BRINGING THE WILLARD-MORAN MATCH TO NEW YORK

Copyright, 1916, by the Press Publishing Co. (The New York Evening World.)

R. Edgren's COLUMN

Sam McCracken, who is helping Tex Rickard promote the Moran-Willard fight, says it may be held in small club here seating 500 at \$100 a ticket.

Sam McCracken, who is to promote the coming Willard-Moran fight with Tex Rickard, is a circus man. He says, however, that there will be nothing to suggest a hippodrome when the big fight is pulled off. Mr. McCracken has travelled around the country with various big shows for twenty years, and he admits that if any one knows a hippodrome on sight he does.

McLoughlin and Bundy Now "Pros" if They Own Sporting Goods Store

If Reports From California Are True Wrenn and Adece Declare Famous Tennis Pair Have Forfeited Amateur Standing.

LEADING tennis officials, such as Robert D. Wrenn, President of the United States National Lawn Tennis Association, and George T. Adece, who is slated to succeed him in office next month, declare that if reports from California are true to the effect that Maurice E. McLoughlin and Thomas C. Bundy have a sporting goods store in Los Angeles, they will forfeit their amateur standing. Such a move, they assert, violates the intent, if not the exact wording, of the amateur rule.

Wrenn, in his office at No. 24 Broad Street, said that there had been considerable correspondence between association officials and McLoughlin and Bundy for the past six weeks. The noted Californians, who had held the national titles and competed on Davis Cup teams, vigorously contended that in entering the sporting goods business they were not transgressing the rule. It had nothing to do with their amateurism. The Pacific States Lawn Tennis Association, of which Dr. Sumner Hardy is the President and also a member of the National Executive Committee, appears to side with McLoughlin and Bundy in that they are not sacrificing their amateur standing, despite the warnings from the National Association.

"If the report be true that McLoughlin and Bundy have gone ahead and entered the sporting goods business," said Mr. Wrenn, "I feel that they have made a very grave mistake. Its consequences may be harmful and far-reaching. I think the tennis fans at large are such that in the near future all our amateur athletic organizations will make it impossible for an amateur to teach his athletic fans without incurring the penalty of being immediately classed as a professional."

Wrenn and Adece said that the action of McLoughlin, the foremost American tennis player, had touched a raw nerve that was bound to result in an explosion which would force the tennis governing bodies as far as tennis is concerned. They referred to the work of the recent meeting at the Hotel Astor at which the action of McLoughlin, the foremost American tennis player, had touched a raw nerve that was bound to result in an explosion which would force the tennis governing bodies as far as tennis is concerned. TEX RICKARD WHO WILL FINANCE A WILLARD-MORAN MATCH WITH A \$45,000 PURSE.

Morris County Golf Club Will Spend \$250,000 on New Home and Changes in Links

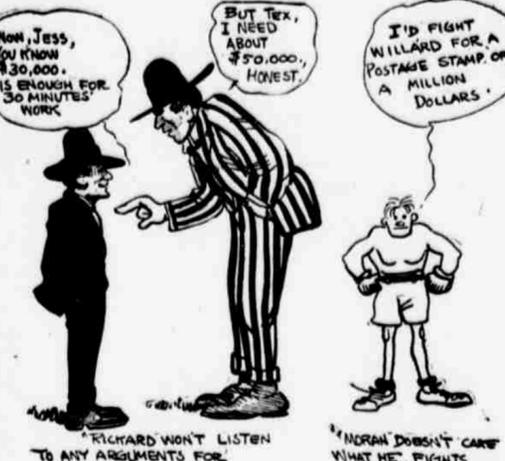

The Morris County Golf Club announces to-day that it will alter its links and build a new club house, to replace the one destroyed by fire, at a cost of a quarter of a million dollars. The new home will be on the north side of the Lackawanna Railroad and the trolley tracks, and will be approached by an ornamental bridge. The club recently purchased a tract of land from the estate of H. McK. Twombly, adjacent to the links, and this will be used for the additional holes planned.

Giants' Price \$2,000,000, But Sinclair Says That's More Than He Will Pay

Harry Sinclair, the Oklahoma oil millionaire who conducted the peace negotiations between the Federal League and organized ball, comes out point blank to-day and says that he's anxious to buy the Giants, but there's a wide difference in the price. He's willing to pay and the sum President Hemptstead asks for his 52 per cent of stock. Sinclair says that the Giants' club has been valued at nearly \$2,000,000 by its owners, a price that is out of reason in the opinion of the oil man.

Fistic News and Gossip

The numerous requests made by Mike Gibbons of the Boxing Commission of Minnesota that they permit a decision to be rendered by the referee in his ten-round contest with Young Ahearn at the Capitol City A. C. of St. Paul on next Tuesday night, will probably be granted as promoter Dew is also in favor of the fight. Gibbons says that the reason for asking for a decision in the bout is because he is afraid that the Eastern papers will give him the worst of it if the bout goes the limit.

Broadway Arcade Drops First Game With "Mets," But Captures Next Two

Joe Sabby Saves Night for Home Talent in Evening World Bowling Tourney by Clever Rolling in Second Session.

SCHEDULE TO-NIGHT. Hunts Point at Bronx Palace.

AFTER losing the first game to Riddell's Metropolitan trio, Louis Stein's Broadway Arcade pin knights gathered the next two sessions on their home strips in the Evening World three-man amateur tourney last night, rolling a new high team score of 619 for the Arcade in the middle affair.

News of Sports Told in Shorts

The big event of the New York A. C. indoor swimming races last night was the 100-yard Metropolitan Championship. Owing to previous trials the starters had been allotted to three New York men—Herbert E. Volmer, T. H. Carr, and Philip Herbert. After a grand display of the crawl stroke Volmer won by 17 feet from Carr, with Herbert a close third. The time was 55 1/2 seconds. It is the fastest ever achieved for the Metropolitan indoor title and a full second better than the top notch figures made by Daniels in 1911.

HORSEMEN WON'T GIVE UP SPEEDWAY WITHOUT A FIGHT

Road Drivers' Association Protest Park Commissioner Ward's Recommendation.

THE Road Drivers' Association is up in arms over Park Commissioner Cabot Ward's recommendation that the handsome Harlem River Speedway be paved and thrown open to autos and general traffic. At the annual meeting of the above-named organization, held in its club-room in Dyckman Street, last night, the members showed considerable bitterness over Ward's idea.

As showing the wide public interest in the speedway, apart from that of the owners of horses, S. B. Neff, one of the officers of the Road Drivers' Association, stated that the twenty-five harness racing matinees held last year attracted more than one hundred and fifty thousand spectators to the track.

The association has retained J. Campbell Thompson to look after the legal aspect of the matter, and arranged for the organization to send a representative delegation of amateur horsemen to go to Albany whenever there is a public hearing concerning the bill now pending in the Legislature. In the selection of officers for the new year George Stamburger was chosen president; Herman J. Wright, vice president; John Farley, second vice president; John Duffy, third vice president; and R. O. Curtis, secretary and treasurer.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years due to nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell. In a recent discovery Dr. E. S. Sauer, Specialist of this city, said: "I will give an actual blood test on all people who are ill you would probably be greatly astonished at the astounding results. One is too thin, another is burdened with a heavy load of iron, and another is suffering from a lack of iron. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin, another is burdened with a heavy load of iron, and another is suffering from a lack of iron. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions."
