches nearly drove me wild. Some time ago, I got a box of 'Fruit-a-tives,' your famous fruit medicine, and they completely relieved me. To-day I am feeling fine and a physician, meeting me on the street, asked the reason for my improved appearance. I said, 'I am taking Fruit-a-tives.' He said, 'If Fruit-a-tives make you look so well, go ahead and take them. They are doing more for you than I can.'"

Mrs. H. S. WILLIAMS, Palmeston, June 20th, 1914. 50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ogdensburg, New York.—Adv't.

GOVERNMENT TO CONTROL BATTLESHIP BUILDING

Daniels Says Owing to Serious Situation in Defense Programme Plan is Being Considered.

WASHINGTON, Nov. 18.—Because, he said, "a most serious situation has arisen in our national defense programme," Secretary Daniels to-day announced that a plan is being considered that contemplates Government ownership of every element connected with battleship building.

The plan definitely being worked out, he said, includes government-owned or leased iron fields, ship yards, armor plate factories and all else that is needed. The "situation," briefly is that American steel plants are so busy in the profitable industry of sending munitions and supplies abroad that they refuse to pause in order to

hasten the building of United States battleships. Daniels' announcement to-day follows advice from the three private plants which bid on battleships yesterday that they may be greatly delayed in construction because of their inability to obtain supplies promptly.

Corrigan to the Pamphilians. Magistrate Joseph E. Corrigan will speak to-night on "The Police Court and Good Citizenship," before the Pamphilians, at their meeting, No. 129 Lenox Avenue. The meetings of the Pamphilians, formerly the Wadleigh Lecture Centre Club, are free, and they extend a cordial invitation to all Harlemites to "Come around and get acquainted with your neighbor."

Held Disorderly Places. Inspector John Daly of the Fourth District with a squad of men early to-day raided four alleged disorderly places, one on Eighth Avenue, another on West Forty-fifth Street, and two on West Forty-seventh Street. Eleven men were arrested, among them William H. Dunlap, Nat Osborne, Lewis Zalisio and Charles A. Hollingworth. All the prisoners promptly obtained bail. They were arraigned later in the West Side Court to-day and were held in \$500 each.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drugs, liniments and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestion, sickness, death. Castoria operates exactly the reverse, but you must use it as it bears the signature of Chas. H. Fletcher. Castoria cleanses the blood to circulate properly, opens the pores of the skin and always cures. Genuine Castoria always bears the signature of Chas. H. Fletcher.
